TO THE QUEEN'S MOST EXCELLENT MAJESTY.

Poor Law Board, Whitehall,
14th May 1867.

MAY IT PLEASE YOUR MAJESTY,

We, the Poor Law Board, beg leave to present to Your Majesty the following Report of our proceedings during the past year.

We desire to submit, in the first instance, the following statements showing the condition of pauperism during that period.

Expenditure for Relief during the Year ended at Lady-day 1866.

The sum of 6,439,515*l.* was expended for the relief of the poor during the year which ended on the 25th of March 1866, being 174,554*l.* more than the sum expended during the preceding year.

The following Table shows the comparison of the expenditure of the parochial years 1864–65 and 1865–66 :—

Years ended Lady-day.	Expended for Relief of the Poor in England and Wales.	Increase in 1866, as compared with 1865.	Increase per Cent.	Rate per Head on Population.	Increased Rate per Head.
	£	£		*s.* *d.*	*s.* *d.*

The "other expenses" comprehend the cost incurred for emigration, for extra medical relief and fees, and for the burial of paupers, &c.

The rate per cent. of the increase and decrease in the expenditure for relief, as regards each union county respectively in England and Wales, is as follows :—

Estimate of the Pauperism of England and Wales.

The persons in receipt of relief in certain parishes incorporated under Gilbert's Act, or in single parishes still governed by the statute 43d Elizabeth, (the population of such parishes being about 180,000,) are not included in the summaries given in the preceding page, no returns having been received from them.

We have, therefore, made an estimate of the number of paupers in the places not included in the above summaries; and for the purpose of showing the average number *at one time* during each year, we have taken the mean of the numbers in receipt of relief on the 1st of July and the 1st of January respectively.

Estimated Pauperism of England and Wales.

The result of this estimate for each year from 1849 (being the first year for which it can be given) to 1866 appears in the following Table, which may be taken as exhibiting the pauperism of England and Wales.

Years ended at Lady-day.	Population of England and Wales. *	The Mean Number of *Paupers of all Classes* (including Children) at one time in receipt of Relief in England and Wales.			Ratio per Cent. of Paupers relieved on the Population.	The Mean Number of *Adult Able-bodied Paupers* (exclusive of Vagrants) at one time in receipt of Relief in England and Wales. Insane Paupers, 1st January 1866.

We have caused the lists of lunatics, idiots, and other persons of unsound mind, chargeable to the poor rates on the 1st January 1866, to be tabulated.

It appears from these returns that in 663* Unions and single Parishes under Boards of Guardians, there were 39,827 insane paupers, of whom 29,617 were lunatics and 10,210 idiots. The number of paupers, inclusive of the insane, was on the same day 924,813.†

In regard to the sexes of the insane paupers, it will be seen that 17,437 were males, and 22,390 females.

Insane Paupers.	Males.	Females.	Total.
Lunatics - -	12,763	16,854	29,617
Idiots - -	4,674	5,536	10,210
Total - -	17,437	22,390	39,827

These paupers were maintained in the following establishments; viz.—

21,986 in County or Borough Lunatic Asylums.
1,288 in Registered Hospitals, or in Licensed Houses.
9,973 in Union or Parish Workhouses.
993 in Lodgings, or Boarded out.
5,587 resided with their Relatives.

The number of Insane Paupers in each Union-County is set forth, with other particulars, in the Appendix at pp. 348 *et seq.*

Increase in the Expenditure for Relief;

In our last Report we noticed a decrease of 158,422*l.* in the expenditure for the relief of the Poor in the year ending at Lady-day 1865, as compared with the previous year. We regret to

observe that instead of the decrease being continued in the year ending at Lady-day 1866, the Tables in the foregoing pages show that as compared with the expenditure of the previous year an increase of 174,554*l.* has taken place, and the returns of the number of paupers to a later date lead to the conclusion that a further increase in expenditure has since occurred. The total annual sum expended in the relief of the poor now exceeds what it was when the Poor Law Amendment Act was passed; and it is almost as high as during the year of the distress in the manufacturing district. It should at the same time be observed, that the population of the country having increased according to its present estimated amount from 14,372,000 in 1834 to 21,100,000 in 1866, the rate of expenditure per head on the population is in the latter year 6*s.* 1¼*d.* only, whereas in 1834 it was 8*s.* 9½*d.*; and there can be no doubt that, owing to the accumulation of wealth and the increased value of the property of the country, the pressure of the burden on the ratepayers is now considerably less than it was in 1834. It is nevertheless incumbent on the Guardians of the several Unions to exercise vigilance in the administration of the funds intrusted to them, and, while providing for the due relief of destitution, to guard against abuse, or unnecessary expenditure.

In the Metropolitan Districts.

The greatest rate of increase in the last year appears from the Table at p. 7 to have occurred in the Counties or Divisions of Counties in the Metropolitan District.

The rate of increase in the Metropolitan parts of the following Counties is,

Kent - - - -	16·4 per cent.
Middlesex - - -	7·9 „
Surrey - - - -	5·2 „
Average of the Metropolis -	7·8 „

Of the extra Metropolitan portion of the same counties, the rate is,

Kent - - - -	5·0 per cent.
Middlesex - - -	4·1 „
Surrey - - -	6·2 „
Average of the Extra-Metropolitan District - -	5·2 „

Increase in Pauperism of Metropolitan Districts.

Large, however, as this increase appears to be, the returns of the number of paupers for the several quarters of the year in the Metropolitan Districts (pp. 346–347) show a more serious increase in pauperism of the metropolis. The average increase in the number of paupers in the year 1866 as compared with the previous year is,

In the Lady-day quarter - - -	1·8 per cent.
„ Midsummer „ - - -	8·4 „
„ Michaelmas „ - - -	16·3 „
„ Christmas „ - - -	19·5 „

This large increase in pauperism appears to arise from circumstances which apply chiefly to the Metropolis, and not to have been accompanied by an increase to the same extent in other parts of the country. Probably it may in a great measure be attributed to the convulsions of trade which have occurred in the last year, and which, particularly in Poplar and in the Parishes bordering on the river, have produced much distress among the labouring classes connected with ship building, and the shipping trade generally.

Increase in the Salaries and Rations of Officers.

We think it right also to draw attention to the increase which has of late years taken place in the expenditure under the head of "Salaries and Rations of Officers," as shown by the following Table :—

Salaries and Rations of Officers.

Lady-day 1853	596,162

„ 1864	696,098
„ 1865	706,529
„ 1866	730,704*

It will be seen that in the year 1853, the earliest at which the Poor Rate Return gives this item separately, it amounted to 596,162*l.*, and that since then there has been a gradual and continuous increase, and that in the year ended at Lady-day 1866 it amounted to 730,704*l.*, showing in the progress of fourteen years an increase of 134,542*l.* This increase may be partly attributed to the higher salaries given to the medical officers with the object of improving the administration of medical relief; to the additional duties imposed upon the officers of Unions, and especially the clerks, by recent legislation, which necessarily involve additional payments to them; and probably in some measure to the desire of the Guardians to reward by higher salaries the officers who have been long in their service, and have faithfully discharged their duties. These circumstances, taken together, constitute grounds for an increased expenditure which it would be difficult to resist, and which no doubt adds to the efficiency of the administration of the law.

We can only advise that the Guardians, in their desire to act liberally towards their officers, should not overlook the neces-

sity of economizing the funds of the ratepayers as far as practicable.

Workhouse Infirmaries.

The condition of the workhouse infirmaries and sick wards, particularly in the Metropolis, has engaged our serious attention, and has been the subject of much inquiry and repeated consideration. With the view of securing the proper management of this important branch of workhouse administration the general orders of the Board have made it the duty of the visiting committees of the workhouses to inquire and report weekly to the Guardians whether regular attendance is given by the medical officers, whether the inmates of the sick wards are properly tended, and whether the nurses are efficient. The orders also require the medical officers to report to the Guardians, in writing, any defect which they may observe in the arrangements of the infirmary, and in the performance of their duties by the nurses of the sick. So far as any regulations could effect such a purpose these regulations might have been deemed sufficient to ensure the detection and removal of defects and abuses; and in the inquiries made before Committees of the House of Commons on the subject of medical relief no evidence was given nor allegation made that in the metropolitan workhouses the medical attendance or nursing was insufficient, or that the sick themselves were neglected. In the beginning of the year 1865, however, the death of two inmates in the workhouses of the Holborn Union and of the Parishes of St. Giles-in-the-Fields, and St. George Bloomsbury, led to official inquiries into the treatment which they had received in their illness. These inquiries disclosed serious defects in the state and management of the sick wards, and the publicity given to them led to further complaints and attracted general notice. We had interviews on the 14th of April and on the 26th July 1866 with large and influential deputations on behalf of the association formed for improving the treatment of the sick poor in the workhouses, who urged strongly the necessity of measures being adopted without delay for improving the accommodation and treatment of the sick poor by an enlargement of the buildings, and by additional medical attendance and the appointment of a sufficient staff of nurses. About the same time also some of the medical gentlemen connected with the publication called the "Lancet" instituted a general investigation into the state of the infirmaries or sick wards of the several workhouses in London, and their reports were published during the following autumn and winter in that journal. With every desire to remedy any abuses that existed, and to place the arrangements for the treatment and care of the sick poor on a proper footing, we still considered that we should not be justified in taking any measures for this purpose without a special inquiry undertaken by officers responsible to the Board, and we therefore instructed Mr. Farnall, who was at that time the Inspector of the District, and Dr. Edward Smith, also a Poor Law Inspector and Medical Officer to the Board, to insti-

Inquiries of Mr. Farnall and Dr. E. Smith.

tute a full and searching inquiry into the state of the Infirmaries and sick wards of every workhouse in the district, and to report to the Board with as little delay as possible the result of their inquiry.

The inspection was completed on the 1st of June, and Mr. Farnall's report is dated on the 12th, and Dr. Smith's on the 19th of that month.

The inspectors agreed in stating that various defects existed in the accommodation and arrangements in the infirmaries and sick wards, but they did not precisely agree in the remedy which should be adopted. They also based their recommendations upon different views, as to the cubic space which should be allotted to each inmate of a sick ward.

Committee on cubic space in Workhouse Infirmaries.

Under the circumstances we thought it advisable to obtain some further advice on the subject. We therefore referred the question of the amount of cubic space which should be allowed to each inmate in a sick ward to a committee, consisting of Sir Thomas Watson, M.D., F.R.S., the President of the Royal College of Physicians, Dr. Acland, F.R.S., Regius Professor of Medicine, Oxford University, Dr. Sibson, F.R.S., Mr. Charles Hawkins, F.R.C.S., Mr. T. Holmes, F.R.C.S., Captain Galton, R.E., who was a member of the Barrack and Hospital Improvement Committee, Dr. Randall, and Dr. Edward Smith, F.R.S., Mr. Corbett and Dr. Markham, Poor Law Inspectors, to investigate the question and report the result to the Board.

This committee, after a careful inquiry, expressed their opinion that a space of not less than 850 cubic feet on an average, with a clear space of six feet across each bed, should be allotted to each sick inmate, and that in wards appropriated to offensive cases the space should not be less than 1,200 cubic feet. For chronic and infirm cases in wards occupied by day as well as night, when a day room also is provided, they considered that 500 cubic feet would suffice; and they accepted as sufficient the space of 300 cubic feet, at present allotted to healthy adults and children, in wards occupied only at night.

Inquiries of Mr. Corbett and Dr. Markham.

We also instructed Mr. Corbett, an inspector of much experience, to undertake a further examination of the several workhouses in the metropolitan district, and we associated with him Dr. Markham, who had recently been appointed as a Poor Law Inspector, a gentleman of high professional standing.

The inspectors immediately proceeded to visit the whole of the workhouses in the Metropolis in succession, and on the receipt of each of their reports we at once addressed a letter to the Guardians of the Union or Parish, drawing their attention to the points in which the Workhouse, and especially the sick wards, and their management, were stated to be defective; and we requested that they would immediately take measures for remedying these defects, and for limiting the number of beds in each ward to that which had been previously suggested by Dr. Smith.

We have much satisfaction in stating that the communications which we addressed to the Guardians met generally with favourable consideration; and that much has been done to improve the arrangements for the treatment and care of the sick, so far as the existing accommodation admitted of it.

Necessity for further legislation as regards the Metropolis.

It, however, appeared to us that to place matters on a perfectly satisfactory footing further legislation was required.

Mr. Corbett and Dr. Markham reported that in 24 Unions and Parishes the existing workhouses were such that by partial reconstruction or addition they might be made adequate for all the requirements of a workhouse. With respect to the Workhouses of the remaining 15 Unions and Parishes they were of opinion that although not capable of adaptation to all the purposes of a workhouse they might properly be used for the reception of one or more separate classes of the poor. But it appeared necessary to remove from the workhouses cases of fever or small-pox, the imbeciles and harmless lunatics, and also the children; and the establishment of separate hospitals or asylums for these classes, of dispensaries for the administration of medical relief to the out-door poor, and also of buildings for the sick or other classes of the poor in Unions or Parishes whose workhouses were inadequate and incapable of enlargement, objects which could not be effected without special legislation. The existence also of Local Acts of Parliament regulating the administration of relief in many of the larger parishes of the Metropolis was an obstacle in the way of the introduction of one uniform system of administration, which could not be removed except by the authority of Parliament. This point had already been noticed by the Committee of the House of Commons on Poor Relief, who in their Report in 1864 stated, "that it is necessary to the uniform action of the "Poor Law that the central authority should have the same "powers in Unions and Parishes now acting under Local "Statutes or under the Gilbert Act as in Unions or Parishes "constituted under the Poor Law Amendment Act."

It also appeared necessary, as the contemplated improvements would occasion a considerable outlay, to relieve the poorer parishes of some of the liabilities which would otherwise be imposed upon them. In the Report made by the Select Committee on Metropolitan Local Government during the last Session it is stated that—

"So heavy is the charge of local taxation become in the less "wealthy districts that the Metropolitan Board is of opinion "that direct taxation on the occupiers of property there has "reached its utmost limits."

The same view was also expressed by some of the witnesses before the Committee of the House of Commons on Poor Relief, already referred to; and the Committee in their Report expressed the opinion that in any legislation to extend the area of charge or management of the poor of the Metropolis, it would be necessary to have regard to the peculiar circumstances of the district.

The same views were also strongly pressed upon the Poor Law Board by a large deputation which attended before them from the parishes at the east end of London and from those on the south of the river.

The Union Chargeability Act which in the Unions throughout the country has effected a material diminution of the charge in the more pauperized Parishes, and equalized the pressure of the burden over the whole Union, has had only a partial effect in the Metropolitan District in which the Parishes being very large and populous generally administer the law for the relief of the poor separately.

We, therefore, on full consideration of the subject, thought it desirable that those charges which were to a certain extent limited in their nature, and could not give rise to extravagant expenditure, should be provided for by a fund raised by contributions from the several Unions, Parishes, and places in the Metropolis according to their annual rateable value. These charges would include the relief of persons suffering from fever or small-pox, of lunatics or imbeciles who had hitherto been maintained in asylums and workhouses, the maintenance of children in district or separate schools, the salaries of medical and other officers, and the fees for registration and vaccination.

A Bill to carry these several objects into effect was introduced into the House of Commons early in the present Session, and with some modifications passed both Houses of Parliament, and received the Royal Assent.

We have already taken steps to bring the provisions of the measure into operation, and we are now engaged in completing the necessary arrangements so as to effect a result as generally satisfactory and beneficial as possible.

New Workhouses.

We insert in the Appendix, pp. 383 *et seq.*, the usual list of the orders issued by us during the year 1866 for the erection of new workhouses, or for the enlargement and improvement of existing workhouses, according to plans to which our approval has been given.

We are happy to state that in the Unions of Holyhead and Anglesey, where the want of workhouse accommodation has long been felt, the Guardians have consented to take the requisite measures for providing new workhouses, and the proceedings for this purpose are now in progress.

Cooking in Workhouses.

We transmitted on the 14th September last to the Guardians for their consideration a copy of a communication which we had received from our medical officer Dr. Smith upon the subject of cooking in workhouses, and we requested their attention to the suggestions contained in it, being of opinion that proper care and skill in the preparation of the food for the inmates of the workhouse would not only be attended with increased comfort to them, but with saving in expense and consequent advantage to the ratepayers. A copy of this communication is inserted in the Appendix, p. 395.

We also insert in the Appendix, p. 381, the particulars of a school which we have certified during the past year, under the authority of 25 & 26 Vict., c. 43, as fitted for the reception of children who may be sent to it by the Guardians under the provisions of the Act. The statement is in continuation of that contained in our report of the previous year, p. 306. Certified School.

We have been called upon in some few cases to put in force the provisions of the 14th Section of the Act of last Session (29 & 30 Vict. c. 113.) with reference to the removal of children from workhouses to schools of the religion to which they belong.

The usual statement as to the number of poor persons who have emigrated to the British Colonies at the cost of the poor rate, and of the sums authorized to be expended for the purpose during the year 1866, is inserted in the Appendix, p. 382. The total number of emigrants was only 18. Emigration.

A statement will be found in the Appendix, pp. 358 *et seq.*, showing the daily average number of children attending workhouse schools in England and Wales, as well as the number attending district schools, during the half year ended at Lady-day 1866; and also the amount of money paid from the parliamentary grant, in respect of the salaries of the schoolmasters and schoolmistresses, for the year ended at the same period. The transfer of children from small Workhouses.

The reports which we have received from the inspectors of schools give on the whole a favourable account of the state and progress of education and the efficiency of the schools, particularly of the district and separate schools, and also of many of the schools in the workhouses. In some, however, of the latter schools the number of children is so small as hardly to afford sufficient occupation even for one teacher. It is possible that in many of these cases advantage may be taken of the alteration of the law which was effected by the Act passed in the last Session of Parliament, 29 & 30 Vict. c. 114. s. 16. That section repealed the provisions in previous statutes which limited the distance within which children might be sent to any district school from a Union or Parish not combined in the district, or from one workhouse to another. The children may therefore now be transferred from any small workhouse to a district school or neighbouring workhouse in which an efficient school has been established, and a better education may by this means be ensured for the children, and at a less expense, than would be incurred by the continued maintenance of several small separate schools.

District Schools.

The limit imposed upon the combination of Unions for the establishment of district schools by the 7 & 8 Vict. c. 101. s. 40. and the 11 & 12 Vict. c. 82. s. 1. still prevents any material extension of that system; but we are happy to state that the question of the formation of school districts in the neighbourhood of the Sunderland Union in the county of Durham, and of the Sleaford Union in the county of Lincoln, have been under the consideration of the Guardians of those Unions, and that steps have been taken to bring the subject before the Guardians of some of the neighbouring Unions. Any measures for the improvement of the education and the moral and industrial training of the children in the workhouses would obtain our cordial co-operation.

Appointment of Elder Scholars to be Assistant Teachers.

We have assented to a trial of the system of appointing in some of the large district or separate schools a few of the oldest and most intelligent boys and girls as assistant teachers with small weekly allowances. When they have attained a sufficient age and experience, and have qualified themselves by their attainments to pass the usual examination before the School Inspectors and to receive a certificate of permission, they will be entitled to be allowed such salaries as the certificate will give them according to the usual scale, and these salaries will be repayable out of the grant voted by Parliament for such payments. We have also placed on what appears to us an equitable footing the payments to the Guardians on account of the salaries of industrial instructors in the schools. The system of combining industrial with mental instruction appears to us very valuable, not only as teaching the boys and girls a trade or occupation by which they may in subsequent years earn a livelihood, but more especially in improving and strengthening their physical as well as their

mental faculties, and promoting habits of industry and application. From returns which have been obtained by Mr. Wodehouse it appears that a comparatively small proportion of the boys sent out to service from the Kirkdale schools belonging to the parish of Liverpool, and from the Swinton schools belonging to the township of Manchester, continue in the employment in which they had been instructed in the schools.

Vaccination.

A summary of the returns received from the several Unions and Parishes in England and Wales of the number of persons vaccinated by the public vaccinators during the year ended at Michaelmas last is given in the Appendix, p. 392. This summary shows the number of persons vaccinated during the year have been 460,089. The summary also shows that the number of cases in which the vaccination has been successful is 454,885. The births during the year in the several Unions were 743,859.

Outbreak of Cholera.

In consequence of the outbreak of cholera which occurred in the summer of last year, the Lords of Her Majesty's Privy Council, by an Order dated the 14th July 1866, directed that the provisions of the Acts for the prevention of diseases should be put in force within the whole of England, and they subsequently issued directions and regulations for carrying into effect the provisions contained in the 6th Section of 18 & 19 Vict. c. 116.

We transmitted on the 24th of July to the Guardians of the several Unions and Parishes not within the Metropolis copies of these regulations, and we requested the immediate attention of the Guardians to them, so that in the event of the epidemic appearing within their Union or Parish the regulations might immediately be put in execution.

We also, on the following day, transmitted to the Unions and Parishes in the Metropolis copies of the directions and regulations of the Privy Council applicable to that district; and we accompanied them with a circular letter, pointing out that, although under the 23 & 24 Vict. c. 77. s. 11. the duty of carrying the regulations into execution devolved on the vestries and district boards constituted by the 18 & 19 Vict., this did not remove from the Guardians the responsibility of relieving the destitute poor; and that as the epidemic would necessarily create much additional suffering among the poorer classes the Guardians would be fully justified in providing such medical and other assistance as the emergency might require. We have every reason to believe that wherever this serious epidemic has shown itself the Guardians and their officers have fully done their duty in this respect; and we have sanctioned in many instances payments to the medical and other officers, which their services on the occasion fully merited.

Houseless Poor in the Metropolis.

We insert in the Appendix, p. 137, a statement of the sums repaid to the Guardians of the several Unions and Parishes in the Metropolitan District by the Metropolitan Board of Works, both on account of their expenditure in providing and maintaining the wards for the accommodation of the houseless poor, under the 27 & 28 Vict. c. 116. and 28 Vict. c. 34., as allowed by us,

and in the actual relief of such poor, as certified by the auditor, during the half years ended at Lady-day and Michaelmas 1865 and 1866.

The total amount expended in providing and maintaining wards for the accommodation of the houseless poor was in the half years ended at—

	£	s.	d.
Lady-day 1865	4,487	16	11
Michaelmas „	1,929	13	6
Lady-day 1866	3,966	5	8
Michaelmas „	4,078	3	7

And the total sum expended in actual relief of such poor was in the same periods—

	£	s.	d.
Lady-day 1865	734	5	3
Michaelmas „	1,189	6	5
Lady-day 1866	1,357	18	11
Michaelmas „	966	18	9

We have had prepared from the returns made to this office statements of the number of casual paupers relieved in the vagrant wards during the month of December 1865 and 1866 and January 1866 and 1867. The total numbers shown by these returns are—

	Males.	Females.	Children.	Total.
In Dec. 1865	19,208	12,682	4,271	36,161
Jan. 1866	20,389	11,506	3,601	35,496
Dec. 1866	27,638	10,494	2,957	41,089
Jan. 1867	35,871	9,848	2,708	48,427

It will be observed that in the two latter months the numbers relieved very largely exceed those in the corresponding months of the previous year, particularly in January 1867, when, owing to the severity of the weather, much distress existed among the labouring classes. The average number relieved in each night in January 1866 was 1,145; in January 1867, 1,563. The accommodation provided in the several wards being for 2,136 persons appears to have been ample. The returns, however, do not show precisely the largest number admitted in any one night. The reports of the police officers as to the state of the wards on the periodical inspection of them have been generally satisfactory.

Increase of Vagrancy generally.

We regret to state that we have received memorials from the Guardians of a large number of Unions throughout the country complaining of the increase of vagrancy, and urging that measures should be adopted to discourage the mere vagrant or mendicant, and at the same time to enable Guardians to administer better relief to wayfarers travelling in search of work or other legitimate objects. Tasks of work to be performed by this class of paupers in return for the food and lodging supplied to them have already been sanctioned by us in nearly all the

Unions throughout the country, pursuant to the provisions of 5 & 6 Vict. c. 57. s. 5.; but the question whether any further regulations can be put in force for the better administration of relief to this class of persons is receiving our careful attention.

Public Works, Manufacturing Districts.

We insert in the Appendix, pp. 138–145, copies of reports received from Mr. Rawlinson on the subject of the further proceedings which have taken place in the manufacturing district, under the Public Works (Manufacturing Districts) Acts 1863 and 1864. We refer to the reports themselves for the particulars of those proceedings.

We have the satisfaction of stating that the payments on account of the principal and interest of the loans advanced by the Public Works Loan Board under the Acts referred to have, with some few exceptions from time to time, been made with due regularity.

Remuneration to Clerks for services under the Union Chargeability Act.

We have received applications from several Boards of Guardians for our sanction to the remuneration which they proposed to allow to their clerks or other officers for their services under the Union Chargeability Act, particularly with reference to the inquiries made by them into the settlement of paupers and the proceedings for their removal. We have thought that as the extent to which those services would be required is uncertain, and even the continuance of the law relating to the removal of paupers on its present footing a matter of some doubt, it would be better to compensate the officers by a special payment proportioned to the services actually rendered than by a permanent increase in their salaries, and we have accordingly sanctioned such payments in many cases. Although the Guardians are fully entitled to avail themselves of the powers granted by the Act referred to for the removal of paupers chargeable to the Union who are settled elsewhere, if they think it for the benefit of the Union to do so, we are, nevertheless, desirous of again drawing attention to the observations on this subject which are contained in the Board's Circular Letter of 6th April 1866. We trust that while the Guardians take measures to relieve the ratepayers from any charges of which the law still authorizes the removal, they will not carry the provisions of the laws relating to the removal of the poor into execution so as to operate with severity or harshness on the persons who are subjected to those provisions.

General Order of Accounts.

We have completed during the past year the revision of the General Order of Accounts rendered necessary by the provisions of the Union Chargeability Act, and we issued the Order on the 14th of January last to the several Unions throughout the country. A copy of the Order and of the Circular Letter which accompanied it will be found in the Appendix, pp. 51–126.

General Order as to Collectors for Guardians.

We have also issued a General Order authorizing the appointment of more than one collector for the Guardians when they find it necessary, and another General Order making various alterations in the regulations for the election of Guardians under the Poor Law Amendment Act. Copies of these Orders and of

the Circular Letters relating to them are inserted in the Appendix, pp. 42 and 126.

Legislation.

We issued on the 6th of December last a Circular Letter bringing under the notice of the Guardians the provisions of the several Acts passed in the last Session of Parliament which were connected with the relief of the poor.

29 & 30 Vict. c. 113. 29 & 30 Vict. cc. 41, 78, 90, 102, 118.

These were the 29 & 30 Vict. c. 113., termed the Poor Law Amendment Act of 1866, and the 29 & 30 Vict. cc. 41, 78, 90, 102, and 118.

The Act first mentioned contains some amendments which were required in the law as regards the superannuation of Poor Law officers, the audit of accounts, the expenditure in the erection or alteration of workhouses, and in proceedings for emigration, the arrangements for sending children not belonging to the Established Church from a workhouse or district school to schools established for the maintenance and education of such children, and various other miscellaneous provisions for the particulars of which we refer to the circular itself as given in the Appendix, p. 46.

We also refer to the same circular for an explanation of the provisions of the other Acts above mentioned, so far as they affect or apply to the duties of the Guardians or the administration of the laws relating to the relief of the poor, except the Sanitary Act, 1866, 29 & 30 Vict. c. 90.

Continuance of the Poor Law Board.

The period for which the continuance of the Poor Law Board was authorized by Act of Parliament expiring at the end of the present Session of Parliament, its further continuance was provided for in the 29 & 30 Vict. c. 102., by which it is continued to the 23d July 1867, and the end of the then next Session of Parliament. This Act also continued the exemption of stock in trade from assessment to the poor rate for another year.

All which we humbly present to Your Majesty.

GATHORNE HARDY,

President.

APPENDIX.

No. 1.

THE UNION CHARGEABILITY ACT, 1865.—GENERAL ORDER prescribing certain Alterations in the GENERAL CONSOLIDATED ORDERS.

To the Guardians of the Poor of the several Unions named in the Schedules hereunto annexed ;—

To the Churchwardens and Overseers of the several Parishes and Places comprised within the said Unions ;—

To the Clerk or Clerks to the Justices of the Petty Sessions held for the Division or Divisions in which the Parishes and Places comprised within the said Unions are situate ;—

And to all others whom it may concern.

WHEREAS by reason of the passing of the "Union Chargeability Act, 1865," it is expedient that certain alterations should be made in the General Order of the Poor Law Commissioners, bearing date the 24th day of July 1847, issued to the several Unions named in the Schedule (A.) hereunto annexed, and in the similar Orders made and issued by the said Poor Law Commissioners and the Poor Law Board respectively to the several Unions named in the Schedule (B.) hereunto annexed.

Now therefore, We, the Poor Law Board, in pursuance of the powers given in and by the Statutes in that behalf made and provided, hereby, from and after the seventh day of March next, rescind the following articles in the said Orders ; that is to say :—

"Art. 81.—The Clerk shall, four weeks at least before the twenty-fifth day of March and the twenty-ninth day of September respectively in each year, refer to and ascertain the cost to each Parish in the Union for the maintenance of the Poor, and other separate charges, as well as for the common charges incurred in the half of the last year corresponding to the half year next coming, and shall estimate and, as near as may be, divide amongst the Parishes any extraordinary charges to which the Union may be liable in the coming half year, and he shall also estimate the probable balance due to or from the Parish at the end of the current half year, and shall then prepare the orders on the several Parishes for the sums which, upon such computation, it shall appear necessary for them to contribute to the expenses of the Union for the coming half year; and the orders so prepared shall be laid before the Guardians, for their consideration, three weeks at least before the expiration of the current half year."

"Art. 82.—The Guardians shall make orders on the Overseers or other proper authorities of every Parish of the Union, from time to time, for the payment to the Guardians of all such sums as may be required by them for the relief of the Poor of the Parish, and for the contribution of the Parish to the common fund of the Union, and for any other expenses chargeable by the Guardians on the Parish ; and in such orders the contributions shall be directed to be paid in one sum or by instalments, on days specified, as to the Guardians may seem fit."

So much of the Articles in the said Orders as requires the Clerk of the Guardians—

"To conduct all applications by or on behalf of the Guardians to any Justice or Justices at their Special, Petty, or General Sessions, and if he be an attorney or solicitor, to perform and execute all legal business connected with the Union, or in which the Guardians shall be engaged, except prosecutions at the assizes, actions at law, suits in equity, or parliamentary business, without charge for anything beyond disbursements."

And so much of the said Orders as prescribes the Forms in the Schedules to the said Orders, termed "Order for Contributions," "District Medical Relief Book," "Register of Births in the Workhouse," and "Register of Deaths in the Workhouse."

We hereby order, from and after the said seventh day of March next, as follows :—

Art. 1.—The Clerk shall, as soon as convenient before the 25th day of March next, and thenceforth four weeks at least before the 29th day of September and the 25th day of March respectively in each year, estimate the probable amount of the expenditure in the relief of the Poor, and other charges by the Guardians on behalf of the Union, as well as any separate expenditure chargeable against any Parish therein during the then next ensuing half year, and estimate the probable balance due to or from each Parish at the end of the current half year, and shall apportion the sums to be contributed by the several Parishes comprised in the Union, according to the law for the time being in force therein, and shall prepare the orders on the Overseers or other proper authorities of the several Parishes for the payment of such respective contributions, and of any such separate expenditure as aforesaid, and the orders so prepared shall be laid before the Guardians for their consideration a reasonable time before the expiration of the current half year.

Art. 2.—The Guardians shall make orders on the overseers or other proper authorities of every Parish in the Union at the commencement of each half year ending on the days above mentioned, and from time to time as occasion may arise, for the payment to the Guardians of all such sums as may be required by them as the contribution of the Parish to the common fund of the Union, and for any other expenses separately chargeable by the Guardians on the Parish ; and in such orders the contributions shall be directed to be paid in one sum or by instalments, on days to be specified in such orders, as to the Guardians may seem fit.

And as regards the duties of the Clerk, We hereby further order that from and after the 25th day of March next it shall be his duty—

Art. 3.—To conduct all applications by or on behalf of the Guardians to any Justice or Justices at Petty or Special Sessions, or out of Sessions, and if he be an attorney or solicitor to perform and execute, without charge for anything beyond disbursements, all legal business connected with the Union, or in which the Guardians shall be engaged, except prosecutions at the Assizes or Quarter or General Sessions, or Central Criminal Court, all other proceedings at the said Quarter or General Sessions, actions and other proceedings in the Superior Courts of Law, suits and other proceedings in the Superior Courts of Equity, and Parliamentary business.

Art. 4.—He shall take care in every case that his bill for legal business against the Guardians shall be duly taxed before the same shall be paid.

Art. 5.—The following Forms shall be substituted for those above mentioned; that is to say:—

No. 2.

UNION CHARGEABILITY ACT, 1865.—CIRCULAR accompanying GENERAL ORDER No. 1.

Poor Law Board, Whitehall, S.W.,
28th February 1866.

SIR,

I AM directed by the Poor Law Board to call the attention of the Board of Guardians to the provisions of "The Union Chargeability Act, 1865," which will shortly come into operation in their Union.

The Board forwarded to the Guardians in July last a copy of the Act, with a remark upon one of its clauses; but it is now necessary that a more complete examination of its provisions should be made, as the great change in the charge for the relief of the Poor which it will effect commences on the 25th of the next month.

From and after that day the separate parochial chargeability of the Poor in the Union will cease. Thenceforth all the cost of the relief of the Poor, and the expenses of the burial of the dead, under the direction of the Guardians or their Officers, Vaccination fees, and Registration fees and expenses, are to be charged upon the Common Fund of the Union.

It is obvious that this enactment entirely puts an end to all removals of paupers between Parishes in the same Union, because there will be no parochial chargeability, and consequently no Parish will be so aggrieved as to be able to obtain an order of removal; but the law of removal has not been totally abolished. The power to remove paupers from Union to Union is retained, though the parties to exercise it are changed.

It is provided, therefore, in Section 2 of the Act, that when any pauper relieved in the Union shall be settled in any Parish in another Union or under a Board of Guardians, and removable, the Guardians of the Union to which he shall be chargeable may obtain an order of removal to the Union or Parish in which he shall be settled, and such Union or Parish shall receive the pauper in like manner and subject to the like incidents and consequences as in the case of parochial orders.

But the modifications necessary to meet the change of the chargeability are to be made in the proceedings.

Powers of appeal and of defence are given to the respective Boards of Guardians in Section 3, and special provision is made for the signature and service of notices and other documents in Section 4.

As the evidence of many settlements depends upon books and other documents in the possession of the Overseers, authority is given to the Board of Guardians to compel their production to them or their Clerk.

But although power is thus given to Boards of Guardians to obtain orders of removal, the Legislature has made provision for avoiding the expense of such proceedings where no necessity exists for them.

It is provided in Section 6, that where the Guardians of any Union or Parish are satisfied that a pauper is settled within, and removable to their Union or Parish, they may consent to receive such pauper without an order of removal.

Henceforth the respective Boards of Guardians will communicate mutually as to the removal of any pauper who may become chargeable, and if the facts be agreed upon and the settlement and removability be admitted, the pauper may be removed without the necessity of any depositions or order of Justices, and consequently without the expense which attends those proceedings.

The Guardians will under these provisions have to ascertain for themselves both the settlement and the removability of the paupers, and where they are removable, the Board of Guardians where the paupers are living will have to remove them.

It will necessarily become a question for the consideration of the Guardians, to determine what course they shall adopt in carrying this measure into execution. The Board recommend them to make no lasting arrangement at present. They think it will be most advisable that the Boards of Guardians should await the experience of some few months at least before they undertake to provide for anything beyond the cases which may arise. But the Board must at once state that they would most strongly object to any proposal for making the master of the workhouse or the relieving officer act as a removing officer.

It is highly injurious to the management and relief of the poor, that either of those officers should be absent from the workhouse or his district for any purpose which is not in the discharge of his regular duties. Neglect of the poor, under such circumstances, is too probable an event to enable the Board to sanction any such arrangement.

The statute has in section 7 made the provision of the Vagrant Act (5 Geo. 4. c. 83.), which renders persons liable to punishment who return to a parish after removal, applicable to the case of removals from Unions.

Such being the new provisions as to the chargeability and the removals of paupers in Unions, the power of removal itself, which has been so much restricted by several statutes during late years, is still more controlled by a provision in section 8, which diminishes the term of residence whereby any person shall become irremovable from three years to one year. This provision takes effect from and after the same 25th day of March, and according to the construction which the Court of Queen's Bench gave to a similar enactment in the 24 & 25 Vict. c. 55., its operation will be retrospective as well as prospective.

This provision will of course have a considerable effect upon the action of the Guardians in procuring the removals of paupers under the previous enactments, and doubtless it will be found that the cases where removals can lawfully take place will be very greatly diminished, when it is remembered that the continued residence for one year in any part or parts of the same Union will render the removal illegal. This privilege is also in addition to the other grounds of exemption which now exist.

The Board have already drawn attention in their previous letter to the provisions for the charges of costs of prosecutions in the Union, which is contained in the 9th section.

As parochial chargeability is abolished, one of the provisions in regard to the place of burial of paupers who die in the workhouse is abrogated, and accordingly the 10th section provides that, for the purpose of the burial of any poor person who dies in the workhouse, that workhouse shall be considered as situated in the Parish in the Union where the pauper resided last previously to his removal to the workhouse. Hence the proper place of burial for paupers who die in the Workhouse will be the Parish in which they were residing when they were removed to the workhouse, subject to such qualification as is contained in the 7 & 8 Vict. c. 101. s. 31.

The Act then requires the Poor Law Board to make such orders as may be requisite to render its provisions applicable to the proceedings and accounts of the Guardians and Overseers.

The Board accordingly have issued the General Order, a copy of which accompanies this letter, making alterations in the General Consolidated Order as they think necessary.

The alterations are not numerous, and will not require any particular explanation, but the Board have given their attention to the general provision relating to the duties of the Clerk. It is most probable that the alteration of the law will simplify the keeping of the accounts in the Union, and thus to some extent diminish the labours of that Officer. But as questions of fact and law, which arise out of the removal and settlement of the paupers of the Union, will now fall within the scope of his duties, and if he be an attorney he must undertake the conduct of the litigation which may arise out of them, the Board have deemed it right to reconsider the terms of the Article in the Consolidated Order which refers to this subject, and have enlarged the exception so as to enable the Clerk to make full charges for much of the business which may arise out of this change in the law. They have also had in their recollection the business which has been cast upon the Board of Guardians and their Clerk, as their professional adviser, in litigations arising out of the Union Assessment Committee Acts.

As the General Order of Accounts requires alteration in several respects, the Board have taken the opportunity of completely revising it; and hope to be able to issue a fresh Order in the course of a short time.

By way of caution, there is in the Act a clause (section 13) to declare that, except as therein provided, no alteration shall be made in the Law of Settlement. It will be seen that though the power of removal is farther controlled, and the right of obtaining orders of removal is transferred from the Overseers to the Board of Guardians, there is no alteration effected by the Act in the Law of Settlement.

The last subject which requires the attention of the Guardians is contained in the 12th section. This relates to the contributions to the Common Fund, and the distribution of the charges of the Union at the close of every half year upon the Parishes in the Union.

The statute 24 & 25 Vict. c. 55. s. 9. required the contributions to the Common Fund to be calculated according to the rateable value of the several Parishes comprised in the Union, and s. 10 referred the Guardians to the County or Borough Rate for a basis; but by the Union Assessment Committee Act of 1862 the Valuation Lists, when approved for all the Parishes in the Union, were substituted as the proper basis for that calculation. Between the time when the contributions are calculated and the end of the half year for which they are

required differences may arise in the Valuations, as shown by the County Rate or the Valuation Lists, and doubts have been entertained as to the proper basis for adjusting the charges upon the several Parishes of the Union. These doubts are removed, and it is now directed that the Guardians shall distribute the charges at the close of every half year in the proportions according to which the orders for the contributions were made at its commencement.

The Board do not anticipate any difficulty in carrying the new enactment into immediate effect, but there is one point farther which they will notice.

The Act provides that the new mode of charge shall take effect from and after the 25th day of March next, and as the 24th of March falls on Saturday, the Board think that the accounts should be finally closed on that day, and that thenceforth the relief of all the Poor of the Union should be charged to the Common Fund as required by the Act.

The Board, in conclusion, desire to remark that no change is contemplated in the classes of the Poor to be relieved, or in the mode or manner of administering the relief. The Guardian of each Parish will, the Board expect, continue to supply to the Board of Guardians such information and advice as he is enabled to do in respect of the poor persons residing within his Parish, whose application for relief is received by the Guardians. Although the entire charge is cast upon the Common Fund raised according to the rateable value of the whole of the Union, the Board do not doubt that in future the Guardians will apply the same careful judgment and discrimination in dealing with the applications made to them, as when the charge for the relief was made upon the Parishes separately.

I am, &c.

The Clerk of the Guardians. *Assistant Secretary.*

SICK WARDS of the METROPOLITAN WORKHOUSES.—CIRCULAR.

Poor Law Board, Whitehall,
20th July 1866.

SIR,

I AM directed by the Poor Law Board to transmit to you, for the information and consideration of the Board of Guardians, the accompanying Reports* of Mr. Farnall and Dr. Edward Smith.

The Board request that these Reports may receive the immediate attention of the Guardians, and more particularly those parts of the Reports which specially refer to the Sick Wards of the workhouse of the

---

The Board entertain no doubt as to the readiness of the Guardians to co-operate with them in efforts to remedy, so far as it may be practicable, any defects which may be shown to exist in connection with the sick wards of the workhouse; and the Board will, in the course of a short time, place an inspector in direct communication with the Guardians on this subject.

I am, &c.

DISEASES PREVENTION ACT, 1855.—CIRCULAR.

Poor Law Board, Whitehall,
27th July 1866.

SIR,

IN consequence of the outbreak of cholera, the Poor Law Board have already transmitted to you, for the information of the Board of Guardians, a copy of the regulations recently issued by the Lords of the Privy Council under the Diseases Prevention Act, 1855, and the Amending Act 23 & 24 Vict. c. 77.

By the provisions of the 23 & 24 Vict. c. 77. s. 11. the Vestries and District Boards under the 18 & 19 Vict. c. 120. are the authorities for carrying into execution those regulations.

But these statutes do not remove from the Boards of Guardians the responsibility which the law has imposed upon them in regard to the relief of the destitute poor. The epidemic will necessarily create much additional suffering, and may probably cause a great increase of destitution among the poorer classes in the metropolis.

The Poor Law Board are satisfied that the Guardians will not relax their exertions because the Vestries and District Boards are made responsible for the performance of the duties created by these regulations; and that the Guardians and their officers will co-operate whenever practicable with those authorities.

The Guardians are fully justified in calling to their aid such medical and other assistance as in their judgment the emergency may require.

---

* These Reports have been published for the House of Commons, Nos. 372, Sess. 1866.

They can also provide those purifying and disinfecting agents which their medical officers recommend as requisite in the dwellings of the sick poor, and such additional sustenance or clothing as the peculiar circumstances may render necessary. In all these respects the powers and obligations of the Guardians remain in full force.

It is inexpedient that the accommodation to be provided for cholera patients should be in the workhouse or on the workhouse premises. As far as practicable, therefore, the admission of cholera patients into the workhouse should be prevented.

The Guardians should procure for themselves and their officers the fullest and earliest information as to the arrangements made by the Vestry or District Board, so that due notice may be given to every person who may require aid from the Guardians of the arrangements applicable to the case, and how and where the requisite attention can be obtained.

The Poor Law Board will pay immediate attention to any communications which the Guardians may address to them, and afford them any assistance in their power in the discharge of the duties and responsibilities imposed upon them.

I am, &c.
GATHORNE HARDY,
President.

To the Clerk of
The Board of Guardians.

VAGRANTS: REMUNERATION TO POLICE OFFICERS.—CIRCULAR.

Poor Law Board, Whitehall, S.W.,
25th September 1866.

SIR,

I AM directed by the Poor Law Board to forward to you, for the information and consideration of the Guardians, a copy of a letter which the Board have received from Sir Richard Mayne, Commissioner of Metropolitan Police, together with a memorandum respecting the remuneration of the police officers employed as assistant relieving officers for vagrants.

The Board request that they may be furnished with any observations which the Guardians may desire to submit to them on the subject of the proposal of Sir Richard Mayne.

18th August 1866.

SIR,

I HAVE to acknowledge the receipt of your letter of the 11th inst., and I enclose, for the consideration of the Poor Law Board, separate memorandums, as desired, of the proposed scale of allowances to the police officers and sergeants employed as assistant relieving officers for vagrants, and in visiting and inspecting the vagrant wards.

I have to repeat, as stated in my letter on the subject to Mr. Farnall, that the officers and sergeants of police greatly dislike the duties, and especially complain of the filth and vermin brought to the police stations by the applicants for relief.

I am, Sir, &c.
RICHARD MAYNE.

Henry Fleming, Esq.,
Secretary to the Poor Law Board.

Metropolitan Police Office, Whitehall Place,
17*th August* 1866.

£26. per annum, or 10*s.* per week, to be divided between the four inspectors or sergeants appointed for each workhouse.

28 Workhouses at £26 ch, £728.

56 Inspectors at £6 10*s.* arly.

COMPLAINTS OF WORKHOUSE INMATES.—CIRCULAR.

Poor Law Board, Whitehall, S. W.,
27*th September* 1866.

SIR,

IT appears to the Poor Law Board very desirable that the inmates of workhouses who may have complaints to make should have full information how and where to make them, so as to insure attention. With this view the Board suggest to the Guardians that a printed notice should be hung up in each ward or room to the effect that any inmate who has a complaint to prefer should either address it in writing to the clerk, or verbally to some member of the visiting committee when on his rounds through the workhouse. The Board further suggest that a book should be kept, in which an entry of all such complaints should be made, together with a record of the steps taken by the Guardians in consequence.

I am, Sir, &c.
H. FLEMING,
Secretary.

The Clerk to the Board of Guardians.

COLLECTOR OF THE GUARDIANS.—GENERAL ORDER empowering GUARDIANS to appoint more than one COLLECTOR.

To the Guardians of the Poor of the several Unions, Parishes, and Places named in the Schedules hereunto annexed ;—
To the Clerk or Clerks to the Justices of the Petty Sessions held for the Division or Divisions in which the said Unions, Parishes, and Places are situate ;—
And to all others whom it may concern.

WHEREAS, by a General Order under the hands and seal of the Poor Law Board, dated the seventh day of October One thousand eight hundred and sixty-five, addressed to the Guardians of the Poor of the several Unions, Parishes, and Places named in the Schedules (B.) and (C.) thereunto annexed, being the same as those named in the Schedules (A.) and (B.) hereunto annexed, the said Poor Law Board ordered and directed the said Guardians, as and when they should see occasion to do so, to appoint a fit and proper person to collect the monies due and payable to such Guardians, to be termed Collector of the Guardians.

And whereas it is expedient that the Guardians of some of the Unions and Parishes should be empowered to appoint more than one such Collector.

Now therefore, We, the said Poor Law Board, acting under the authority of the Statutes in that behalf made and provided, hereby order and direct that as and when any Board of Guardians shall see occasion to do so they may appoint more than one collector for the above purpose.

And We hereby further direct that all the regulations and provisions contained in the said recited Order shall apply to the Collectors to be appointed under the authority of this order.

COLLECTOR of GUARDIANS.—CIRCULAR LETTER accompanying GENERAL ORDER No. 8.

Poor Law Board, Whitehall, London,
30th November 1866.

SIR,

I AM directed by the Poor Law Board to state that since they issued their General Order, dated the 7th day of October 1865, relating to the appointment of an officer to collect the monies due and payable to Boards of Guardians, the Board have been applied to by the Guardians of several Unions to authorize the appointment of more than one Collector.

The Board have, therefore, deemed it advisable to issue another General Order empowering the Guardians in future to appoint more than one such Collector where they find it necessary to do so.

A copy of this Order is transmitted to you herewith.

I am, &c.

To H. FLEMING,

The Clerk to the Guardians. *Secretary.*

No. 10.

POOR LAW ACTS, SESSION 1866.—CIRCULAR.

Poor Law Board, Whitehall, S.W.,
6th December 1866.

SIR,

I AM directed by the Poor Law Board to bring under the notice of the Guardians the several matters affecting the general laws for the relief of the poor, and the conduct of the Guardians, which were the subject of legislative enactment in the last session of Parliament.

The first Act to be noticed, it being exclusively confined to the Poor Law, is the 29 & 30 Vict. c. 113., termed "The Poor Law Amendment Act of 1866." Its title is "*An Act to amend the Act providing superannuation Allowances to Officers of Unions and Parishes, and to make other amendments in the laws relating to the relief of the poor.*" It embraces provisions which deal with the general subject of the superannuation allowances of officers engaged in administering the poor laws, and several other subjects of a miscellaneous character.

First, as to the superannuation clauses. The Guardians are aware that the only officers who were the subject of superannuation allowances under the statute of 1864 were those whose whole time had been devoted to the service of the Union or Parish. Hence it was considered that, at least in Unions, officers engaged in the execution of the Registration Acts were not entitled to such benefits. This question has been removed by the first clause of the new Act, as it provides that the superintendent registrar and the registrar of births and deaths appointed in any Union or Parish shall be deemed to be officers within the operation of the 27 & 28 Vict. c. 42.

At the same time the meaning of the term *salary*, upon which the allowance is to be computed, has been extended so as to include the average annual amount of the emoluments of the officer during the three years concluded at the last quarter preceding the grant of the allowance.

Such emoluments will include the value of the lodging, board, and other advantages enjoyed by the officers of the workhouse, and perhaps some special allowances made to other officers.

As the registrar was not entitled to the benefit of the superannuation allowance, it followed that a relieving officer who was at the same time a registrar was deprived of this benefit. Many cases of hardship arose, as the two offices are very frequently held by the same person; and it was generally believed that in both cases the services were rendered to the Union or Parish. But the second clause removes this matter of complaint, and declares that a relieving officer shall not be disqualified from receiving a superannuation allowance because he had simultaneously held the office of a registrar. The clause acts retrospectively as well as prospectively.

Clause 3. extends the power of receiving superannuation allowance to the officers of district schools.

Secondly, as to the miscellaneous provisions.

Clause 4. relates to the practice of the Poor Law Board and the proof of their proceedings, giving effect to the signatures of the secretaries and assistant secretaries of that Board, as evidence of their acts.

Clause 5. dispenses with the necessity of a formal order of the Board, in the cases of remissions of auditors' surcharges and disallowances, substituting a simpler process for such order.

Clauses 6. and 7. relate to the audit. The former gives to an extraordinary audit when required by the Poor Law Board the same effect as attaches to the ordinary audit. The latter gives to the auditor when required or authorized by that Board, full power at any time to inspect the accounts and books of any guardians, overseer, or officer liable to account to him, and imposes a penalty upon any such guardian, overseer, or officer who shall refuse to allow the inspection or obstruct him therein, or conceal any such account or book.

The Guardians will remember that power is given by the Poor Law Amendment Act of 1834, in sec. 25., to the Poor Law Board, to order workhouses to be enlarged or altered, without the consent of the Guardians, in such manner as they shall deem most proper, but this power was limited so that they could not require a larger sum than 50*l.* to be raised for such purpose in any parish, nor more than one tenth of the average annual amount of the poor rates in the Union, during the three preceding years.

The Board have been prevented from acting upon this power by reason of the limitation thus expressed; and the legislature have, therefore, removed a part of the restriction, by repealing the whole of the proviso referred to, and re-enacting the latter part only. Hence, if the Board should find it necessary, under any special circumstances, to require any workhouses to be enlarged or altered, and fail to procure the consent of the Guardians to their proposal, they can issue an order to enforce its execution, provided they do not require an expenditure exceeding one tenth of the annual poor rate raised in the Parish or Union during the three preceding years.

The Board trust, however, that occasions will rarely occur when it will become necessary for them to exercise this power.

The clause, moreover, provides a remedy for an inconvenience which has often been felt to be very serious. To enable a workhouse of a Union or Parish to be built, since the passing of the Poor Law Amendment Act of 1834, it has been required that this Board should issue an order for the purpose, after receiving the consent of a majority of the whole body of Guardians to the same in writing, and no authority has been found for any addition, alteration, or improvement of the workhouse without another order, to which the like consent in writing was

required. Much delay, and other inconvenience, has frequently occurred in such circumstances, and accordingly it is now provided that the Guardians may, with the consent of the Poor Law Board, enlarge, alter, or improve their workhouse, or the workhouse premises, drainage, or appurtenances, at a cost not exceeding 500*l.*, without the order of that Board. It will only be necessary that the Guardians shall resolve definitely upon the works and the expenditure, and report their proposal to the Board for their consent.

Clause 9. enables funds raised for emigration purposes, and not expended nor required for that object, to be disposed of to the benefit of the parish for which they were raised.

Clauses 10., 11., and 12. relate to the Overseers of the poor in parishes.

A practice, very inconsistent in itself and attended with mischief, as preventing the proper responsibility of parish officers has prevailed in some places of appointing the same person to be both Overseer and Assistant Overseer. A decision pronounced by the Court of Exchequer some years ago has led to the belief that the practice was not illegal; but the many instances of evil consequences resulting from it have induced the legislature now to interfere, and it is enacted, in clause 10, that no person shall be appointed to hold at the same time the offices of Overseer and Assistant Overseer.

Clause 11. enables one Overseer to be appointed in any parish where there are few, or not a sufficient number of, inhabitant householders to fulfil the requirement of the statute 43 Eliz., cap 2., under which two at least must be appointed. In many small parishes there has been much difficulty in this respect, but no material inconvenience arose until the Poor Removal Act of 1861 and the Union Chargeability Act of 1865 came into operation, which rendered every parish liable to contribute towards the relief of the whole of the poor of the Union, according to its rateable value. The owners of certain small parishes sought to prevent these Acts taking effect in them, by objecting to the appointment of Overseers who were not householders in the parish, the result of which objection was to render the enforcing of the contribution impossible.

The Justices are now empowered to make appointments of persons to be Overseers in such parishes in the same manner as they were empowered by the 20 Vict. c. 19., to make appointments of Overseers in extra-parochial places. They may appoint only one Overseer for the parish, or they may appoint a person out of an adjoining parish willing to serve, with or without a salary.

Clause 12. further extends the object of the legislature in the last section, by enabling the same person to hold jointly the offices of Churchwarden and Overseer in any parish.

Clause 13. relates to a different subject and does not affect the duties or functions of the Guardians. It places the county rate levied in parishes which lie partly within a county and partly within a borough in the same condition as the borough rate levied in such parishes, rendering the provisions of 13 & 14 Vict. c. 104. s. 10., and 15 & 16 Vict. c. 81. s. 33. applicable to it.

Clause 14. requires the attention of the Guardians. It provides that if the parent, step-parent, nearest adult relative, or next of kin of any child not belonging to the Established Church, relieved in a workhouse or in a district school, or in default of such person the god-parent of such child, make application to the Poor Law Board, that Board may, if they think fit, order that such child shall be sent to some school established for the reception, maintenance, and education of children

of the religion to which such child shall be proved to belong, and duly certified by the Poor Law Board under the 25 & 26 Vict. c. 43., the Guardians shall, according to the terms of such order, cause the child to be conveyed to such school, and pay the costs of the maintenance, lodging, clothing, and education of the said child therein, and all the provisions of that statute shall thenceforth apply to the said child. The Board, however, have been advised by the Law Officers of the Crown, that this enactment does not extend to illegitimate children.

In the appendices to the several reports of the Poor Law Board issued since the passing of that Act will be found lists of the schools certified by the Board under that statute.

The 15th clause will assist the Guardians in the administration of out-door relief. It will be remembered that the statute 5 & 6 Vict. c. 57. s. 5. enables Boards of Guardians to declare a task of work to be performed in the workhouse, and, when the approval of this Board has been given to it, subjects the pauper who refuses to perform the task to punishment, upon conviction, as an idle and disorderly person within the 5 Geo. 4. c. 83. By the new statute a similar liability is incurred by any person to whom, or to whose wife, if he be liable to maintain such wife, or child, legitimate or illegitimate, under the age of 16, relief *out of* the workhouse shall have been lawfully granted, who shall refuse or wilfully neglect to perform a task of work prescribed by the Guardians, such task being suited to the age, sex, strength, and capacity of such person, and of a nature and description previously approved of by the Poor Law Board. Any such person, also, who shall wilfully destroy or damage any of the tools, materials, or other property belonging to the said Guardians is rendered subject to the same penal consequences.

The cost of such prosecutions are to be dealt with under the provisions of the 7 & 8 Vict. c. 101. s. 59.

The limit of the distance from which children may be sent to district schools, and from one workhouse to another for maintenance, has been removed by clause 16, and no restriction will henceforth exist in cases where the Poor Law Board shall see no ground of objection.

The 17th clause deals with an omission in the Union Chargeability Act of last year, in reference to the removal of paupers. By the 28 & 29 Vict. c. 79. the power of removal was restricted to cases where poor persons had not resided in the same Union or Parish, as the case may be, for one year. For this purpose section 8 of that statute substituted one year for three years in the statute 24 & 25 Vict. c. 55. s. 1., but it left section 3 of that statute unaltered, which required three years residence in the case of a deserted wife. This is now remedied.

The 18th is the usual clause, which contains the interpretation of words and the incorporation of the provisions of previous statutes, but it contains one peculiar interpretation which requires to be noticed.

The word *parish* in many statutes has been defined as including "a place which separately maintains its own poor." This definition, since the establishment of Union Chargeability, would, in a great many cases, be inapplicable, and much confusion might arise. This is prevented by a new interpretation applicable to all statutes, except where there shall be something inconsistent therewith. The word "parish" shall, among other meanings applicable to it, signify "a place for which a separate "poor rate is, or can be, made, or for which a separate Overseer is, or "can be appointed." Hence the word will include those small subdivisions of parishes, and those formerly extra-parochial places where

no poor rate is in fact made, though such a rate can by law be made therein.

The last clause gives the title of the Act, namely "The Poor Law Amendment Act, 1866."

The next Act of the session which requires to be noticed by the Guardians is chapter 41., which amends "The Nuisances Removal and Diseases Prevention Act, 1860." The 16th section of that Act prevented Justices from being incapacitated from acting in cases other than appeals under the said Nuisance Removal Act (*i.e.*, the Act 18 & 19 Vict. c. 121.) on the ground of their being parties to the application or being interested as ratepayers. It was qualified, however, by a provision that they should not act if objected to.

This has proved a serious inconvenience, as where there has been a difficulty in finding Justices to act who were not *ex officio* Guardians of the Union the parties complained of could easily stay the proceedings by objecting to the Justices who were *ex officio* Guardians acting in the matter.

The new Act repeals the clause, but re-enacts it omitting the provision as to the objection and the limitation in reference to appeals, and extending the provision to the Act 23 & 24 Vict. c. 77.

A doubt has arisen upon the Union Assessment Committee Act of 1862, whether section 28., which makes the approved valuation list the basis for the poor rate or other rate based upon the poor rate, applies to the county rate.

It is therefore enacted by chapter 78. that nothing in the 25 & 26 Vict. c. 103. shall apply to any assessment made or to be made by any Committee of Justices under the 15 & 16 Vict. c. 81.

"The Sanitary Act, 1866," which is chapter 90., contains various provision which affect the Guardians in their character of Nuisance Authority, and the Board think it will be more convenient that those provisions should form the subject of a separate letter.

Chapter 102. continues the exemption of stock in trade from being rated until the 1st of October 1867, and the end of the then next session of Parliament.

Lastly, the Board desire to refer to certain clauses in chapter 118., "The Industrial Schools Act, 1866." This Act repeals the previous Acts relating to such schools, and re-enacts them with additional provisions. The clauses which affect the Guardians are Nos. 17., 19., 31., and 37.

Clause 17. enables the Guardians or the Board of Management of a District School to represent to two Justices, or a Magistrate, that any child apparently under the age of 14 years, maintained in a workhouse or pauper school, whether of a Union or Parish or of a District, is refractory, or is the child of parents either of whom has been convicted of a crime or offence punishable with penal servitude or imprisonment, and that it is desirable that he be sent to an Industrial School under that Act; and such Justices or Magistrate may, if satisfied that it is expedient to deal with the child under this Act, order him to be sent to a Certified Industrial School.

If the Guardians should be desirous of learning whether there is any such school in their neighbourhood they can obtain the information by addressing a communication to the Home Office.

The 19th clause is the same as one which was contained in the previous Act of 1861 (24 & 25 Vict. c. 113. sect. 10.), though the Board believe that it has not been much acted upon. It is set out in the Board's letter dated 24th March 1862, printed in the Appendix to the 14th Annual Report of the Board, page 33, and, therefore, the

provision need not be set out here again. It enables Justices to send children to workhouses temporarily.

The 31st clause is also a repetition of section 12. of the former Act, and prevents the residence in the school from being computed in the time of residence under the Poor Removal Acts.

Again, the former Act, in section 8., enabled Guardians to contract with the Managers of the school for the maintenance and education of any pauper child therein. This clause is not re-enacted; but clause 37. enacts that the Guardians or the Board of Management of a District Pauper School may, from time to time, with the consent of this Board, contribute such sums, as they think fit, towards the maintenance of children detained in a Certified Industrial School on their application.

It is proper to observe that by clause 41. a person who has attained the age of 16 years shall not be detained in such school except with his own consent in writing.

I am, &c.,
W. G. Lumley,
Assistant Secretary.

Clerk to the Guardians.

No. 11.

Accounts.—General Order for regulating the keeping, examining, closing, and auditing of Union and Parochial Accounts.

To the Guardians of the Poor of the several Unions named in the Schedule (H.) hereunto annexed :—

To the Churchwardens and Overseers of the Poor of the several Parishes and Places comprised within the said Unions—

To the Clerk or Clerks to the Justices of the Petty Sessions held for the Division or Divisions in which the Parishes comprised within the said Unions are situate :—

And to all others whom it may concern.

Whereas it is enacted in "The Union Chargeability Act, 1865," that the Poor Law Board shall, as soon as convenient, make all such Orders as may be requisite to render the provisions of that Act applicable to the proceedings and accounts of the Guardians of Unions and of Overseers of Parishes comprised therein.

Now therefore, We, the Poor Law Board, in pursuance of the authorities vested in us by an Act of Parliament passed in the fifth year of the reign of King William the Fourth, intituled "An Act for "the Amendment and better Administration of the Laws relating to "the Poor in England and Wales," hereby, from the twenty-fifth day of March next, rescind all such Orders, and all such parts of any Orders, heretofore issued by the Poor Law Commissioners or the Poor Law Board to the several Unions named in the Schedule (H.) hereunto annexed as relate to the keeping, examining, closing, auditing, allowing, and publishing of the accounts of the said Unions, and of the Parishes therein, and of the officers thereof, or to the keeping of any books of account relating to such Unions or Parishes by any officer thereof, other than a chaplain or medical officer, or to the accounting of any such officer to the auditor, or to any other party, so far as this present Order applies to the keeping of the same or similar books, and to the accounting of such officers, except as herein-after excepted.

And We hereby, nevertheless, order, that until the twenty-ninth day of September next the Guardians of any such Union, and the officers thereof, and the Overseers of the Parishes therein, may keep their accounts and books of account in the forms now used by them respectively, or adapt them where necessary to the forms herein prescribed, as nearly as may be.

And subject thereto, in every case in which the Poor Law Board shall not assent to a departure from any of the regulations contained in this Order, and in reference to such of the officers in the said Unions to whom this Order shall be applicable not yet appointed, as shall from time to time be appointed hereafter;

We hereby, from the said twenty-fifth day of March next, order and direct as follows:—

KEEPING OF ACCOUNTS.

Parochial Accounts.

Overseers.

Art. 1.—The Overseers of every Parish in the Union shall (except so far as such books are kept under their direction by any Collector) punctually enter and accurately keep according to the forms and direction in the Schedule (A.) hereunto annexed:—

A Rate Book. In this book shall be inserted the particulars of the assessment and collection of the poor rate of the Parish, as set forth in the *Form* of Rate Book; and in addition to the declaration required by the Union Assessment Committee Act, 1862, or any Act amending the same, where the Valuation List for the Parish shall have been finally approved of, and elsewhere in addition to the declaration required by the statute 6 & 7 Will. 4. c. 96., such Overseers shall, before any rate is presented to the justices for their allowance, sign a declaration, in words at length, of the total amount of the rate so presented for allowance, according to the form or to the effect set forth in the said *Form*.

(*a*)—The several columns of the *Rate Book* which contain the gross estimated rental and rateable value, and the rate in the pound assessed upon the several persons liable to be assessed, the recoverable arrears and the total amount to be collected, shall be added up at the foot of every page, and the several totals shall be ascertained and set forth at the foot of the rate, before the same shall be submitted to the justices for their allowance.

(*b.*)—If the Overseers shall deem it convenient, the rate may be divided into several portions corresponding with the several divisions of the Parish, if any, so as to bring all the rateable property of each division together, and there may be separate series of numbers for the assessments in every division, and they may in like manner bring together in the rate separate classes of rateable property.

(*c.*)—The Overseers may, if they think proper, bring together and assess under one number all or any portion of the properties situated in the Parish or in any separate division thereof, if there be any, belonging to the same person, and for which he shall be liable to be assessed as owner.

Provided that nothing herein contained shall apply to any Poor Rate made under the authority of a Local Act by persons other than the Overseers.

A Book of Receipts and Payments. On one side of this book shall be entered, according to the *Form* so named, an account of all monies received by the Overseers, by virtue of their office, on behalf of the

Parish, and on the other side of such book the Overseers shall enter, in like manner, with the proper dates, an account of all monies paid and expended by them, by virtue of their office, on behalf of the Parish, and shall sign the same in the place prescribed in the said Form.

And at the foot of every such account the Overseers shall insert, before each audit, a "*Memorandum*" in respect of each rate allowed by justices during the half year, containing the particulars set out in the Form.

Art. 2.—The Overseers shall make out, in the *Form* so named, *A Balance Sheet of the Receipts and Payments* for every half year, according to the said Receipt and Payment Book, and shall sign the same in the place prescribed in the said Form, and deliver such balance sheet, and a duplicate thereof, to the auditor at the audit of their accounts, to be by him examined and signed. One of these sheets shall be delivered to the Clerk of the Guardians as herein-after directed, and the other shall, together with the Book of Receipts and Payments, be laid by the Overseers before the next meeting of the vestry, and such balance sheet shall be preserved among the other parochial documents, and be open to the inspection of the ratepayers of the Parish.

Art. 3.—In every case in which there are more than thirty ratepayers on the rate book, and in which there is no Collector, the Overseers shall, and in cases where there is a less number of ratepayers the Overseers may, use—

A Rate Receipt Check Book, the leaves of which shall contain the *Form* set forth in the Schedule. The receipts and notes thereof shall be numbered consecutively with numbers corresponding with those in the Rate Book.

They may also where they deem it expedient use—

A General Receipt Check Book, for any sum received on account of such Parish other than in respect of rates.

If the Overseers think fit, they may cause a *Demand Note* to be printed in the *Rate Receipt Check Book*, according to the Form in the said Schedule, which may be detached and left with the ratepayer or at his address when the payment of the rate is demanded, which Demand Note shall be numbered so as to correspond with the number of the receipt, and may show the particulars of the claims or the purposes for which the rate is made, if the Overseers think proper to have the same inserted therein.

Art. 4.—When the whole or the balance of the amount due for poor rate shall be received from any person assessed, at that time and not before, the receipt applicable to such person's assessment shall be detached from the Rate Receipt Check Book, and the same shall be delivered, stamped with an adhesive stamp where the amount of the payment shall render such stamp necessary, to the person paying the same, and the Note shall be retained in the book.

In the Receipt and in the Note thereof so retained the true date of the payment of the money shall be inserted.

When payment of any rate shall be received by instalments, the fact of every payment shall be noted on the back of the receipt and on the note thereof, and the receipt shall not be given to the person paying the rate until the whole amount of the rate shall have been received, but an acknowledgment of the amount received shall be given in writing upon the Demand Note, or otherwise, as it shall be found convenient.

Art. 5.—The Overseers of every Parish shall, whenever they are required so to do by the auditor for the time being, or by the Poor Law Board, accurately and truly make out a *Terrier* of the lands and tenements, and an *Inventory* of stock, monies, goods, and effects belonging to such Parish, or given or applicable in aid of the poor rates thereof, according to the *Forms* so named.

Collector of the Parish.

Art. 6.—Every Collector appointed for a Parish shall enter up so much of any books or forms of the Overseers relating to the valuation list or to the collection of the poor rate, as he may be directed to enter up by the Overseers for the time being, and shall enter in *the Rate Book* all such particulars of every assessment as he shall be directed by such Overseers to enter therein; and every such Collector shall attend before the auditor at the same time as the Overseers of the Parish for which he acts:

Provided that the signature of any such Collector to any book presented to the auditor shall not be taken to stand for or supply the place of the signature of any Overseer which may be otherwise required by this Order.

Art. 7.—Every such Collector shall in all cases fill up and use, as is herein-before directed in the case of Overseers of Parishes in which there are more than thirty ratepayers on the rate book, a *Rate Receipt Check Book*, in the form herein-before prescribed.

Provided that if the Guardians or the Overseers direct, he shall keep an additional book, to be termed "*The Instalment Rate Receipt Check Book*," according to the form in the said Schedule (A.) annexed, which shall be used by him as and when he receives any sum on account of the rate short of the full amount due. The receipt therefrom shall be given to the person paying, and the amount and date shall be entered in the note of this book, and upon the receipt in the other book.

Art. 8. Every Collector, before he shall proceed to collect any rate, shall prepare receipts in one book, or in several, if so directed by the Overseers, in the aforesaid form, numbered both on the receipt and the note thereof with the same number consecutively throughout the book, and properly fill in the same respectively with the names of the several ratepayers, and the sum to be collected from each, and submit every such Rate Receipt Check Book, so numbered and filled up, to the Overseers of the Parish for which such rate is to be collected, before he proceeds to collect the rate; and such Overseers shall cause the correctness of the numbering, and the correspondence of the sums, and of the names filled in, with the rate book to which they relate, to be ascertained, and on the leaf next after the last of the receipts so made out in respect of any one rate the said Overseers shall certify the fact that such Receipt Check Book has been examined and ascertained to be correct, and shall state in words at length the number of receipts filled up for the rate then to be collected; which certificate shall be in the form set forth in the schedule, and shall be signed by the said Overseers and correctly dated.

If upon the closing of any rate there shall remain in the Rate Receipt Check Book any receipts made out for such rate unused, the Collector to whom such book shall belong shall enter upon each of such receipts the reason of its not having been used, and date and sign such entry.

Art. 9.—The Collector shall every week pay over all monies collected by him, or in his hands, belonging to the Parish, whenever the amount exceeds 5*l.*, to the banker whom the Overseers may direct, to be placed to the account of one or more of them; or, if directed by one of the Overseers, to the treasurer of the Guardians of the Union, or to any other authority, in payment of any order from such Guardians or other authority then due, and in the absence of any such direction, shall pay the same to one of the said Overseers in person; provided that as often as at any time in the course of any week the sum or sums of money in the hands of such Collector belonging to the Parish shall together exceed 50*l.*, he shall forthwith pay over such sum or sums in the manner herein-before directed.

Art. 10.—Every such Collector shall keep a book, to be called the *Collecting and Deposit Book*, according to the Form so named, in which shall be entered accurately, and under their true dates, all sums received and deposited and paid by him as such Collector respectively, and also the number of every receipt given by such Collector out of the *Rate Receipt Check Book*, or the *Instalment Rate Receipt Check Book* (as the case may be), and he shall balance such Book monthly, at the times specified in the following Article, and the Overseer shall enter his initials against every sum stated to be deposited with him, which he shall receive.

Art. 11.—Every such Collector shall keep a book containing blank Forms of *Monthly Statements*, according to the Form in the Schedule (A.), and shall every month fill up one of such statements with the several particulars set forth in the said Form, which statement shall be made up to the last day of every calendar month inclusive; excepting in the case of the month of March, when it shall be made up to the 25th, and in that of the month of September, when it shall be made up to the 29th; so that any receipts or payments on the remaining days of those months respectively shall be included in the next monthly statement; and he shall forthwith deliver a copy of such statement, signed by himself, to one of the Overseers, and another to the Board of Guardians at their ordinary meeting next after the day when the same shall be made up.

Provided that the Board of Guardians or the Overseers may, if they think fit, require a statement, containing the several particulars set forth in the said Form to be made out and delivered to them respectively every week or fortnight.

The Overseer who receives the statement shall enter his initials in the column against the amount stated to be paid to the Overseers, if he shall have received the sum there mentioned; and both he and the Clerk to the Guardians respectively shall mark on such statement the date of his receipt thereof, and preserve the copies delivered to him, and produce the same to the Auditor at the next audit.

Art. 12.—The Collector shall previous to each audit make out *An Unpaid Rates Statement*, containing a statement of the rates allowed during the last half year, with the dates of their allowance, and showing the name of every person rated to the relief of the poor in respect of whom there shall be at the end of the half year for which the audit is being held any arrear of the rate or rates made before that in the course of collection on the last day of that half year, with the other particulars set forth in the *Form* in the Schedule hereunto annexed. He shall submit it to one of the Overseers for his signature and shall produce the same to the Auditor at the audit.

Art. 44.—He shall compute the several accounts so as to verify the arithmetical accuracy thereof, and the balance due to or from the Overseers or the officers rendering the same at the time to which the audit relates; and he shall state the balance in words at length, and certify the same by his signature or initials, and add the date of the audit, and when he certifies any sum or other matter to be due he shall, as far as practicable, enter his certificate and his reasons for the same (when they are required) in some part of the book of account, which shall be free from other writing.

Art. 45.—He shall at each audit compare the balance sheets hereinbefore directed to be delivered to him by the Overseers of every Parish with the entries in the books of receipts and payments of the Overseers; and having certified by his signature or initials at the foot of such balance sheets that it is in conformity with the said book, shall deliver one duplicate of such balance sheets to the Clerk to the Board of Guardians, who shall preserve it, together with the other balance sheets of the same half year, with the books and papers of the Guardians, and shall deliver the other to the Overseers.

Art. 46.—The Auditor shall receive any objection made by a ratepayer or any person aggrieved against the accounts undergoing audit, or any item or charge therein, or any vouchers or authority for the same, and shall examine into the merits of such objection, and make a decision respecting the same, stating the grounds thereof, and offering to enter the same in the book of account then being examined, if required to do so, as in the case of a disallowance or surcharge.

Art. 47.—If he shall doubt the correctness of any account, or any item or charge in any account, he shall require the officer rendering the account, or any other person holding or accountable for any money, books, deeds or chattels, relating to the poor rates or the relief of the poor, to appear before him, and shall call upon such person to produce any accounts, books, or papers which he may lawfully require; and he shall examine such officer or person as may then appear, and such

accounts, books, and papers as may be produced before him, respecting such account, item, or charge.

Art. 48.—If the Auditor find that any money, goods, or chattels belonging to the Union, or any Parish therein, have been purloined, embezzled, wasted, or misapplied, or that any deficiency or loss has been incurred by the negligence or misconduct of any officer or other person accounting, and shall surcharge such officer or person with such amount or value in his account, he shall submit a statement of such surcharge to the Board of Guardians as soon as he conveniently can do so.

Art. 49.—The Auditor having audited the several accounts in the Ledger, shall sign a certificate at the foot of the balance sheet therein, to the following effect :—

"I have examined the several accounts of which the foregoing is the balance sheet, and I have compared the several payments credited to the Treasurer with the vouchers, and I hereby certify that the entries appear to be correct and legal. And that [when the balance in the Treasurer's Book does not agree with the balance in the Ledger], subject to the explanation below [the difference to be explained at the foot of the certificate], the balance of the Treasurer's account, viz., £ , agrees with the balance which by his own book appears to have been in his hands at the time of closing such account ; and I find from the information laid before me that the amount of the outstanding liabilities of the Union at that time was £

"Dated_____ (Signed)_____

"Auditor."

And in the other books the Auditor shall enter a certificate of his having audited the same, and sign and date the same.

Art. 50.—The Auditor shall, at the close of each audit of the accounts of the Union, transmit to the Poor Law Board statements in the *Forms* in the Schedule (G.) hereunto annexed of the books directed by this Order to be kept by the Overseers, Collectors, and Union Officers, showing which is not kept, or is imperfectly kept, or kept in a form different from that prescribed by the Poor Law Board, and shall deliver copies thereof to the Board of Guardians, and shall send to the Poor Law Board a Certificate in the Form therein contained in respect of each Union, and of the Parishes therein, where he finds that there has been no default.

Art. 51.—The Auditor shall, at the close of every audit of the accounts of the Union next after the 25th day of March in every year, transmit to the Poor Law Board a statement, in the *Form* in the said Schedule (G.), setting forth the name of each Union Officer, Collector of Poor Rates, Vestry Clerk, and other Officer in the Union required to give security, and whether such security, together with any certificate or proof that each of the sureties named therein is living and is not bankrupt or insolvent, was produced to him at such audit, or the security is otherwise in force ; and also in the column headed "Observations," stating any defects which he may discover in such securities.

And the Auditor shall, at the close of such audit, deliver a copy of such statement to the Board of Guardians.

Art. 52.—The personal representatives of an officer accountable under this Order, dying before the half-yearly audit of his accounts, shall, so far as they may be by law required, account, in conformity with the provisions herein contained, in the place of such deceased officer; and all regulations affecting the accounts of such officer shall, so far as may be otherwise lawful, affect the accounts of the personal representatives of such officer.

Art. 53.—If any person, being Clerk to the Board of Guardians, Treasurer, Master of the Workhouse, Collector appointed by the Guardians, or Relieving or other Officer of the said Guardians, accountable under this Order, shall resign his office or be removed therefrom before the audit of his accounts shall have been held and closed, such person shall lay before the Board of Guardians, at a time to be fixed by them, a true and complete account of all monies, matters, and things committed to the charge of, or collected, received, held, or distributed by such person on behalf of the Union or any Parish therein, in such form as he would have had to produce them before the Auditor at the end of the current half year, if he had so long continued in office; and shall deliver over all balances, books, papers, matters, and things in his hands, to the Board of Guardians, or to the person whom they may appoint to receive the same; subject always to the liability of such person to account to the Auditor at the next audit, and without prejudice to the power of the Auditor to allow or disallow the account of such person or any charge therein, or to surcharge him in respect of any charge to which he might be liable.

Art. 54.—Every person voluntarily undertaking to fulfil either wholly or in part the duties of any officer affected by this Order, shall, so far as relates to the accounts prescribed by this Order to be kept or presented by any such officer, keep and present such accounts in the same form and manner as any such officer is by this Order directed to keep and present such accounts.

Art. 55.—The Clerk shall, at all reasonable times, at the request in writing of any owner of property or ratepayer in the Union, permit him to inspect the statements of the Union or Parish accounts in the possession of the Guardians for the twelve months prior to the last audit.

And, in reference to the purchase and custody of books and papers for the accounts, We hereby order and direct as follows:

Art. 56.—The proper books and papers of account for the Clerk, the master of the workhouse, the medical officers, and the relieving and other officers of the Union, shall be purchased by the Board of Guardians, and paid for out of their Common Fund. Art. 57.—The books and papers of account belonging to the Guardians in current use shall, except where special provision is otherwise made, remain in the custody of the proper officers accounting, and shall be produced and exhibited at the ordinary meetings of the Guardians and whenever else the Board of Guardians may require their production, as well as on other lawful occasions.

Art. 58.—The books and papers of the Guardians, containing the accounts which are closed, shall be deposited for safe custody with

No. 12.

ACCOUNTS.—CIRCULAR LETTER accompanying GENERAL ORDER for ACCOUNTS No. 11.

Poor Law Board, Whitehall, London, S.W.,
22d January 1867.

SIR,

I AM directed by the Poor Law Board to transmit to the Guardians a Copy of a General Order which they have issued in compliance with the direction contained in the 11th Section of the Statute 28 & 29 Vict. c. 79., to render the Accounts of the Guardians conformable to the provisions of that Act.

The Board have by this Order removed all the regulations in the former Orders of Accounts which referred to parochial chargeability, but they have not removed the parochial division of paupers, as they have considered that for many purposes it will prove convenient to retain the entry and classification of paupers with reference to the Parishes in which they reside, or from which they are removed into the workhouse.

The paupers will, therefore, be registered henceforth under the names of the several Parishes of their residence.

The Board have not confined themselves to this alteration only. They have taken this opportunity of revising the General Order of Accounts throughout, and have made various alterations of the provisions, which the experience of many years has shown to be desirable.

Some additional books of account are required to be kept, but several of these have been in use in many Unions, though without any authoritative direction, and perhaps in forms somewhat different from those contained in the present Order.

The alterations now made in the Order are mostly those of detail, and the Board do not propose to set them forth in this letter, as they are numerous, and would require a very lengthened explanation. But one alteration they wish to mention specially. It occurs in the half-yearly Financial Statement. This statement heretofore has shown only the receipts and expenditure by the Guardians for the half year. The Board have thought it right that henceforth this statement shall also show the liabilities of the Guardians outstanding at the end of the half year to which the statement relates. They have often felt that the ratepayers have not received the full information of the financial state of their Union when, though they learnt the amount of money received by the Board of Guardians and that which had been expended, they had no information as to the amount of outstanding liabilities due from the Union.

The statute 22 & 23 Vict. c. 49. has tended greatly to check the running on of debts and claims against the Guardians; and the Board trust that this new form of Financial Statement will still further aid in the desirable end of keeping the charges incurred by the Guardians within the year for which they are elected to act as such.

The Board have made several additions to the forms of account kept by the Collectors of the Poor Rate, with the hope of providing more effectual security to the ratepayers of parishes who are provided with such officers. They are sensible of the great difficulty that attends this subject in large parishes where, owing to the vast number of ratepayers and the various contingencies which attend their circumstances, the collection of the rates is attended with delays and losses, and affords much opportunity for the exercise of fraud or embezzlement. Greater vigilance on the part of the Overseers, the Guardians, and the Auditor is required to protect the ratepayers from the results of such misconduct, and the Board have now introduced into the forms of account kept by these officers additional checks which they trust will prove some aid to the examination and investigation of their accounts.

The Board propose to have the portions of the Order applicable to the different officers set up apart and separate from the rest, and will transmit to the Guardians copies of those portions to be distributed among those officers for their immediate guidance.

The Board have to observe that, though they have provided that the Order shall take effect on the 25th of March next, it will be seen that they have enabled the present books, if not filled, to be continued in use until Michaelmas, after which time this Order will become absolutely and universally obligatory.

I am, &c.

To W. G. Lumley,

The Clerk to the Guardians. *Assistant Secretary.*

No. 13.

Election of Guardians.—General Order amending the Regulations as to the Mode of conducting the Election of Guardians in Unions.

To the Guardians of the Poor of the several Unions named in the Schedules hereunto annexed:—

To the Churchwardens and Overseers of the Poor of the several Parishes, Townships, and Places comprised in the said Unions:—

To the Clerk or Clerks to the Justices of the Petty Sessions held for the Division or Divisions in which the said Unions are respectively situate:—

And to all others whom it may concern.

Whereas by a General Order bearing date the twenty-fourth day of July One thousand eight hundred and forty-seven, addressed to the several Unions mentioned in the Second Schedule hereunto annexed, and by divers subsequent Orders addressed to the several Unions mentioned in the Third Schedule hereunto annexed, the dates whereof are therein set forth, the Poor Law Commissioners and the Poor Law Board respectively have made sundry rules and regulations as to the mode of conducting the Election of Guardians in such Unions; and it is expedient that certain alterations should be made in such rules and regulations.

Now therefore, we, the Poor Law Board, acting under the authority of the Statutes in that behalf made and provided, hereby order, as regards the general election of Guardians of such Unions in future, as follows :—

Art. 2.—The form of Voting Paper to be used hereafter shall be according to the form in the said Schedule set forth.

Art. 3.—No Nomination Paper delivered, except through the post, to the Clerk or to any person appointed to receive the same, or at the office, address, or residence of such Clerk or other person, before the hour of nine o'clock in the morning, or after the hour of eight o'clock in the evening, shall be valid.

Art. 5.—If a greater number of candidates be nominated for any Parish than the number of Guardians required to be elected for it, the clerk shall, as soon as practicable, make out a list in writing of the Candidates, and the names and addresses of the several Nominators of them, and keep such list open in the Board Room of the Guardians until the close of the Election ; and every person entitled to vote at the Election for such Parish may apply at such room during any day after the list shall have been made out, except when the Board of Guardians are holding their meeting therein, between the hours stated in Article 3., for an inspection of such list, and may copy the same or any part thereof.

Art. 6.—If any person nominated, or any person on his behalf, give at least one clear day's notice in writing, to the Clerk before the delivery or collection of the Voting Papers, of an intention to send some agent to accompany each or any deliverer or collector of the Voting Papers, the Clerk shall make suitable arrangements to enable such agent to accompany each person appointed to deliver or collect the papers accordingly.

Art. 7.—The Guardians shall provide, for the use of every person appointed to collect the Voting Papers, a box or bag having a small opening for the reception of the papers, which shall be delivered by the Clerk to such person locked, and such person shall deposit every Voting Paper received by him, or allow the Voter to deposit his own Paper, in the box or bag through the opening, and shall deliver the box or bag to the Clerk on the day of collecting the Papers, and the Clerk shall open the same at the casting up of the Votes, and not before.

Art. 8.—The Clerk shall allow each Candidate, or some person on his behalf, to be present at the casting up of the votes, and shall declare at the close of such casting up the number of votes allowed by him to every Candidate, and shall, if he reject any Voting Paper, mark thereon the act of its rejection, and declare the ground of such

rejection, if required to do so by any person whose Voting Paper shall be rejected.

Art. 9.—The Nomination and Voting Papers, when delivered by the Clerk to the Board of Guardians, shall be open to the inspection of any person who may have nominated a Candidate or of any Candidate at the election for which there was a contest, or to any person appointed in writing on behalf of such Nominator or Candidate, during the hours of ten o'clock in the forenoon and six o'clock in the afternoon on any day except Sunday during the six calendar months next ensuing the first meeting of the Board of Guardians after the annual election.

Explanation of Terms.

Art. 10.—Whenever in describing any person or party, matter or thing, the word importing the singular number or the masculine gender only is used in this Order, the same shall be taken to include, and shall be applied to, several persons or parties as well as one person or party, and females as well as males, and several matters or things as well as one matter or thing, respectively, unless there be something in the subject or context repugnant to such construction.

Art. 11.—The term "Clerk" shall signify the Clerk or person acting as such in the conduct of the Election; and the term "Parish" shall include Wards in those Unions where Parishes have been divided into Wards for the Election of Guardians.

No. 14.

ELECTION OF GUARDIANS.—CIRCULAR LETTER accompanying the GENERAL ORDER, No. 13.

Poor Law Board, Whitehall, London, S.W.,
22d January 1867.

SIR,

THE Poor Law Board have deemed it advisable to make various alterations in the rules which have been hitherto laid down for regulating the election of Guardians in Unions formed under the Poor Law Amendment Act of 1834. They have accordingly issued a General Order upon this subject, and have directed me to forward the enclosed copy for the Guardians of your Union.

As some of the alterations require to be mentioned in the notice of the election, the Board have withdrawn that heretofore in use, and have recommended another, which they have set out in a schedule. They have also prescribed a new Form of Voting Paper, in which they have removed certain difficulties which attended its execution, arising out of the mode in which the places for the signature were set out. The Board have also withdrawn from this paper the names of the nominators, having made another provision for them which they will detail hereafter.

The new regulations which the Board have prescribed are as follows: They have fixed the hours within which the nomination papers may be delivered to the clerk or other person appointed to receive them. Heretofore contests, resulting sometimes in very indecorous conduct, even at late hours of the night, have taken place, to secure an early delivery of these papers to the clerk, and it has appeared advisable to prevent those proceedings in future, by limiting the hours within which the nomination paper is to be delivered, namely between nine o'clock in the morning and eight o'clock in the evening. The delivery through the post will remain as before.

Complaints have been made that no publication took place of nominations until the voting papers were sent out, and consequently persons were often nominated as candidates who did not wish to serve; and a large number of candidates were often unnecessarily submitted to the contest, because the fact of their having been nominated was not generally known. Attempts have been made by some Boards of Guardians to remedy this, but not being authorized by the order of the Commissioners they have failed.

The Board have now provided that, as soon as practicable after the nominations have been received, the clerk shall make two lists of the names and residence of the persons nominated for all the Parishes in the Union, and cause one list to be suspended in the Board Room, and the other to be affixed on the outer door of the workhouse.

If there be more candidates than the number of Guardians to be elected, the clerk is further required to make out a list of the candidates and of the names and addresses of the several nominators of them, which list is to be kept open in the Board Room until the close of the election for the inspection of the persons entited to vote.

The Board also having regard to the enactment contained in the Local Government Act, 1858, Section 24, have required that provision should be made to enable the deliverer and collector of the voting papers to be accompanied by an agent of each party interested in the election.

The Board are aware of the accidents and the malpractices which sometimes attend the collection of the voting papers, and with the view of preventing them as far as practicable they have required that the collector of the papers shall be supplied with a locked box or bag in which the papers may be received, and which he shall return to the clerk to be opened at the casting up of the votes, but not before.

Some complaints have also been urged as to the mode in which the casting up of the votes takes place, but though many inquiries have been held as to the validity of elections by the Board, the occasions have been very rare in which they have had ground for imputing any wilful misconduct or partiality to the clerk in the discharge of his duty as Returning Officer; nevertheless the Board have thought it expedient to make some more definite regulation in reference to this part of the election.

They have therefore provided that the clerk shall allow each candidate, or some person on his behalf, to be present at the casting up of the votes, and shall declare the number of votes allowed by him to every candidate.

He is also required to mark every paper which he rejects, and to declare the ground of his rejection if required by the voter to do so.

The Board trust that the improvements in the form of the voting paper will prevent many of the accidents which have rendered voting papers delivered to the clerk invalid. At the same time the knowledge of the ground for the rejection will render the person whose paper is rejected less likely to be dissatisfied than has been the case under the present course of proceeding, where the clerk may have rejected the papers upon very sufficient grounds, but without expressing them.

These provisions are not intended to give either to the candidates or to the voters any right to interrupt or disturb the clerk in the discharge of his duty. He will not be compelled to allow any discussion before him upon the voting papers, nor his course to be delayed by the interposition of any person or documents not called for by himself.

Lastly, the Board have provided for the inspection of the papers. In the previous Orders it was directed that after the casting up of the votes the clerk should deliver the nomination and voting papers which he should have received to the Board of Guardians, to be kept by them for two years. No person, however, had an absolute right to an inspection of these papers. The Board of Guardians might allow or refuse the inspection to any person who applied to them ; and though the Board believe that such applications, when made, have been generally acceded to, they must admit that cases have occurred where the inspection has been refused.

They have therefore deemed it right to provide that these papers when delivered to the Guardians by the clerk shall be open to the inspection of any nominator or candidate, or to any person appointed in writing on his behalf, during the six months next ensuing the first meeting of the new Board of Guardians.

The Guardians will no doubt give proper directions as to the custody of these papers, so that they may be protected from loss or injury during the inspection.

The Board trust that these regulations will prove satisfactory to the Guardians and the ratepayers in general, and effect an improvement in the conduct of the elections under the mode prescribed by the Poor Law Amendment Act.

I am, &c.

W. G. Lumley,

Assistant Secretary.

PUBLIC WORKS (Manufacturing Districts) ACTS, 1863–64.—QUARTERLY REPORT on the Progress of PUBLIC WORKS in the COTTON DISTRICT, as carried out from the 31st of March to the 30th of June 1866. By ROBERT RAWLINSON, Esq., C.B., Government Engineer. London, 29th September 1866.

To the Right Honourable GATHORNE HARDY, M.P., President of the Poor Law Board.

SIR,

I BEG to forward my report on the progress of works devised and being executed under the Powers of the Public Works (Manufacturing Districts) Acts, 1863–64.

The tabulated list hereto appended shows that works have been in progress in 84 places.

The loans authorized were—

Act 1863 - -	£1,500,000
Act 1864 - - -	350,000
Total - -	£1,850,000

Certificates have been signed up to the 30th June for sums amounting in the whole to 1,378,796*l.*

The returns show an expenditure on the works up to the 30th June of 1,245,708*l.* 2*s.* 4½*d.*

Up to this date (29th September 1866) 427 inspections of works and accounts and reports on the same have been made embodying recommendations for sanctions to loans and (subsequently) instalments of loans.

Notices have been received from nine places that the entire sums placed at their disposal will not be required; these sums amount in the whole to 28,573*l.*

Works have been completed or the entire loan has been expended so as to close the capital account with the Exchequer Loan Commissioners in 33 places.

Where the entire sum arranged to be borrowed will not be taken up, either the local distress has not been so severe or it has not continued so long as was anticipated.

Where the capital account has been closed by reason of the entire loan having been advanced and the works have not been completed, the local authorities obtain any additional money required from other sources. These additional works are not however under the superintendence of this office.

The works devised and carried out by aid of the public loans will, in many cases, be largely supplemented or added to. The advantages and economy secured having induced this increased expenditure, as the local authorities find it an advantage to continue and extend main-sewering, house-draining, street-forming, paving, and waterworks.

As you are aware the Public Works (Manufacturing Districts) Acts, 1863–64, were devised by the Poor Law Board, and passed by Parliament, to afford labour-relief (by *work for wages*) to such distressed able-bodied cotton operatives as could be employed; so long as the cotton famine lasted the works were carried on as much as possible to afford the largest amount of labour to distressed cotton operatives.

Since the revival of trade the works which were begun have been continued by the ordinary labour of the district, or under contractors, and will be carried on by these means to completion.

I have, &c.
ROBERT RAWLINSON.

POOR RATE RETURN.—REMARKS on the Annual Poor Rate Return, Year ended Lady-day 1866. [*No.* 422. (D.) Session 1866.]

Series of Returns.

The present Return is the *fifty-ninth* annual publication of the Poor Rate Returns.

Extent of the Return.

This Return is, in respect of the number of places which it represents, the most complete of the Statistics of pauperism; for in it the sums levied and expended as Poor Rates throughout the whole of England and Wales are exhibited; excepting only some small Parishes, which are stated by the overseers either to have "No poor," or to make no levy "yet."

Valuations to the Poor Rates.

The net annual value of property assessed to the Poor's Rate has been returned in respect of five parochial years. "The Gross Estimated Rental" is also returned for the last two of these years.

The greater part of the expenditure, described in the last Table as for "All other Purposes," consists of payments which have no connexion whatever with relief to the poor. This part of the Poor Rate Expenditure, which is foreign to the object originally contemplated in the enactment of the rate, has greatly increased since the passing of the Poor Law Amendment Act in 1834, in consequence of the imposition of new and the augmentation of old charges. The next Table exhibits, separately, all the charges referred to, so far as the returns permit. The heaviest item is the disbursement in respect of the "County, Hundred, Borough, or Police Rate."

About *one third* of the whole Poor Rates now levied are expended for purposes unconnected with relief to the poor. Besides the charges here shown, there are some others paid out of the Rate, but which are not discriminated, such as the expenses incurred for sanitary purposes, and the cost of providing new burial grounds.

The column in the Return, which succeeds that of "Total Expenditure," contains the expense of *Medical Relief* only; this consists of salaries to the Medical Officers; extra Medical Fees paid to them under the General Consolidated Order; also, the cost (if any) of medical and surgical appliances, and drugs. The sums in this column are not additional to those given in Column 4. § A, of the Return; because, the various items of Medical Relief are included in sub-columns (*e*) or (*f*), as forming a portion of the "Relief to the Poor:" the "Medical Relief" is printed separately, as indicating an important and special subject of Poor Law administration. Medical Relief.

The sums expended under this head during the last four years were as follows :

For 1862–63 - - - -	£248,286
1863–64 - - - -	253,204
1864–65 - - - -	259,833
1865–66 - - - -	264,052

Twenty-six Unions and single Parishes, chiefly Metropolitan, are combined into School Districts; the contributions which each Union makes to the treasurer of its district are included in the other items of relief, and, as such, entered in the proper columns of the Poor Rate Return; this, then, like the Medical Relief, does not represent any additional expenditure, having been heretofore properly included in the amounts printed opposite to the respective Unions concerned. School Districts.

The sums contributed to the School Districts; and, the sums expended by each district during the parochial year 1865–66, are contained in the subjoined Table :—

IN-MAINTENANCE AND OUT-DOOR RELIEF.—REMARKS on the Returns of In and Out-door Relief, Half Year ended Lady-day 1866. [No. 442. (c. 1.) Session 1865.]

Number of Unions returned.

THE Returns of In-maintenance and Out-door Relief, printed at pp. 16–59,* have been received from 655 Unions and single Parishes under Boards of Guardians; but two of that number, namely, Shrewsbury, and Montgomery and Pool, give the cost of In-maintenance only.

The amount expended in the 655 Unions and Parishes during the half year was, for—

In-maintenance.	Out-door Relief.	Total.
£ 632,233	£ 1,586,806	£ 2,219,039

The population of the places referred to was 19,886,104, according to the Census of 1861; the entire population of England and Wales being 20,066,224.

Irremovable Paupers.

The sum expended for Irremovable Paupers can be shown for 611 Unions and single Parishes only; as the other places keep no separate account of their disbursements in respect of this class of poor.

The 611 Unions and Parishes contain about 17-20ths of the entire population of the Kingdom; the sum expended in them for relief during the half year was, in respect of—

	In-Maintenance.	Out-Door Relief.	TOTAL.
	£	£	£
Irremovable Paupers -	145,077	552,417	697,494
Other Paupers - -	314,549	896,417	1,210,966
TOTAL - -	459,626	1,448,834	1,908,460

The cost of relief to the Irremovable Paupers was 36·5 per cent. on the cost of relief to both classes during the half year; but during the half year ended at Lady-day 1865, the ratio was 36·2 per cent.; so that the proportion has risen by 0·3 per cent., comparing the former period with the latter.

Expenditure, Lady-day half years 1865 and 1866.

The following Table is a comparative statement of the expenditure for the half years ended at Lady-day 1865 and 1866, in 655 Unions and single Parishes.

State of Employment.

The extent of employment among the labouring population during the periods under consideration is, to a certain extent, indicated by the official Tables of the declared value of the imports and exports of the United Kingdom.

The amounts for the half years ended at 31st March, were, in—

Comparative Expenditure in Divisions.

Comparing the expenditure for In-maintenance and Out-door Relief of the Lady-day half year, 1866, with that of 1865, it will be found there was a *decrease* of 819*l.*; and it will be seen by the next Table, that there was a decrease of expense in three Divisions out of the eleven into which the Kingdom is apportioned.

Poor Law Board,
17th July 1866.

FREDERICK PURDY,
Principal of the Statistical Department.

No. 27.

Remarks on the Industrial Statistics of 1861.

The Industrial Statistics of 1861.

Industrial Statistics.

The publication of the Occupations Census of 1861 has rendered it necessary to effect a change both in the form and the matter of the "Industrial Statistics," which, since 1857, has formed part of the series of papers periodically laid before Parliament by the Poor Law Board under the title of "Poor Rates and Pauperism."

New classification of the Occupations of the People.

An explanation of the classes under which the occupations of the people in 1851 were arranged has prefaced the previous numbers of this series, and therefore need not be repeated. The classification of 1861 differs in several important particulars from that previously employed by the Commissioners of the Census. The new system can be best explained in the words of its author,* premising that, in Dr. Farr's Report on the "Classification of Producers," the lowest groups, termed "Sub-Orders," are marked with a small Arabic numeral (2); that, these Sub-Orders are gathered up into "Orders," marked by a larger numeral (2); and, that the Orders are collected into "Classes," marked by a Roman figure (II.)

CLASSIFICATION OF PRODUCERS.

I.—Professional Class.

(*Orders* 1, 2, 3). *Andrici.*

"This great class includes those persons who are rendering direct service to mankind, and satisfying their intellectual, moral, and devotional wants.

"The three first Orders consist of civil servants, national or local; the army and navy; the learned professions, with their immediate subordinates; literary and scientific men, as well as artists in the widest sense.

"The first Order (1; 1) includes the members of the Government, and the civil service; (2) the police and other local officers; and (3) the East India and Colonial Service.

"The army (2; 1) and navy (2; 2) are in the service of the Government; and are intimately connected with it in all states. And the clergy in the Established Church, as well as the lawyers in the courts of justice, are in official subordination to the Sovereign; but the great majority of the members of these professions are neither nominated nor paid by the Crown. Like the medical, the literary, and the scientific professions, which were at one time included in the Church, and were supported by its livings, the clergy and lawyers assert their independence, and are, therefore, made separate sub-orders. So are authors, artists, musicians, actors, teachers, and scientific men. Nearly all the members of the class are paid directly for their services; and these services have no intermediary, being rarely fixed in any commodity. The pay varies in each Order, and it is either proportional to the time (salary, wages, pay), the job (fees), or the quality and quantity of work done (piecework)."

Order 1. *Persons engaged in the General or Local Government of the Country.*

„ 2. *Persons engaged in the Defence of the Country.*

„ 3. *Persons engaged in the Learned Professions or engaged in Literature, Art, and Science* (with their immediate Subordinates).

II.—Domestic Class.

(*Orders* 4 *and* 5.) *Oikici.*

"The persons in this Class are all employed, if they are employed at all, in houses. Some supply simply service, others with it supply board and lodging (Order 5.) They are paid wages (servants), or they are paid for the board and lodging and

* See Dr. Farr's account of the "New Classification of the People according to their Employment."—Census of England and Wales, 1861, Vol. III., pp. 225 *et seq.*

attendance which they supply, The publicans and beersellers are so much associated and so often confounded with hotel and innkeepers that they are retained in the same Order; although the Order dealing in 'drinks' may claim them. The wife and grown-up children (Order 4.) perform at home for the bulk of the population the same duties as the persons in Order 5.; but they are not paid directly in money for their services, as they form a part of the natural family; consequently they are distinguished in a separate Order. The very young children properly belong to the non-productive class, and they may there constitute a section; scholars and other children are learning the elements of their future occupations; but until that occupation is determined they remain in the same Order as their mothers."

Order 4. *Persons engaged in the Domestic Offices or Duties of Wives, Mothers, Mistresses of Families, Children, Relatives* (not otherwise returned).

„ 5. *Persons engaged in entertaining and performing Personal Offices for Man.*

III.—Commercial Class.

(*Orders* 6. *and* 7.) *Agorici.*

"The merchant buys any article like tea abroad, transports it to England, and there sells it. He performs the like operation at home. But as a merchant he effects no change in any of the commodities in which he deals. He buys and sells, and is paid for his services by a varying but rated profit on the goods.

"The carrying order convey commodities, passengers, and messages by land or water, from one place to another. They also warehouse goods. They are paid for their services in fares, freight, and charges, which bear some proportion to the weight, bulk, and other properties of the goods. They are all in Order 7, and are closely related to the Order preceding; hence the two Orders (6–7.) together may be called the Commercial Class."

Order 6. *Persons who buy or sell, keep or lend, Money, Houses, or Goods of various Kinds.*

„ 7. *Persons engaged in the Conveyance of Men, Animals, Goods, and Messages.*

IV.—Agricultural Class.

(*Orders* 8. *and* 9.) *Georgici.*

"We now come to a great class which is employed in producing grain, fruit, grass, animals, and other products from the soil. They may be called Growers; for their products grow and are obtained from the living kingdoms of nature. The heads of the Class are paid, not directly for their services, but indirectly in the price of the products which they sell in the market or elsewhere. Thus the price of a quarter of wheat includes the pay of the services of all the persons employed in its production as well as the cost of the tools and machines, including the land, by means of which it is produced and brought to market. Agricultural servants and labourers are paid in wages which the farmers advance. The persons engaged in gardens or woods are in separate Sub-orders.

"The men in Order 9. are employed in catching, training, or dealing in living animals of various kinds. They are the representatives of the hunters of the early stages of civilization, and may be considered an appendage to the previous pastoral and agricultural class, so forming Class IV., which thus includes hunting tribes, the pastoral clans, and the agricultural people of the world."

Order 8. *Persons possessing or working the Land, and engaged in growing Grain, Fruits, Grasses, Animals, and other Products.*

„ 9. *Persons engaged about Animals.*

V.—Industrial Class.

(*Orders* 10, 11, 12, 13, 14, *and* 15.) *Technici.*

"This is the Class of makers or artisans. They deal in matter that is either no longer living, or that never lived. They alter the form, texture, or composition of the materials in which they work, so as to produce a great variety of goods, instruments, and machines. Their pay and profits are charged in the price of commodities; the wages of the workmen being advanced by their masters.

"This Class is grouped according to the materials, distinguishing those derived from the three kingdoms of nature.

"The first Order (10.) of the Class includes artisans, making products of various materials, derived from the three kingdoms, such as coaches, ships, workshops, factories, houses, and their furniture or other contents.

"Then follow the persons engaged in the textile fabrics (Order 11.) Wool, silk, cotton, flax, and hemp are durable and divisible; their manufacture admits of the sub-division of labour and the application of machinery. The workers in these materials are the essentially manufacturing class. In a Sub-order (4.) are the artisans who convert the manufactured fabrics, and some other matters, into dress.

"Human food, drinks, and stimulants, derived from the animal and vegetable kingdoms, occupy a distinct Order (12.), sub-divided into three Sub-orders.

"Then follow (13.) the persons chiefly or exclusively working and dealing in other animal substances than food (14.). those working and dealing in vegetable substances, and (15.), those working and dealing chiefly in minerals and metals. The first Sub-order of the latter Order (15.) includes the mining population of every kind; the other thirteen Sub-orders include the chief workers in the metals and minerals, beginning with coal, and ending with steel."

ORDER 10. *Persons engaged in Art and Mechanic Productions, in which Matters of various Kinds are employed in combination.*

„ 11. *Persons working and dealing in the Textile Fabrics, and in Dress.*

VI.—INDEFINITE AND NON-PRODUCTIVE CLASS.

(*Orders* 16, 17, *and* 18.)

"The last Class includes the numbers returned in a vague way, so as to scarcely admit of classification among either the professional, the domestic, the commercial, the agricultural, or the industrial classes.

"It embraces the totally distinct Orders of general labourers (16.), persons of property returned as of no occupation (17.), and persons supported by the community (18.) Many of the persons in Orders 16. and 17. properly belong to the other classes.

ORDER 16. *Labourers and others—Branch of Labour undefined.*

Selected Occupations.

In considering the occupations of the people in connexion with pauperism, the first class has been rejected, because, although it participates in the general welfare of the country, it experiences the vicissitudes of trade less directly than the others; and the last class, because it is indefinite, and therefore but little adapted to form any useful term of comparison within the field of pauper statistics. The ratio per cent. of persons aged 20 years and upwards ascribable to each of the six classes of occupations for all the Unions has, in the present instance, been computed for every Union by the Commissioners of the Census. The ratios of the *four* selected classes are printed opposite to the respective Unions in the following pages; at the same time, the special designation of the chief industries pursued in the various Unions according to the Census of 1851, has been retained in the place it originally filled in these Returns.

Ratio of Occupations.

The absolute as well as the proportional numbers of the adult population under the six industrial classes are shown in the subjoined table for each Division and for each Union-County, as published in the third volume of the Census of England and Wales.

REMARKS ON THE RETURNS OF PAUPERISM.—SUMMARY of Returns of the Number of Paupers relieved on the 1st July 1866. [*No.* 422 (B.) *Session* 1866.]

THE present publication contains the Tabulated Returns of 655 Unions and Single Parishes under Boards of Guardians; but in respect of two places, namely, the Incorporation of Shrewsbury and that of Montgomery and Pool, the Returns are limited to the number of ***In-door*** paupers relieved.

Pauperism, 1st July.

The aggregate population of the 655 places by the Census of 1861 is 19,886,104; and the total number of paupers on the 1st July 1866 is,

In-door.	Out-door.	Total.
123,707	757,741	881,448

This gives the proportion of paupers as 1 in 23, or 4·4 per cent. on the actual population.

Comparison of 1st July 1866 and 1865.

Comparing the numbers returned on the 1st July 1866 with those at the same date in 1865, the figures stand thus:—

DATE.		Number of Unions, &c.	In-door Paupers.	Out-door Paupers.	TOTAL.
1st July	1865	655	121,700	769,591	891,291
	1866	655	123,707	757,741	881,448

First Table.

The first table exhibits the number of males, females, and children, and the number of vagrants, the latter being returned without distinction of sex, relieved in-door and out-door.

WEEKLY RETURNS OF PAUPERISM FOR THE YEAR ENDING JANUARY **1867,** AND FOR THE CORRESPONDING WEEKS OF THE PREVIOUS YEAR.

[No. 442. (A. x. to A. xi.), Session 1865, and No. 422. (A. to A. ix.), Session 1866.]

MEMORANDUM as to the ARRANGEMENT of the WEEKLY RETURNS of PAUPERISM.

THE Returns of the Number of Paupers relieved on the *last day* of each Week do not include the "Lunatic Paupers in Asylums and Licensed Houses," nor the number of "Vagrants" relieved. These classes form only a small portion of the entire pauperism of the country. According to the latest Returns (1st January 1865) the number contained in the two classes was 2·6 per cent. of the total pauperism.

The Pauper Lunatics in Asylums are not generally subject to variations in number to the same degree as the other classes of Paupers, and the number of Vagrants relieved by the Unions throughout the country has become too small to need a return so frequently as once a week. These considerations led to the exclusion of the two classes.

There are at present 14,886* parishes, inclusive of the Scilly Islands, in England and Wales maintaining or liable to maintain their own poor: returns of pauperism are received weekly in respect of 14,695 of that number; 191 parishes, incorporated under Gilbert's Act, or still under the provisions of the 43d Elizabeth, make no return of the number of paupers which they relieve.

The Returns are arranged under eleven divisions. The Union-counties which fall under each are shown in the following view:—

Quarterly Statement as to Pauperism.—Midsummer 1866.

(*Paupers in Lunatic Asylums and Vagrants not included.*)

The present Return completes the Monthly Series for the Quarter ended at Midsummer 1866. The four following Tables are given in continuation of those prefixed to the monthly publication for March last.

The Tables are—

1st. England and Wales; the pauperism in the consecutive weeks of the quarter.

2d. ——————————— the comparative pauperism of the quarter.

3d. North Midland, North Western, and York Divisions; the comparative pauperism of the quarter.

4th. The Metropolis; the comparative pauperism of the quarter.

1. In the first Table, each week, compared with its predecessor, with one exception, shows a decrease in the number of paupers: 907,201 were the numbers relieved in the last week of March (Lady-day); but in the fourth week of June (Midsummer) they had fallen to 841,489, which is a decrease of 65,712, or 7·2 per cent. less at Midsummer than Lady-day.

No. 42.

Remarks on the Return of Insane Paupers, chargeable on the 1st January 1866 (No. 442 (E) Sess. 1865).

Source of Information.

1. The Statistics of Pauper Insanity contained in this paper have been compiled from the lists of "Lunatics, Idiots, and other Persons of Unsound Mind" who were chargeable to the Poor Rates on the 1st January 1866. These lists are made out annually by the Clerks to the Guardians, and transmitted to the Poor Law Board, in compliance with the 16 & 17 Vict. c. 97. s. 64., and in the form prescribed by Schedule D. of that Statute.

Places returned.

2. Returns have been received from 663* Unions and Single Parishes under Boards of Guardians. The Population of these places, according to the Census of 1861, is 19,967,690. The number of Insane Paupers chargeable to the Poor Rates in those places on that day is shown below :—

Number of Paupers on 1st January 1866.	Whereof were Insane Paupers.	Namely :—	
		Lunatics.	Idiots.
924,813†	39,827	29,617	10,210

Thus 4·3 per cent. of the pauperism on the 1st January last is ascribable to Insanity ; the Lunatics being 3·2 per cent., and the Idiots 1·1 per cent.

Proportion of the Sexes.

3. In regard to the sexes, 17,437 were Males, and 22,390 Females :—

Insane.	Males.	Females.	Total.
Lunatics - -	12,763	16,854	29,617
Idiots - -	4,674	5,536	10,210
Total -	17,437	22,390	39,827

Insane Paupers, 1st January 1866.

4. In the next Statement the number of Lunatic and Idiot Paupers are shown for each Division of England and Wales, with the total number of Paupers of all classes relieved on the same day.

* Inclusive of *Nine* Gilbert's Incorporations.

† Exclusive of the paupers in Eight of the Gilbert's Incorporations, from which the Poor Law Board do not receive this information. The number of *Insane* paupers, however, in these places was, on 1st January last, 91, of whom 57 were returned as "Lunatics," and 34 as "Idiots."

The Cooking of Food in Workhouses.—Communication from Dr. Edward Smith to the Poor Law Board.

Poor Law Board, Whitehall, S.W.,
31st August 1866.

Sir,

In conformity with your instructions, I have considered the various defects which exist in the cooking and distribution of the food in the Metropolitan Workhouses, and have now the honour to submit to you some general considerations with a view to remedy the more important of them.

The subject is one of acknowledged importance in every rank of life, and particularly so in workhouses, where the food supplied is very simple and somewhat uniform in its character, and where a large majority of the inmates are aged and unable to masticate and digest food with facility.

I am of opinion that it is highly desirable that the cook should be a skilled person, and, if possible, trained in an institution similar to the cheap dining halls of Glasgow and London, where plain food is well and economically cooked in large quantities at a time.

The matron should be considered as responsible for the proper performance of this duty, and should so far superintend it as to ascertain that the food is in all cases sufficiently cooked and not so far overdone that its nutritive qualities are lessened. It is also important that she should make herself acquainted with the modes of rendering the food as agreeable as possible; and, in reference to such foods as soup and puddings, of varying the flavour from time to time.

Much more skill is required in the cooking of food for the sick inmates, and the nurses as well as the cook should be able to prepare what is requisite for patients. It is also desirable that the food should be prepared near the sick wards.

The distribution of the food generally should be performed under the immediate superintendence of the master or matron, or both; and that for the sick, under paid and responsible officers, such as the head nurses.

Care should be taken to keep the food hot, and for that purpose rapidity in cutting and weighing the food, and the use of hot vessels, are needful. Hence more than one person should be employed in the operation, and the meat should be cut up upon hot-water dishes. It is also desirable that the joint of meat should be carved in places as near as possible to the dining hall or the sick wards, and that arrangements be made that the inmates may eat it at the earliest moment after the distribution has begun. When the joint is served in the infirmary wards it may be cut up either in the warm kitchen of the infirmary, as at St. Saviour's Workhouse, and upon hot plates, or the joint may be carried upon hot-water plates into each ward, as at Shoreditch, and the rations cut from it.

In carrying the food from the kitchen to the dining hall or ward a suitable apparatus should be provided similar to that now in use at the City of London Union Workhouse, by means of which the food is kept hot for a sufficiently long period.

In reference to utensils, I consider that pottery plates, basins, and cups should be used.

When the infirmary is a detached building, and of considerable size, it is important that a separate cooking kitchen should be provided within its walls.

I will only add the expression of the hope that the Guardians will, in future, take every care to diminish the waste of food, whether in cooking or distribution, which now occurs, and will direct the attention of the master, matron, and cook to the subject of this report.

I have, &c.

To the Right Honourable
Gathorne Hardy, M.P.,
President of the Poor Law Board.

(Signed) Edward Smith,
Medical Officer to the Poor Law Board.

Cooking of Food in Workhouses.—Circular to Boards of Guardians accompanying Communication No. 59.

Poor Law Board, Whitehall, S.W.,
14th September 1866.

Sir,

I am directed by the Poor Law Board to enclose, for the information and consideration of the Guardians, the accompanying copy of a communication which they have received from their medical officer, Dr. Smith, upon the subject of cooking in the workhouses. The Board consider that the suggestions of Dr. Smith are well worthy of the attention of the Guardians; and that proper care and skill in the preparation of the food of all classes of the inmates of the workhouse will not only be attended with increased comfort to them, but also with advantage to the ratepayers, from the saving of expense which will be thereby effected.

I am, &c.

To
The Clerk to the Board of Guardians.

H. Fleming,
Secretary.

3. The average daily number of inmates shows a decrease ; and we had hoped at the date of our last Annual Report, that the gradual decrease of pauperism in the workhouses since the year 1863 would be continued throughout the succeeding series of fifty-two weeks for 1866–67. That period, however, proved to be one of an eventful character, having been marked in the first place by a threatened invasion of the cattle-plague ; secondly by an actual visitation of cholera ; and finally, by the Fenian movement.

The succeeding winter was also one of extreme severity, and has been protracted to an unusual date, the whole face of the country being, at the time of writing this Report, covered with snow. A great part also of the period under consideration has been very rainy and tempestuous, creating, in addition to the usual amount of febrile complaints, an extraordinary amount of sickness and mortality by bronchitis and other diseases of the respiratory organs. Persons acquainted with the interior of Irish workhouses, and the description of cases admitted there, will easily understand that an increased number of admissions must take place during a season of the character described. It is perhaps the best proof of the value of the Irish system of poor-law relief, that the numbers in the workhouses fluctuate from time to time in almost exact accordance with the character of the seasons.

4. To the above causes must be added the decrease of employment and wages, arising from the languid state of trade during

the financial crisis, so far as the same may have affected the towns and villages of Ireland. On the other hand, agricultural enterprise was stimulated by the prospect of good prices, and the result of the harvest was such as to prove remunerative; and in no recent year has the payment of rent and taxes by the tenantry been made with more promptitude and cheerfulness. The increase of pauperism, therefore, under the circumstances described, must not be received as any positive indication of a general decrease of prosperity.

5. From the tables exhibiting the weekly series of the numbers and classes receiving in-door and out-door relief respectively, and from the two diagrams which illustrate the fluctuations, it will be seen that it was not until the first week in the month of January, 1867, that the number of inmates rose above the number at the corresponding week of the preceding year. From that time the difference between the two years continued to increase up to the second week in February, 1867. The excess on the 16th February, the last week of the series, was 1,368—the difference between 57,307 in 1866, and 58,675 in 1867. We are enabled at this time to report that in the second week of March, which is not in the series illustrated by the diagram, the number of workhouse inmates, after a short period of fine weather, went below the number in the same week of 1866; but on the subsequent return of winter, the number again rose above the line of last year, and on the 23rd March amounted to 59,141, or 2,659 in excess of the number in the same week of 1866.

6. As observed in former reports, the series of weekly out-door relief returns does not fluctuate in the same manner as the in-door series, and cannot be relied on always as indicating the comparative prevalence of distress or prosperity, sickness or health, among the working classes. The continuous and permanent increase of the numbers of out-door poor during the eight successive years on the diagram, shows a progressive change of opinion at the Boards of Guardians, and the gradual weakening of the prejudice, if it may be so called, against the allowance of out-door relief in certain appropriate, but exceptional, cases; and results in some measure also from a more liberal exercise of the provisional powers of the Relieving Officers, with less restraint from the Boards of Guardians than formerly. In the few weeks of severe frost which followed the last week in December, the weekly out-door relief returns rose from 12,712 to 18,816; and on the return of more genial weather they experienced a decline to 15,616 on the 9th of March. At the present date they are in excess of the corresponding period of last year by no less than 4,423—the difference between 13,144 in 1866, and 17,567 in 1867.

7. Reverting from the diagrams to the classes in the table given in the first paragraph, the most interesting points for comparison of the past with the preceding year appear to be the following.

The number of able-bodied inmates in the first week of January, 1866, was 9,795, comprising 2,901 males and 6,894 females; and in the same week of 1867 they were 10,243, comprising 3,015 males and 7,228 females.

The number of healthy children in January, 1867, was 15,791, compared with 15,494 in 1866.

The fever patients in the first week of 1866, were 1,504, in comparison with 1,089 in the same week of 1867.

The total number of sick in hospital in the first week of 1866 was 17,645, and in the same week of the present year, 17,205.

The weekly rate of mortality in the first week of 1866 was 4·5 per 1,000, and in 1867 at the same date was 5·3.

The paying patients, including Constabulary, in 1866 were 101, and at the same date in 1867 they were 132.

The number of blind and deaf-and-dumb inmates in 1866 was 201 of the former, and 150 of the latter, and in 1867, 205 and 156 respectively.

The number of orphan and deserted children out at nurse in January, 1866, was 475; and in 1867, at the same date, 590. In connexion with this subject it is our duty to state that the Board of Guardians of each of the Dublin Unions, to which a great part of the cases of children out at nurse belong, have, after three years' experience of the working of the enactment, expressed a wish that the law should be amended, so as to admit of the children being kept at nurse until the age of twelve years, instead of being required to return to the workhouse when five years old. We are disposed to think that a term of eight years, not dependent on the child's state of health or the consent of the Commissioners, would be a more suitable limit, the children becoming useful at that age to the persons with whom they are domiciled, and therefore in most cases not likely to return to the workhouse on the withdrawal of the annual allowance.

8. Looking at the twelfth column of the same table in successive Reports it will be seen that, in January of the year 1864, the average weekly cost of maintenance in the workhouses in Ireland, exclusive of clothing, was 2*s.*; in the same column in 1865 it was 2*s.* 0¾*d.*; in 1866 it was 2*s.* 2*d.*; and in 1867 it was 2*s.* 5½*d.* The continuous rise in the cost of provisions indicated by these comparisons, together with some improvements in the dietaries, has occasioned a material part of the increase of the relief expenditure, which will be noticed in a subsequent paragraph.

This table, compared with that of last year, gives some results which deserve notice.

The total number of deaths in the workhouses is 12,582, in comparison with 11,622 in the corresponding fifty-two weeks of last year, or an increase of 960. But this difference is little more than the difference between the eight weeks ended 10th February, 1866, and the eight weeks ended 9th February, 1867, that is to say 900 deaths—an increase no doubt attributable to the excessive severity of the winter season of 1867. It will afterwards appear that the deaths to 29th September, 1866, were fewer than in the previous year.

The deaths by fever in the workhouse fever hospitals have been only 981, as compared with 1,258 last year; and those by scarlatina only 70, in comparison with 134 in last year.

10. We have once more evidence in this table of that great diminution of mortality by small-pox which was dwelt on in the last Report, as a consequence of the very successful operation of the Compulsory Vaccination Act of 1863. In the fifty-two weeks of the period it will be seen that only 9 deaths took place from small-pox in the workhouse hospitals of Ireland, in comparison with 59 in the corresponding period of last year. In a like period in 1865 the number of deaths by small-pox in workhouse hospitals was 145; so that, from the time of the first operation of

that Act the decline of small-pox, as treated in the workhouse fever hospitals has been both remarkable and continuous. A further confirmation of this view will be found in the Dispensary Statistics in the Medical Charities branch of this Report, showing a reduction of cases of small-pox throughout Ireland from 2,000, the number which occurred last year, to 759.

The only part of Ireland for which the Registrar-General's returns furnish a means of comparison is the Dublin registration district (population 314,409), and in this district it appears that the deaths by small-pox in fifty-two weeks, ending 23rd March, 1865 were 48; while in the corresponding fifty-two weeks ending 23rd March, 1867, they were 23. In the course of the last seventeen weeks only two cases of death by small-pox have been registered, and the city of Dublin and suburbs may be said to have been for a whole year free from small-pox, except in two localities, viz., the Blackhall-street district, on the north side, and the Meath-street district on the south side of the river.

11. The amount of assistance afforded, with our consent, from the poor-rates, to enable emigrants to proceed to the Colonies or elsewhere, usually to join friends already settled, has been less in the last fifty-two weeks than in the fifty-two weeks preceding, as will be seen from the series of years in the subjoined table, continued from last Report, which shows that only £2,023 has been expended in assisting the emigration of 763 persons, in comparison with the sum of £3,425 and 1,120 persons last year.

12. When, in the spring of the year 1866, the cattle plague was expected to visit Ireland, it was very satisfactory to us to be made instrumental in providing a fund beforehand from National resources

to be placed at the disposal of the Executive Government, for the purpose of immediately stamping out the plague in whatever part of the country it might first show itself; and at the same time for compensating the owners of such cattle as might, with this view, be directed by authority to be slaughtered.*

This fund was created in pursuance of the statute 29th Vic., cap. 4, by an order under our hands and seal of the date 27th April, 1866, assessing on each union in Ireland a sum equivalent to one farthing in the pound on the rateable property therein, not to be raised by special rate, but to be paid over from the money in the hands of the Union Treasurer to an account in the Bank of Ireland and charged to the electoral divisions of each union, in the proportion of their net annual values respectively, precisely as any other item of expenditure chargeable to the union at large.

The contribution thus required from each of the 163 Unions was sent forward without objection or complaint in any quarter, and amounted, in the whole, to a sum of £13,474. The establishment of this fund at once restored confidence to the public mind, and its prompt application by the Government to the few cases of cattle plague which afterwards appeared in Ireland, was shortly followed by the total disappearance of that pestilence from the country. This exceptional item of expenditure is nearly all included in the accounts of the half year ended 29th September, 1866.

13. Another source of additional expenditure from the poor-rates has been created by the passing of the "Sanitary Act, 1866," imposing on the Guardians in all places not under the control of a municipal body, the duty of attending to the improvement of the sewerage and the removal of nuisances, in addition to that of providing special remedial measures and preventing the spread of contagion during the prevalence of epidemic disease. We have caused copies of this Act, and of all Acts or parts of Acts incorporated with it, to be printed in one volume, with a copious Index for the use of the Boards of Guardians of Unions, and Committees of Management of Dispensary Districts, and have issued from time to time circulars of instruction relating to the new duties imposed upon those bodies respectively. These circulars, together with the orders under seal, issued under the provisions of the Sanitary Act, will be found in the Appendix.

14. Simultaneously with the passing of this Act, Asiatic Cholera, which had been for some time previously raging in London and Liverpool, made its first appearance in Dublin, and in other parts of Ireland; and a full description of its career, and of the measures adopted to meet it, will be found in the Medical Charities branch of this Report. It was not difficult under these circumstances, to awaken the Boards of Guardians to a sense of the important character of their new functions under the Sanitary Act; and upon the whole, a very commendable degree of activity has been shown, and many operations conducive to the health of the community have been undertaken and carried out. Similar activity, we believe, has been shown in the large cities and towns

* See Appendix A, III., page 47.

which are under the government of Town Councils; but in the smaller class of towns, which are under the control of Town Commissioners, and over which, therefore, the Boards of Guardians possess no power, either as Sewer or Nuisance authority, we apprehend there has been, and still exists, in many cases, neglect; the Town Commissioners being reluctant to add to the taxation already required for paving, lighting, and other like purposes. We think it would be very desirable to enable the municipal bodies of the Towns last mentioned to transfer their sanitary functions, as they have in more than one case expressed their wish to do, to the Boards of Guardians of the Unions in which such Towns are respectively situated.

15. The new expenditure under the Sanitary Act, and the expenses attendant on the invasion of cholera commenced so shortly before the expiration of the Union financial year, that a very small part of it will be included in the accounts for the half year ended 29th September, 1866. Up to and beyond that date, also, it has been shown that the number of workhouse inmates was below the number in the preceding year. Nevertheless, the increase of out-door relief and the increased cost of workhouse maintenance, through a rise in the prices of food, have caused the relief expenditure somewhat to exceed that of the preceding year, as will be seen in the following comparative table.

Year ended 29th September.	Net Annual Value.	Poor Rate Lodged.	Poor Law Expenditure during the Year.						Number Relieved

Decrease,	–	–	–	–	512	–	954	–	20,062	–	–	18,823

The first heading in the above table is satisfactory, as showing a further increase of £53,861 in the aggregate amount of the net annual value of the rateable property in Ireland, making a total increase of the same since 1855 of £1,423,560. The heading "Poor Law Expenditure" shows an increase of £11,342, notwithstanding that for the 12 months ending at the same date, viz., 29th September, the number of indoor recipients of relief was less by 20,062 than in 1864–65; while the number of outdoor recipients was more by only 1,227, the total showing a decrease of 18,823 persons. The chief cause of the increased cost of relief is the enhanced price of provisions mentioned above in paragraph 8, the weekly rate of maintenance (exclusive of clothing) having advanced in one year from 2*s.* 2*d.* to 2*s.* 5½*d.* Unless a decline takes place in prices, we may expect from the subsequent serious increase of the number of inmates already commented on in paragraph 3, a further increase of expenditure in relief in the year which will end on the 29th September, 1867.

The following is a tabularized account of admissions to the Workhouse during the last year, in comparison with those of the eight preceding years.

16. Up to the date of 29th September last we had given our assent to superannuation allowances on retirement from union offices, in favour of thirty-two officers, viz., four clerks, five masters, one assistant-master, five matrons, one schoolmaster, four porters, four nurses, one ward-master, and six relieving officers.

A table containing all the particulars relating to such cases will be found in the Appendix,* to be continued in future Reports; and in this table will from time to time be noted all the allowances which may have lapsed by death of the parties receiving them, so that the existing burthen upon the rates, which is necessarily for the present an increasing one, will be ascertainable at the date of each succeeding Report.

17. We close this part of our Report with a comparative table continued from previous reports, having an additional line for the financial year ended on the 29th September, 1866.

* All sums due from Unions in Ireland under the Consolidated Annuities Act had been levied and paid over before the close of the year 1863; there will be no further sums therefore to enter under this head in future years.

From this it appears that the total expenditure from the poor-rates in 1865–66 exceeded the total expenditure in 1864–65 by £22,815, or excluding the Cattle Plague Fund, by £9,668. This excess is accounted for by the increased cost of in-maintenance, viz., £6,183, and an increase of out-door relief to the extent of £4,413. The items of decrease under Medical Charities Acts, Registration Acts, and Burial Grounds Act, are nearly balanced by an item of increase in the salaries and rations of Union Officers.

18. We have observed with much satisfaction that a sum of £59,300 is included in the Civil Service estimates for the year 1867–68 for the purpose of defraying, as in England and Scotland, part of the expense of medical salaries and medical and surgical appliances in the Irish workhouses and dispensaries. Every Irish Union has some claim to share in the benefit of this grant; but we anticipate from it a very material improvement in the medical arrangements of the Unions on the western coasts of Ireland, to which object we trust a large proportion of the grant will be applied. We allude to districts of country of great area containing a scattered and poor population, with a (comparatively speaking) very low rental; where, accordingly, there is little or no private practice, and where salaries sufficient to induce a sufficient number of competent practitioners to settle themselves, fall with great weight upon rateable property, already taxed for other local public purposes by poundage rates greatly exceeding those of more favoured parts of the country.

We have already, in our Ninth Annual Report, declared the medical arrangements made in some of these districts, especially the promontories and islands, to be quite inadequate, and incapable of remedy without such external assistance as the fund alluded to will, we trust, be permitted to supply.

The grant of £5,700, provided for in the estimates to pay the salaries of Workhouse Teachers, will enable us to insist more effectually on the employment of an adequate educational staff in several Unions, in which, from economical motives, the Guardians have not been willing to make the necessary arrangements in this behalf.

PROCEEDINGS under the MEDICAL CHARITIES ACT, IRELAND (14th and 15th Vic., cap. 68); the Act of 1858, "To make further provision for the practice of Vaccination in Ireland;" and the Act of 1863, "To further extend and make compulsory the practice of Vaccination in Ireland."

19. We now submit to your Excellency the report of our proceedings under the above mentioned Acts for the past year.

The subjoined table exhibits, for each of the last ten years, ending respectively on September 30th, a summary of the relief afforded under the Medical Charities Act, in each province, and in the whole of Ireland, distinguishing the cases attended at the dispensaries from the more serious cases attended by the Medical Officers at the patients' homes.

It appears from this summary, comparing the numbers in the two last years in the table, that there has been in Ulster, for the last year, a decrease in the numbers of dispensary cases amounting to 14,376, and in cases attended at the patients' homes a decrease of 3,257 cases; in Munster, a decrease of the former class of cases of 23.058 cases, and of the latter a decrease of 5,122 cases; in Leinster, a decrease of 14,145 in dispensary cases, and of 815 in domiciliary cases; and in Connaught, a decrease of 9,195 cases in the former, and of 1,904 in the latter class of cases. Thus, for the whole of Ireland, there has been, for the last compared with the preceding year, a diminution in the number of cases relieved at the dispensaries of 65,774 cases, and of cases visited at the patients' homes a diminution of 11,098 cases; giving a total of 76,872 cases. This is the largest diminution in the number of cases relieved that has taken place between two successive years since the enactment of the Medical Charities Act, and on no previous occasion was the decline uniform in each province, and in each of the classes of cases specified, as it has been on the present occasion. It may be presumed that an improvement in the condition of the health of the poor, and the decrease in the population of Ireland, have each contributed to this result; although heretofore we have generally had occasion to observe that, since the passing of the Medical Charities Act in 1851, the number of applicants for dispensary medical relief was steadily increasing, notwithstanding the decline of the population of Ireland.

The usual statement in detail of the medical relief afforded for the year ended September 30th, 1866, in each dispensary district in Ireland, in each province, and in all Ireland, is given in the Appendix.

20. The expenditure on dispensary medical relief for each of the last ten years ended September 29th, is exhibited in the next table, for each province, and for all Ireland.

This table shows a decrease of expenditure for the support of the dispensaries for the year ended September 29th, 1866, compared with the year before, amounting to £723. The decrease of expenditure is nearly equally divided between Leinster, Ulster, and Munster. In Connaught only has there been an increase, amounting to £402.

21. The following table gives a comparison of the several items of which the total expenditure under the three above mentioned Acts for the two last years is composed, the items being arranged as usual under six heads:—

Expenses under the Medical Charities Act, year ended 29th September:—

	1865.	1866.
1. Medicines and medical appliances, ...	£21,804	£21,429
2. Rent of Dispensary buildings, ...	7,195	7,114
3. Books, forms, stationery, printing, and advertising,	1,246	1,368
4. Salaries of { Medical Officers, . . .	70,343	70,605
{ Apothecaries, ...	2,209	2,132
5. Fuel, porters, and incidental expenses, . .	5,568	6,373
Expenses under Vaccination Act:—		
6. Vaccination fees and other expenses:—		
Fees to Medical Officers, . . £7,945	8,673	6,688 7,294
Other expenses, . . . 728		606
	£117,038	£116,315

Under the third and fifth heads in this table, viz., books, forms, &c., and fuel, porters, and incidental expenses, the expenditure was greater for the year ended September 29th, 1866, than for the year before by £122 and £805, respectively. Under the fourth head there has been an increase for the last year in salaries of Medical Officers of £262, and a decrease in salaries of Apothecaries of £77. Under the remaining heads last year's expenditure has been less than that of the previous year by £375 in medicines and medical appliances, by £81 in rent of dispensary buildings, by £1,257 in vaccination fees to Medical Officers, and by £122 in other vaccination expenses.

The average poundage on the Poor Law Valuation of Ireland (now £12,989,026) to provide for the above-mentioned total expenditure was 2·15*d.* nearly, which is slightly below that of the year before, viz., 2·17*d.*

22. In the course of last year several alterations of Dispensary districts were effected. In the Ballyshannon Union the Ballyshannon and Ballintra Dispensary Districts have been amalgamated. In the original arrangement of the Dispensary Districts of this Union it was thought advisable to constitute an exceptionally small dispensary district of the single Electoral Division of Ballintra, with the intention of putting it in charge of the Medical Officer of the neighbouring district of Lahy, in the Donegal Union, with a salary proportioned to the small area and population of the district; and consequently too small to secure the services of a separate Medical Officer. This arrangement, however, has been attended with so much inconvenience as to make the above-mentioned amalgamation desirable, although the population of the new district is much above average. In the unions of Tobercurry, Galway, Listowel, and Naas, the number of dispensary districts has been increased by one in each, with a view to afford greater facilities to the sick poor for procuring medical aid.

23. New appointments of midwives were authorised during the year in fourteen additional dispensary districts. In one of these, the Belfast District, two midwives have been appointed. There are now seventy dispensary districts in which arrangements have been made to provide the attendance of skilled midwives in cases of natural labour. It is the duty of the midwife, should anything out of the natural course occur in a case under her care, immediately to call for the assistance of the Medical Officer of the district, who thenceforth takes charge of the case.

In several dispensary districts increased facilities for procuring medical relief tickets have been afforded to the sick poor by adding to the number of members of dispensary committees.

24. The subjoined table exhibits the progress of vaccination of the poor in Ireland by the Dispensary Medical Officers for the fourteen years ended September 30th, 1866.

Although there has been a decrease in the total number of vaccinations shewn in this table during the years ended September 30th, 1865, and 1866, this is not to be regarded as unsatisfactory, under the circumstances which were explained in paragraph 28 of last Annual Report. Notwithstanding the decrease of the total number of vaccinations in these years, the vaccinations of infants falling under the operation of the Compulsory Vaccination Act have been and are still increasing, as is shown by the statistics of the next table, in which the numbers of vaccinations by Dispensary Medical Officers are given for the last three years in the above table, distinguishing those of infants born since January 1st, 1864, from those of persons born before that date, and therefore exempt from the operation of the Compulsory Vaccination Act.

25. It appears that the total vaccinations for the last year in this table compared with the year before, are fewer by 32,018 cases; but that the whole of this diminution has fallen upon vaccinations of persons born before 1864,—which class must every year diminish—while there has been an increase of vaccinations of infants coming under the operation of the Compulsory Vaccination Act for the same year of 7,570 cases. The operation of this act is still, therefore, attended with success, though with less perhaps than it ought to be. We observe with much concern that in Leinster there has been a falling off in the number of infant vaccinations for the last year amounting to 785 cases. We can conceive no other cause for this than remissness on the part of some of the Boards of Guardians, in exerting the powers conferred on them by the Legislature to enforce on parents and others having the charge of infants the duty of affording them the pro-

tection of vaccination against the terrible consequences, amongst the unprotected, of an epidemic visitation of small-pox. Such an epidemic may at any time occur, and where Guardians fail to use the powers they possess to enforce vaccination they render themselves responsible for the great loss of life and other evils almost certain to take place among persons unprotected against small-pox, if exposed to its contagion. The Dispensary Medical Officers, who are nearly all Registrars of Births, &c., and as such register the birth, and also the vaccination, of every child born in their districts, are required from time to time to furnish to the Guardians lists of children whose births, but not vaccinations, are recorded in their registers, and it can be easily ascertained in any case whether the parents of those children can plead any reasonable excuse for their default; otherwise the defaulter should be summoned before the magistrates; and we do not doubt that the steady infliction of a fine of a few shillings in all such cases would in a few years secure a nearly complete vaccination of all infants within six months of birth.

In all the provinces except Leinster the number of vaccinations of infants has been greater for the year ended September 30th, 1866, than for the year before.

The births of children registered in Ireland for the year ended March 31st, 1866, were 146,990. All the children born during that year should, under the provisions of the Compulsory Vaccination Act, have been vaccinated before the 1st of October, 1866; and of these, probably about 130,000 were proper subjects for gratuitous vaccination at the dispensaries and vaccination stations. But the table shows that the dispensary vaccinations of infants for that year were only 104,730, and therefore (making allowance for deaths under six months) no less than 25,270 cases fewer than were required for the complete vaccination of the children of the poor born in the year in question. The corresponding deficiency for the year before was estimated at 33,840, giving a difference in favour of the last year of 8,570 cases. Thus it appears, that the operation of the Compulsory Vaccination Act continues, except in Leinster, progressively successful.

26. The usual record of the number of cases of scarlatina, small-pox, and fever, registered by the Dispensary Medical Officers, is given in the Appendix for the year ended September 30th, 1866. In each of these diseases there has been a smaller number of cases for this year than for the year before, viz., 6,576 cases of scarlatina, 579 of small-pox, and 22,287 of fever, during the last year, against 6,632 cases of scarlatina, 2,000 of small-pox, and 26,566 of fever, during the year before. As regards scarlatina, the difference between the two years is inconsiderable. The cases of fever are fewer for the last than the preceding year by 4,279 cases. The numbers of cases of small-pox for the two years exhibit a still greater proportional decline of that disease, and may, we think, be received in proof of a real diminution of small-pox; although, because of the frequent concealment of it by the peasantry, when produced by itinerant inoculators, we cannot consider the numbers

returned as correctly representing the numbers of cases that actually occurred among the poor in the two years.

27. In our last Report it was mentioned that the progress of Asiatic Cholera towards the western part of the Continent induced us to address the Guardians, in the autumn of 1865, for the purpose of urging the adoption of measures, under the permanent provisions of the Nuisances' Removal and Diseases' Prevention Acts of 1848 and 1849, and the provisions of the Sewage Utilization Act, 1865, to improve the sanitary condition of their Unions, in the well-founded belief that by so doing they would have taken the most effectual means to mitigate the severity of the epidemic in the too probable event of its extending to Ireland. Again in May, 1866, the attention of the Guardians was called by circular to the same subject, in consequence of the nearer approach of the disease; and on the 27th of July, cholera being at that time prevalent in London, Liverpool, and other places on the west coast of England and Wales, copies of the circulars of October 19th, 1852, and August 23rd, 1865, were transmitted to the Guardians, giving them full information as to their powers for securing improvement of the sanitary state of their Unions, and urging the necessity for taking prompt measures to put those powers in force before the epidemic should reach us.

28. Having learned that a well-marked case of Asiatic Cholera had occurred in Dublin on the 27th of July, 1866, a circular was addressed to the Dispensary Medical Officers throughout Ireland, on the 2nd of August, requesting that, in the event of any case of Asiatic Cholera occurring in a dispensary district, the Medical Officer would at once transmit to us the particulars of the case in a special report, to enable us to communicate on the subject with the Guardians. We also immediately apprized the Government of the fact that cholera had appeared in Dublin, and recommended the issue of an Order in Council putting in force over all Ireland the provisions of the Nuisances' Removal and Diseases' Prevention Act, 1848, which relate to the prevention and treatment of epidemic disease, and bestow upon us powers under that Act, so long as the Order in Council is in force, to frame and issue regulations for the same end. An Order in Council was accordingly issued on the 3rd of August by their Excellencies the Lords Justices, and such regulations as were thought primarily necessary to meet the epidemic were issued on the 6th of August. On the 7th of August, however, the Sanitary Act, 1866, having received the Royal assent, by which Act the Nuisances' Removal and Diseases' Prevention Acts of 1848 and 1849 were repealed, it became necessary to take the above mentioned proceedings anew under the Sanitary Act, 1866. On the 17th of August the new Order of their Excellencies the Lords Justices in Council was issued under the Diseases' Prevention Act, 1855, now extended to Ireland by the Sanitary Act, 1866; and, under authority of these Acts and the Order in Council, new regulations were framed, prescribing at the same time the preliminary measures requisite to be taken before cholera should actually occur in any dispensary

district, and also after its outbreak. In the latter event, each of the dispensary districts was constituted a district for the treatment of cholera and premonitory diarrhœa, and the Dispensary Committee of Management was to become a Sanitary Committee under the Diseases' Prevention Act, 1855. The Medical Officers of the dispensary districts were appointed Medical Officers for the treatment of patients suffering under or threatened by cholera, without the presentation of ticket or recommendation of any kind. The Guardians were required to give public notice, where cholera or diarrhœa prevailed, of the arrangements made for the treatment of patients; and to adopt measures for the disinfection of houses in which cases had existed, and of clothing and bedding used by the patients, or likely to convey contagion; for house to house visitation; for the abatement of all nuisances which might favour the spread of the diseases; and for the speedy interment of those dead of cholera. The Guardians were directed, should cholera occur on board any ship not belonging to Her Majesty or any foreign government, and lying in any river or inland water of the Union, or at sea on the coast of the Union within the jurisdiction of the Admiralty, to deal with it under the new powers conferred by the eleventh section of the Diseases' Prevention Act, 1855, as regards inspection, disinfection, and treatment of the sick, in the same manner as if the ship were a house in their Union; and they were authorized, in respect to all expenses incurred in the disinfection of the dwellings of poor persons labouring under diarrhœa or cholera, and in the removal of nuisances, to defray them, in case of necessity, from the rates. The Sanitary Committees were directed to hold meetings weekly or oftener; and the Medical Officers were required to make weekly returns to their Committees, and daily returns to us, in prescribed forms, giving precise information as to the existing condition of the diseases in their districts.

29. Thus in any dispensary district in which the Guardians had made the preliminary arrangements prescribed by the 1st Regulation of the General Order of the 25th of August, it was in our power to put in motion the whole machinery for the treatment of the subjects of the epidemic in the most remote dispensary district in Ireland within forty-eight hours after the occurrence of the first case of cholera; or even, in consequence of an important improvement on the course followed in the epidemic of 1854, immediate steps for putting the regulations in force might be taken by the Guardians and Sanitary Committees, as soon as the disease appeared in their unions or districts, without waiting for further instructions.

30. The two first cases of Asiatic cholera in the present epidemic in Ireland occurred on the 27th of July. We have mentioned above that the first case in Dublin occurred on July 27th, 1866; and on the same day the first case in Wexford occurred. In our endeavour to trace the origin of the outbreak, we have ascertained the very remarkable and significant fact, that in the following cases, viz., in Dublin South City Dispensary District

(July 27th), Wexford (July 27th), Dublin North City Dispensary District (August 2nd), Belfast (August 9th), Kilkeel, County Down (August 10th), Rostrevor, County Down (August 11th), Buncrana, County Donegal (August 12th), Kilkelly, County Mayo (August 12th), Ballylinan Dispensary District, County Kildare (August 14th), Dunlavin Dispensary District, County Wicklow (August 14th), Drogheda (August 14th), Roscommon Dispensary District (September 6th), and Mountmelick, Queen's County (September 6th), the patients had in every instance just arrived in the respective localities from Liverpool where cholera at the time was rife.

In some other cases there was clear evidence of the importation of the disease. Thus, in Arklow, where the disease, having regard to the population, has been on this occasion perhaps more severe than in any other town in Ireland, it was brought (August 30th) by two sailors just arrived from on board the schooner *Crystal Palace*, lying in the Liffey, from which a sailor had been removed in cholera on the Tuesday before. In the town of Wicklow the first case occurred in a person just arrived (October 16th) from on board the *Olive*, lying at Kingstown, in which the disease existed. In the village of Cloughey, County Down, the disease was imported (October 20th) from Balbriggan, where cholera then prevailed, by a sailor, who died of the disease. Another sailor from the same boat died of cholera in the next village, on October 21st, and the disease quickly spread in the neighbourhood. The first case of cholera in Newbridge, Naas Union, occurred in the person of a cattle-dealer, who had just arrived from Manchester. He became ill on August 15th, and died on the evening of the next day. In the first case, in Killyon Dispensary District, Parsonstown Union, the patient had returned from England two days before. He died after ten hours' illness. In Youghal the disease was imported by a sailor just arrived from Cardiff (August 20th); and in Baronstown Dispensary District, Dundalk Union, the subject of the first case of the disease was a labourer, who returned from the North of England, on Friday, August 10th. He was taken ill on the next day with diarrhœa. On Sunday evening cholera was fully developed, and after a short rally, he died on the next Wednesday.

In eleven of the twenty localities some particulars of the first cases occurring in which we have just given, the disease immediately spread, with more or less severity. In the remaining instances no second case occurred.

31. A striking instance of the communication of the disease by contagion was afforded by the first case in Dublin. The girl, Jane Magee, by whom the disease was imported from Liverpool, was one of four occupants of a room in the house No. 22, City-quay. This girl died in thirteen hours after the distinct establishment of cholera. Mary Anne Meyler, aged three years, cousin of Jane Magee, the second case, became ill on July the 30th, and died after about seventeen hours' illness. The father of

this child, Christopher Meyler, the third case, aged 35, was seized at an early hour on August 1st, having been the day before in perfect health, and died after fifteen hours' illness. The last occupant of the room, widow of Christopher Meyler, became ill in the evening of the 1st of August, was removed to Sir Patrick Dun's Hospital, and died there on the 5th of August. Another remarkable case of the same kind was reported by Dr. Whistler, Medical Officer of the Bray and Rathmichael Dispensary District. Charles Ryan, a comfortable farmer, living in a very healthful situation about a mile from Bray, came into that town on December 10th, 1866, cholera being very prevalent there at the time. He was not a temperate man, and indulged freely in drink on this occasion. On his return home he was attacked the same evening with the usual symptoms of cholera, and died on the eighth day of his illness. On the 13th Catherine Molloy, a healthy, active young woman, servant in the family, but not in actual attendance on Ryan, was seized with cholera, and died after thirty-eight hours' illness. On the 15th a sister of Ryan, a robust, healthy woman, sickened and died after sixteen hours' illness; and on the 18th a boy, grand-nephew to Ryan, resident in the house, fell ill, and died on the third day of illness. The family consisted of six persons, four of whom died of the disease within ten days.

32. In many instances, on the other hand, it was found impossible to establish any connexion between the first case occurring in a new locality and any other, or any place in which the disease prevailed. We will adduce two remarkable instances of this. As has been stated above, cholera first appeared in Ireland, in the present epidemic, in Dublin and Wexford, on the 27th of July. On the 22nd of August it broke out, with a virulence for a short time very alarming, in Westport, County Mayo, quite on the other side of Ireland. Within a few days 22 cases with 13 deaths occurred, and in a short time the disease became extinct, and has not hitherto recurred. Diligent enquiry failed to connect any of these cases with any other case of the same disease, or with any infected locality.

The second instance alluded to occurred among the male prisoners in the Mountjoy Convict Prison, Dublin, and was a very remarkable instance of the apparently spontaneous origin of Asiatic cholera.

It is scarcely within our province to enter on the details of this case, the institution being under the superintendence of another department; but we may be permitted to state shortly that under the most favourable conditions of situation, air, water, food, and sewerage, the disease in a virulent form shewed itself on the male side of the establishment, numbering 280 inmates, but not on the female side, where there were 400. On 23rd December and four following days nine cases of cholera occurred, of which four were fatal. Simultaneously with 5 cases of cholera which broke out on the first day, 64 cases occurred of diarrhœa, all of which yielded to prompt treatment.

It is remarkable that this took place after cholera had ceased in every other part of Dublin and the suburbs, and when no communication could have taken place between persons in the prison and persons in any locality in which cholera was at that time prevailing.

33. In the few instances in which cholera broke out in the workhouses it does not seem to have been ascertained whether it arose spontaneously, or was imported. The instances referred to are South Dublin, Belfast, Kilkenny, Longford, and Tullamore. In every case, except that of Kilkenny, the first outbreak appears to have been followed by the almost immediate suppression of the disease; owing to the precaution, probably, which we have never ceased to inculcate, of having every case of incipient diarrhœa among the inmates promptly treated, and to the exercise of due vigilance in that respect on the part of the Workhouse Officers.

In Kilkenny Workhouse there were, from the 1st December to the 3rd January, 34 cases, of which 17 appeared to have been discharged cured on the latter date, 10 deaths having taken place.

34. Within a month after the first appearance of cholera in this country last year, it had broken out in a considerable number of localities in Leinster, especially along its eastern border; in a few places in Munster and Ulster, and in two only in Connaught. From the beginning of September the disease slowly but steadily spread westwards till towards the end of last January, when the returns of cases from the Dispensary Medical Officers had become very few; and then, for some weeks, it appeared to be extinct. New cases, however, have recently occurred at Whitegate, a village on Cork harbour; and soon after a few scattered cases were reported by Dispensary Medical Officers at Tullamore, Navan, Kells, Longford, Oldcastle, and Belfast. At the present date we are happy in being able to report to your Excellency, that for some time past no case of cholera has been reported to us from any part of Ireland. In the present epidemic the disease has prevailed seriously in Dublin, Kingstown, Bray, Westport, Limerick, Wexford, Carlow, Swords, Balbriggan, and Arklow. In no other place as yet visited by it has it extended itself to any considerable part of the population.

35. Up to December 31st, 1866, when the disease was approaching extinction, as we have mentioned, there had been reported by the Dispensary Medical Officers 3,119 cases, with 1,256 deaths in Leinster; 541 cases with 229 deaths in Munster; 87 cases with 32 deaths in Ulster; and 59 cases with 38 deaths in Connaught, giving totals for Ireland of 3,806 cases and 1,555 deaths. The cases and deaths in hospitals provided by the Guardians for cholera patients; and the cases and deaths in the hospitals supported by Parliamentary Grant, and other hospitals in the City of Dublin, amounted to 1,389 cases and 753 deaths. The total cases of cholera in Ireland, excluding 886 of the above-mentioned dispensary cases which were sent to hospital, and are also included in the hospital returns, was 4,309, resulting in 2,308 deaths,

which, compared with 5,570 cases, and 2,606 deaths in 1854, gives a per-centage mortality of 46·8 in 1854, and 53·6 in 1867. The above cases are exclusive of those arising in private practice, and of cases sent to hospital otherwise than at the expense of the Poor Rate.

36. Dealing separately with those portions of the above statistics which relate to the City of Dublin, exclusive of the suburbs, we find that there were in the recent outbreak 1,825 cases of cholera, resulting in 755 deaths of persons treated at the expense of the Unions. That is to say, in the City Dispensary Districts, 1,183 cases, resulting in 370 deaths, and in the hospitals, 642 cases, resulting in 385 deaths. There were also treated in the two Dispensary Districts of the City of Dublin 6,921 cases of diarrhœa, resulting in 61 deaths. The total number of dispensary cases of diarrhœa treated throughout Ireland during this epidemic was 25,100, with 340 deaths, in comparison with 27,423 cases with 279 deaths in 1854.

37. On a review of these comparative statements, it appears that although the recent epidemic was not quite so extensive as that of 1854, it caused a greater number of deaths in proportion to the cases of attack, and that the prevalent diarrhœa was also of a more fatal character. On both occasions the dispensary organization peculiar to Ireland showed itself to be eminently useful as a means of checking and finally overpowering the epidemic. Open night and day and affording prompt and gratuitous relief to all applicants, the dispensaries, when alarm prevails, are at once resorted to by the population of the district. In Great Britain, on the appearance of cholera, much time, trouble, and expense are required to create an organization which in Ireland is ready on the instant, and with which the people are familiar at all times.

38. The recent application of this system of medical relief to the English Metropolitan District was partly recommended on the ground of its extreme usefulness on such occasions, as will appear from the following passage in the Report of Mr. Lambert, the English Inspector sent over to Ireland to inquire into the operation of the Irish Dispensary system, with a view of seeing whether it might not be advantageously applied to the London Unions :—

"It provides," he says, "an organization always ready and capable of expansion, if necessary, to meet any outbreak of epidemic disease with promptness, while at the same time it is calculated to prevent disease becoming epidemic, and procuring the adoption of precautionary measures in any locality which may be threatened. These benefits have recently been largely realized in Ireland in reference to cholera."*

The same view was dwelt upon by the President of the English Poor Law Board in moving the first reading of the Metropolitan Poor Law Bill in the House of Commons.

* See Appendix C, IV., page 178.

39. It is right to mention that we have resorted to the exercise of the recently enacted power of enforcing adequate remuneration to the medical officers for extra service under the cholera order, in only one instance, viz., that of the North Dublin Union, having in all other cases found ourselves able to approve the amount voted by the Board of Guardians, or where we did not approve, to induce the Guardians finally to adopt our views.*

DEPARTMENTAL ARRANGEMENTS.

40. Dr. Purcell having resigned the office of Medical Inspector, through age and declining health, the vacancy thus made was filled by our appointment of Dr. Roughan, Medical Officer of Ballinrobe Workhouse, and also Medical Officer of the Cong Dispensary District in Ballinrobe Union, in the County of Mayo. In making this appointment we availed ourselves of the opportunity of promoting to an Inspectorship one of the many Poor Law Medical Officers who have served the public well and faithfully for a long period of years in one or other—or, as in this case, in both —of the capacities above mentioned.

The passing of "The Sanitary Act, 1866," has entailed upon the four Medical Inspectors an increase of official duty, under the provisions of the Sewage Utilization Acts, the Nuisances' Removal Acts, and the Acts for the Prevention of Disease, so far as the same are applicable to Ireland. Most of these duties are, to say the least, as capable of being efficiently discharged by the lay as by the Medical Inspectors; and it is impossible for these officers to decline to take part in the business arising under these Acts on their attendance at Boards of Guardians when the latter are desirous of obtaining their advice and assistance. The legal powers of inquiry possessed by Poor Law Inspectors are, however, limited to questions arising under the Poor Law Acts; and much waste of service is caused by having one and the same district subject to two Inspectors possessed of different powers and functions, and traversing the same roads in performance of different duties. We therefore feel called upon to repeat a recommendation already made by us in 1857, to the effect that every Inspector, whether lay or medical, should have powers of inquiry extending to every description of business which is under the superintendence and authority of this Commission. In the hope of obtaining this amendment, we have forborne to press for any increase of the number of Inspectors.

41. In the year 1859, on a vacancy occurring in the office of Auditor of Union Accounts, the number of those officers being then five, a reduction of the number took place at the instance of the Chief Secretary, and the vacancy was not filled up. Since that date the Burial Grounds Act, all expenditure under which requires a separate account and separate audit, has come into

* See Appendix C, V., page 184.—Since the date of this Report a similar order has been issued in the case of the Bray and Rathmichael Dispensary District of Rathdown Union.

extensive operation; and other Acts entailing new classes of expenditure from the poor-rate, as the Registration, Compulsory Vaccination, and Sanitary Acts, have been passed. We have felt the limitation to four Auditors to be an inconvenience from the first, because it necessarily delays until a late period in the session the presentation of our Annual Report to Parliament containing the audited accounts of each Union to the 29th September preceding.

We have now before us a joint representation from the four Auditors pointing out the additional labour which recent legislation has imposed upon them, and founding thereon an application to have their travelling (not personal) expenses allowed them, inasmuch as without great pecuniary sacrifice in this respect they cannot get through the duties of their districts within the time allotted. When we send forward this application to be considered by the Lords of the Treasury, we shall feel called upon to recommend very strongly either an increase of the number of Auditors to five, or the adoption of the proposal of the present Auditors, or both. The present estimate for Auditors of Union accounts in Ireland is £2,400; in England it is £17,900, besides the salary and expenses of a separate Poor Law Inspector for this class of business.

42. We have already placed before your Excellency a representation from some of the Poor Law Inspectors, who have been in the service for a period of twenty years or more, and whose salaries, including a commuted allowance for personal expenses, have stood fixed for many years at a maximum of £750 a year. We trust that should Parliament adopt the recommendation made in paragraph 40 of this Report, these claims will at once receive favourable consideration from the Lords Commissioners of Her Majesty's Treasury.

43. We have forborne hitherto to press again upon their Lordships' consideration the claims addressed to us by the Clerks of the three classes on our establishment; but we must observe that the length of service in most of these cases is greatly disproportioned to the increase of salary available by promotion or otherwise; and as the enhanced cost of living in this country tells with more force on this class than in the case of any of the other classes of officers adverted to, we trust that a reconsideration of their claims may be permitted at no distant period.

We have the honour to be,

Your Excellency's obedient, faithful servants,

A. POWER.
NAAS.

APPENDIX A.

ORDERS AND CIRCULARS OF INSTRUCTION ISSUED UNDER THE POOR LAW ACTS; CORRESPONDENCE, &c.

I.—ORDERS.

No. 1.—General Order assessing on the several Unions in Ireland the sum required under the Cattle Plague Act.

To the Guardians of the Poor of the several Unions named in the Schedule hereunto annexed; to the Treasurer of each of such Unions, and to all persons whom it may concern.

Whereas by an Act passed in the twenty-ninth year of the reign of Her present Majesty, Queen Victoria, entitled "An Act to Amend the Law relating to Contagious Diseases amongst Cattle and other Animals in Ireland," it is among other things enacted that on receipt of the certificate of the Chief Secretary or Under Secretary of the Lord Lieutenant to the effect that a sum equivalent to a certain poundage, to be specified in said certificate, on the net annual value of the property rateable to the poor in all the unions in Ireland, is required for the purpose of providing a fund for defraying the expenses of carrying the said Act into execution, and for compensating the owners of cattle, the slaughter of which may be compelled by authority, it shall be lawful for the Commissioners for administering the laws for relief of the poor in Ireland to assess such sum by an Order under their Seal, upon the several unions, in proportion to the net annual value of the rateable property therein, according to the valuation in force for the time being; and the said Commissioners shall make such Order, and shall transmit to the Board of Guardians and to the Treasurer of each Union, a copy thereof, stating the amount so assessed on such union; provided that no such Certificate or Order shall authorize the assessment of more than one halfpenny in the pound on the net annual value of the rateable property as aforesaid.

And whereas it is further enacted that forthwith on the receipt of such Order, the Treasurer of the Union shall, out of the funds then lying in his hands to the credit of the Guardians, or, if there shall be then no sufficient assets, out of the moneys next received by him, and placed to the credit of the Guardians, pay over the amount so assessed on the union to the Bank of Ireland, to be there placed to a separate account, to be entitled the "Cattle Plague Account;" and the Guardians of the union shall, in their account with the electoral divisions of the union, debit each electoral division with its proportion of the said sum, according to the net annual value for the time being of the rateable property situate in each such division.

And whereas a certificate, under the hand of the Under Secretary of the Lord Lieutenant, bearing date the eighteenth day of April instant, has been received by us, the Commissioners for administering the Laws

for Relief of the Poor in Ireland, in which it is certified that a sum of thirteen thousand four hundred and seventy-four pounds sterling, being equivalent to a rating of one farthing in the pound on the net annual value of the property rateable to the poor in all the unions in Ireland, is required for the purpose of defraying the expenses of carrying the said recited Act into execution, and the other purposes in the said Act mentioned.

Now, therefore, in pursuance of the hereinbefore recited provision of the said Act, we do hereby assess the said sum of thirteen thousand four hundred and seventy-four pounds upon the several unions in Ireland, in proportion to the net annual value of the property in each union rateable to the relief of the poor, according to the valuation thereof now in force, as follows, that is to say, we assess upon each union the amount set opposite to its name in the Schedule hereunto annexed.

WODEHOUSE.

I, JOHN, BARON WODEHOUSE, Lord Lieutenant-General and General Governor of Ireland, do approve this Order.

By His Excellency's command,

THOMAS A. LARCOM.

No. 2.—General Order prescribing Form of Contract for Medical and Surgical Supplies.

To the Guardians of the Poor of the several Unions named in the Schedule to this Order annexed, and to all persons whom it may concern.

Whereas by a General Order under our Seal, bearing date the nineteenth day of January, 1852, for regulating the meetings and proceedings of Boards of Guardians in Ireland, we, the Commissioners for administering the Laws for Relief of the Poor in Ireland, have, among other things, ordered and directed, as follows:—

"Article 16.—All contracts to be entered into on behalf of the union, relating to the maintenance, clothing, lodging, employment, or relief of the poor, or for any other purpose relating to, or connected with, the general management of the poor, shall be made and entered into by the Guardians."

"Article 21.—The contracts shall be in such form as the Commissioners may, from time to time, prescribe or approve, if any form shall have been prescribed or approved for that purpose by the Commissioners."

And whereas by another General Order under our Seal, prescribing general rules and regulations for the government of dispensary districts, and bearing date the sixteenth day of December, 1853, we have, among other things, directed, as follows:—

"Article 26.—The Board of Guardians shall, on receipt of the estimates of the requirements of each dispensary in the union, from time to time, and the requisition of the Committee of Management thereon, cause the necessary supplies to be immediately furnished for the use of such dispensary district."

And whereas it appears to us to be expedient to prescribe a special form of contract to be entered into by persons undertaking to supply to the Board of Guardians for the use of a workhouse or dispensary in any union in Ireland, drugs, medicines, and medical and surgical appliances, so as to ensure, as far as possible, the supply of articles of a proper quality:

Now, therefore, in exercise of the powers and authorities vested in us under the provisions of the Acts in force for the Relief of the Poor in Ireland, we do hereby order and direct that in making contracts for the supply of drugs, medicines, and medical and surgical appliances for the use of a workhouse or dispensary in any union in Ireland, the Guardians of such union shall adopt and make use of the form of contract hereinafter set forth.

And we do hereby further order and direct that the person or persons so contracting shall be required to enter, with two sureties who may be approved by the Board of Guardians, into a bond according to the form of bond annexed to the said form of contract, in such penal sum as the Board of Guardians shall think fit, conditioned for the due performance of the contract.

Form of Contract and Bond hereinbefore referred to.

And that, notwithstanding the agreement hereinbefore contained for making good the articles which shall not be served, supplied, and delivered according to the terms hereinbefore agreed on and in pursuance of this contract, the said Guardians of the Poor of the Union may put in suit the Bond to be given for the performance of this contract, of even date herewith, against the said and sureties, their and each of their executors or administrators.

ABERCORN.

I, JAMES, MARQUESS OF ABERCORN, Lord Lieutenant-General and General Governor of Ireland, do hereby approve this Order.

By command of His Excellency,

THOS. A. LARCOM.

II.—CIRCULARS.

No. 1.—Cattle Disease Act.

Poor Law Commission Office, Dublin,
28th April, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to state, for the information of the Board of Guardians, that having received from the Under-Secretary of the Lord Lieutenant a certificate, under the provisions of the "Cattle Disease Act," to the effect that a sum of £13,474, being equivalent to one farthing in the pound on the net annual value of the rateable property in Ireland, is required for the purposes of that Act, they have, in accordance with the further directions of the Act, made and issued an Order assessing the above sum on the several Unions in Ireland according to the valuation in force for the time being.

A copy of the Order is sent herewith, for the information of the Guardians, from which they will see that the amount so assessed on * Union is £ *.

A copy of the Act and a copy of the Order have been transmitted to the Treasurer of the Union for his guidance and direction.

The Guardians will observe that by the 14th section of the Act any part of the fund thus raised for the expenditure of which no occasion shall arise, will be returned to the Treasurer of the Union to be credited to the Electoral Divisions in the same proportion as that in which those Divisions have contributed to the fund.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk, Union.

No. 2.—Cattle Disease Act.

Poor Law Commission Office, Dublin,
28th April, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you herewith, for your information and guidance, a copy of an Order under their seal which has been issued in pursuance of the provisions of the 10th sec. of "The Cattle Diseases Act (Ireland), 1866," (29 Vic., c. 4), on the certificate of the Under-Secretary of His Excellency the Lord Lieutenant, assessing the sum of £13,474 on the several Unions in Ireland.

A copy of the Act is also enclosed, and the Commissioners desire to draw your attention to the 10th and 11th secs. thereof, under the latter of which it is your duty, in pursuance of the terms of the Order, to transmit to the Bank of Ireland forthwith the sum of £ *, being the amount which has been assessed, in accordance with the 10th sec., on the * Union, from the funds now in your hands to the credit of the Board of Guardians; or, if there be now no sufficient assets, out of the moneys next received by you to the credit of the Guardians.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Treasurer of the Union.

* The names of the Unions and the sums assessed will be found in the Schedule to the Order, page 36.

No. 3.—Cattle Disease.

Poor Law Commission Office, Dublin,
8th June, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland, transmit herewith, by desire of His Excellency the Lord Lieutenant, copies of a pamphlet containing the "Cattle Disease (Ireland) Act," and the several Orders in Council heretofore made, and relating to Ireland, on the subject of the Cattle Plague.

It is desirable that the information contained in this pamphlet should be diffused as widely as possible, and with that view a sufficient number of copies is transmitted to enable you to give one to every member of the Board, and to reserve an equal number for the use of any Committees which may have been formed in reference to the Cattle Plague, in pursuance of the suggestion communicated in the Commissioners' circular letter of the 30th January last, and for distribution among persons desirous of obtaining information on the subject.

It will be seen that the Order in Council of the 20th January last, which accompanied the Commissioners' circular of the 30th January, has been revoked by the Order of the 22nd May, by which new regulations have been made.

The Commissioners desire, at the same time, to draw the attention of the Guardians, and of any Committees which may have been formed as above mentioned, to the propriety of impressing upon the farmers and owners of stock the great importance of making known at the earliest possible moment any case which there may be sufficient reason to believe is one of cattle plague. It is important that this should be done promptly, not only with a view to steps being taken to arrest the spread of the disease, but also in the interests of the owner of the animal; inasmuch as it is only where cattle have been slaughtered by direction of the Inspector under the Order that provision is made for compensating the owner, such compensation being limited to one-half the value when the animal is under the disease, and to three-fourths of the value in other cases.

By the 5th paragraph of the Order in Council of the 22nd May, it is ordered that every person having in his possession or under his custody any animal labouring under or having symptoms of the said disorder (which symptoms are fully described in the same Order) shall forthwith give notice thereof to the nearest Constabulary station of the district within which such animal is.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of each Union.

No. 4.—Burial of Poor Persons.

Poor Law Commission Office, Dublin,
29th June, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you herewith, for the information of the Board of Guardians, a copy of the Act 29 Vic., c. 38, which received the Royal assent on the 11th instant, to enable Boards of Guardians to provide Coffins and Shrouds for the Burial of Poor Persons who, at the time of their Death, were not in receipt of Relief from the Poor Rates.

It will be observed that under this Act it is now lawful for the Board of Guardians (or in case of urgency for the Relieving Officer) to provide Coffins and Shrouds for the interment of poor persons dying within the Union, although such persons may not at the time of their death have been in receipt of relief under the Poor Relief Acts or dependent for support on any person receiving such relief.

The power thus given is to be exercised subject to any rule which the Commissioners may make in that behalf; but the Commissioners do not at present propose to issue any rule which would interfere with the exercise of the discretion of the Board of Guardians to the full extent authorized by the Act.

In regard to the expenses incurred under the Act, it will be seen that such expenses are made chargeable to the Electoral Division or to the Union at large, as the case may be, in like manner as the deceased person would have been chargeable if he had been in receipt of relief at the time of his death.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of each Union.

No. 5.—Contracts for the supply of Medicines.

Poor Law Commission Office, Dublin,
15th March, 1867.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have on several occasions had their attention directed to the subject of Contracts for the supply of medicines and medical and surgical appliances, and from information which has from time to time reached them, they think there can be no doubt that in some instances, where contracts are taken on low terms, medicines of inferior quality are supplied.

The subject is one of considerable importance, inasmuch as the supply of inferior medicines may materially affect the success of the Medical Officers' treatment of disease, and it is therefore important, in an economical point of view as well as in reference to the welfare of the sick poor, that the medicines placed at the disposal of the Dispensary and Workhouse Medical Officers should be of good quality, and such as the Medical Officers can rely upon when prescribing them.

The principal difficulty which has presented itself in the way of securing this desirable object, has arisen from the circumstance that the Guardians are not, as in the case of ordinary supplies, in a position to judge of the quality of the articles, by means of samples, before entering into the contract, and hence, when contracts are taken at prices which are known to be unremunerative for genuine articles, it is to be expected that inferior articles will be supplied.

In order to provide, as far as practicable, a remedy for this state of things, the Commissioners have issued a General Order under their seal, prescribing a Form of Contract to be used by Boards of Guardians in contracting for supplies of medicines and medical and surgical appliances, which comprises a condition that any article or articles which may be supplied under it, and which shall be considered to be not of good quality, or not in conformity with the terms of the Contract, may be referred to some person, to be named by the Commissioners, whose decision thereon is to be final; and further, that the Contractor shall take back and replace any articles which may be declared by the referee not to be of good quality, or of the quality contracted for.

The Commissioners have obtained the authority of the Lords Commissioners of Her Majesty's Treasury for the employment of competent professional persons for this purpose, without expense to the Union.

A copy of the Order is enclosed,* and the Guardians should obtain a supply of the Form of Contract and Bond therein prescribed for use in obtaining supplies of medicines and medical and surgical appliances in future.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of each Union.

No. 6.—Contract for Medicines.

Poor Law Commission Office, Dublin,

Sir, 6th April, 1867.

Adverting to the Form of Contract prescribed by the General Order of the 28th February last, the Commissioners for administering the Laws for Relief of the Poor in Ireland recommend that, where medicines are contracted for, the space in the Contract intended for an enumeration of the articles contracted for, should be filled up by inserting under the heading "Articles" the words, "such medicines as are enumerated in the annexed list of medicines marked B, and tendered for therein by the said to be supplied in accordance with the terms of his contract;" and under the heading "Rates or Prices" the words, "the rates or prices written opposite to such medicines respectively in the said list of medicines marked B." Other articles contracted for at the same time must be specified separately in the form. The list of medicines marked B, and containing the prices tendered for by the Contractor, should bear his signature.

A specimen form is enclosed.

B. Banks, Chief Clerk.

To the Clerk of each Union.

III.—CORRESPONDENCE ON THE SUBJECT OF RAISING A FUND TO BE USED WITH REFERENCE TO THE CATTLE PLAGUE.

LETTER from the COMMISSIONERS to the UNDER-SECRETARY of the LORD LIEUTENANT.

Poor Law Commission Office, Dublin.

SIR, 5th February, 1866.

In reference to the recent Order in Council relating to the Cattle Plague, copies of which (by command of His Excellency the Lord Lieutenant) have been sent to all the Boards of Guardians in this country, the Commissioners for administering the Laws for the Relief of the Poor in Ireland beg to submit to His Excellency the following suggestions, as those which have occurred to them upon the subject.

The efficacy of the Order in Council would no doubt be greatly increased, and its execution much facilitated, if previously to any outbreak occurring in Ireland a fund were brought into existence from which the owners could be compensated, either wholly or in part, for the slaughter of the cattle attacked by the disease. Should any such course be proposed to be adopted by the Government, the present appears the most proper and convenient time for creating such a fund, from *general* sources, inasmuch as when the outbreak occurs the case becomes one of local rather than of general concern, and the comparatively narrower limits of the County, the Union, or the Electoral Division will appear to many persons the more natural areas for raising the fund; but so long as it remains uncertain where the infliction will fall, the entire area of Ireland is not only the natural one, but that which can be used with most effect, and with the least pressure of taxation.

Assuming the poor-rate to be the proper source of the proposed fund, about which point some difference of opinion has been expressed, the general impression appears to be that a rate of 6*d.* in the pound over the

whole country would be required, a rate which would raise more than £300,000.

It appears, however, to the Commissioners that a more practical course would be to provide in the first instance a very much smaller sum, which, if Parliament should adopt the necessary measures, could be raised immediately afterwards, not by a separate rating and collection of rate, but out of the existing funds of Electoral Divisions, in the hands of the Union Treasurers. What the Commissioners propose, therefore, is to provide a fund of no more than £25,000, to be raised by an order on all the Union Treasurers to remit to an account in the Bank of Ireland a sum equivalent to one halfpenny in the pound on each Electoral Division, such sum being made chargeable to each Division in its account with the Board of Guardians.

This would be precisely equivalent to a general rating of one halfpenny in the pound over the whole country, but its realization would be more prompt and expeditious, and far more convenient and economical than by a separate rating and collection.

The question of raising in a like manner any further sum at any future time would of course depend on future contingencies, such as the success or absence of success attendant on the application of the fund to the purpose suggested. If happily no occasion should arise at any time for such an application of the fund, the contributions can easily be returned to the Union Treasurers, and replaced to the credit of the Electoral Divisions.

The nature of the machinery proposed to be used for realising the fund will be best explained by reference to the Annual Report of 1849, which at page 84 and following pages shows the orders issued for a general rate under the provisions of the Rate-in-aid Act.

It may be right to add that the general rates made under the provisions of the last-mentioned Act were raised, applied, and finally accounted for without any loss or discrepancy of even the smallest amount.

In the present case the difficulties attending the operation would be far less than in the case of the rate-in-aid, great opposition having been shown to that measure in many parts of Ireland, which were called on to contribute to the fund without any prospect of deriving benefit from it, whereas at the present time there is no part of Ireland, nor any class of ratepayers, which may not expect to derive benefit from the application of the fund.

By order of the Commissioners,

B. Banks, Chief Clerk.

To General Sir Thomas Larcom, K.C.B., &c.,
Dublin Castle.

Case of MARY LANDER *and* CHILDREN, *removed from Swansea to Dublin.*

[Continued from Nineteenth Annual Report, page 56.]

No. 1.—LETTER from the UNDER-SECRETARY of the LORD LIEUTENANT to the COMMISSIONERS.

GENTLEMEN,

I am directed by the Lord Lieutenant to transmit herewith, for your information, the enclosed file, relative to correspondence which has taken place on the subject of the removal of Mary Lander and her children from Swansea Union to Ireland. I am to request that these papers, being in original, may be returned.

The Board request to be furnished with any observations which the Guardians may desire to make, with regard to the case of the paupers referred to in the Commissioners' Report.

No. 3.—LETTER from the CLERK of SWANSEA UNION to the POOR LAW BOARD.

Swansea Union, Swansea,
MY LORDS AND GENTLEMEN, 20th April, 1866.

In reply to your letter of the 11th April instant, forwarding copy of a Report from the Poor Law Commissioners in Ireland, with reference to the removal of an Irish pauper, I have to make the following observations.

A warrant for the removal of the pauper Mary Lander and her two children was duly obtained by me, on behalf of the Guardians of this union, and I employed a person to take her to Bristol, where she was

delivered to the Steward of the steamer, and her fare paid as a fore-cabin passenger. No wilful detention was committed. Other Irish paupers were removed at the same time in another steamer from Bristol. Their fares were also paid as cabin passengers, and were seen in the fore-cabin.

I regret if any irregularity has occurred in the removal of this pauper. I may add that the pauper had not been in Swansea one year without relief.

I am, &c.,

(Signed), G. B. Haynes, Clerk.

To the Poor Law Board, Whitehall, London.

No. 4.—Letter from the Poor Law Board to the Clerk of Swansea Union.

Poor Law Board, Whitehall, S.W.,
26th April, 1866.

Sir,

I am directed by the Poor Law Board to acknowledge the receipt of your letter of the 20th instant, in which, with reference to their letter of the 11th instant, you furnish them with a statement of the circumstances attending the removal, from the Swansea Union to Ireland, of the pauper Mary Lander and her children.

The Board direct me to refer the Guardians to section 4 of the Statute 24 & 25 Vic., cap. 76, and to enquire whether they consider that the provisions of that section were duly complied with in the removal of Mary Lander and her family.

I am, &c.,

(Signed), Enfield, Secretary.

To G. B. Haynes, esq., Clerk to the Guardians
of the Swansea Union, Swansea.

No. 5.—Letter from the Poor Law Board to the Chairman of the Board of Guardians of Swansea Union.

Poor Law Board, Whitehall, S.W.,
17th October, 1866.

Sir,

I am directed by the Poor Law Board to transmit, for the information of the Guardians of the Swansea Union, the accompanying copy of letters which the Board have had occasion to address to Mr. Haynes, Clerk of the Union, relating to the case of Mary Lander and her children, who were removed from the Swansea Union to Ireland.

As the Board, notwithstanding their repeated communications to the Clerk, have failed to obtain any reply to their letters upon this subject, I am directed to request that the Guardians will be good enough to require him to furnish the Board with an immediate answer to their letters.

I am also directed to request that the Guardians will call upon Mr. Haynes for an explanation of his neglect, and will forward a copy of it to the Board, together with their own observations upon the subject.

I am, &c.,

No. 6.—Letter from the Chairman of the Board of Guardians of Swansea Union to the Poor Law Board.

Bryn, Newydd, Swansea,
18th October, 1866.

My Lords and Gentlemen,

I beg to acknowledge the receipt of your letter of the 17th instant, forwarding for the information of the Guardians copies of letters addressed by your Board to Mr. Haynes, relating to the removal of Mary Lander and her two children from this union to Ireland.

The letters were this day read to the Board, and Mr. Haynes was directed to furnish your Board with a reply thereto immediately.

The Guardians regret that Mr. Haynes should have neglected answering your letters.

I have, &c.,

(Signed), Charles Thomas Wilson, Chairman.

To the Poor Law Board, Whitehall, London.

No. 7.—Letter from the Clerk of Swansea Union to the Poor Law Board.

Swansea Union, Swansea,
24th October, 1866.

My Lords and Gentlemen,

In reply to your letter of the 26th April last, in reference to the removal of Mary Lander and her children to Ireland, and enquiring whether the Guardians considered that the provisions of the 4th section of the 24th & 25th Vic., cap. 76, had been duly complied with, I am directed to state that in this case the same steps were taken, and the same course adopted, as in several other removals of Irish paupers, viz., sending a person with the paupers on board the steamer, and taking a memorandum from the Captain of the steamer that he had received such paupers.

This the Guardians considered a compliance with the section of the Statute above referred to.

In relation to my neglect in not replying to your letter, I can only express my deep regret for the omission, and for the inconvenience thereby caused. I mislaid your letter of the 26th April, and from time to time delayed writing your Board for a copy thereof. I sincerely hope for the future to answer all communications in due time. Again expressing my regret,

I remain, &c.,

(Signed), G. B. Haynes.

To the Poor Law Board, Whitehall, London.

No. 8.—Letter from the Poor Law Board to the Clerk of Swansea Union.

Poor Law Board, Whitehall, S.W.,
5th November, 1866.

Sir,

I am directed by the Poor Law Board to acknowledge the receipt of your letter of the 24th ultimo, which is in reply to their letter of the 26th April last, relative to the removal of Mary Lander and her children from the Swansea Union to Ireland, and in explanation of your neglect to reply to that letter, though the Board had twice recalled your attention to it.

It appears from your statement that it is the practice of the Guardians of the Swansea Union, in removing paupers to Ireland, to send "a person with the paupers on board the steamer, and taking a memorandum from the Captain of the steamer that he had received such paupers;" and that the same steps were taken, and the same course adopted, in the case of Mary Lander and her children; and you state that the Guardians considered this a compliance with section 4 of the Statute 24 & 25 Vic., cap. 76.

The Board have learnt with much surprise the view which the Guardians have taken of the enactment on the 24 & 25 Vic., cap. 76, sec. 4. The Board consider that the course of proceeding which the Guardians have adopted with regard to Irish removals, is not in accordance with the law, and that the person to whose charge the paupers now in question were delivered may have rendered himself liable to the penalty imposed by the 4th section of the 26th & 27th Vic., cap. 89.

The 4th section of the 24 & 25 Vic., cap. 76, taken in connexion with the 1st section of the 26 & 27 Vic., cap. 89, requires that the warrant shall order the removal of the poor person to be made to the place mentioned therein, and that the persons charged with the execution thereof shall cause the poor person with his family (if any) to be safely conveyed to such place.

The Board trust that the Guardians, in the event of their again causing any poor persons to be removed from their union to Ireland, will give such directions as will secure the removal being effected in due conformity with the law.

The Board have had under their consideration your explanation of the cause of your neglect to reply to their letter of the 26th April. They desire me to inform you that they look upon your explanation as being extremely unsatisfactory; and that if any wilful neglect of a similar nature should hereafter occur on your part, they will not be prepared to pass it over.

I am, &c.,

(Signed), ————, Secretary.

of the Swansea Union, Swansea.

ENCLOSURE in the foregoing LETTER.

Board Room, Township of Toxteth-park,
26th April, 1866.

OBSERVATIONS of the GUARDIANS of the POOR of the Township of Toxteth-park, in the County of Lancaster, on a CORRESPONDENCE forwarded to them by the Poor Law Board, relative to the removal of ELIZABETH FINN and CHILDREN from the said Township of Toxteth-park to the Wexford Union in Ireland.

The order for the removal of these paupers is good in substance, and was not made behind the back of the pauper, as stated in the report of Messrs. Marsh and Barratt. The first time Elizabeth Finn was taken before the Justices she refused to be sworn, and the statement made in her deposition, that the Justices declined to grant an order for her removal, is false. On this occasion she stated for the first time that her husband was born in Liverpool, and, by the desire of the officer who made the application, the making of the order was deferred, to admit of enquiry into the alleged settlement of the husband in England. This statement of hers turned out to be another effort to avoid removal, and was totally false, like several others, as the report of the gentleman entrusted with the preliminary enquiry fully testifies.

As she had refused to be sworn, the Order was made upon the evidence of an officer of

the township, who had made the fullest inquiry into the whole matter, and she was present before the Justices at the time the Order was made,—this explains the introduction into the order of the words, "A competent witness."

The pauper is an untruthful, bad woman, and used the most filthy and disgusting language towards the officers.

The Guardians are of opinion (differing from Messrs. Marsh and Barratt) that the desertion in the case was complete.

The husband left his wife and children, and she stated that she did not know where he was, and his going away caused his family to become chargeable to the township; but, judging from Messrs. Marsh and Barratt's report, it appears that he was absent from her by collusion, and to contend that this should not be construed as desertion would be to allow the paupers to take advantage of their own wrong-doing.

The woman, with oaths and curses, declined to go, after being frequently civilly requested not to make it necessary for the officers to use force. She was removed from the Workhouse in the presence of several members of the Board, who were visiting the Workhouse, and of several officers, and all concur that it was clearly her own foolish resistance to a lawful order which rendered necessary the compulsory means which were used.

With respect to the allegation that the warrant was addressed to the wrong union, the Guardians find that the parish officers and the clerks to the Justices often experience great difficulty (owing chiefly to the paupers' purposed reticence, and being, as in this case, unable to read, write, or spell) in ascertaining the place of birth, or continued residence for three years, in Ireland, their only guide being a list of townlands comprised in the several unions in Ireland, and a map of the country. A duplicate of the order was sent to the Guardians of the Wexford Union several days before the removal of the paupers, but they remained perfectly silent on the alleged discrepancy.

The Guardians dissent from the opinion of Messrs. Marsh and Barratt, that the removal ought to have been made to the place of the husband's birth, and not to that of the pauper. To warrant this course, the husband must have been residing with his family at the time of the application of the Order. The Guardians are also advised that the warrant in question was in effect as prescribed by the 1st schedule to the 26th and 27th Vic., cap. 89, the exact form being rendered unnecessary, by specific words in the 6th section of the last-named statute.

With reference to the complaint that the paupers were conveyed to Ireland as deck passengers, the officer who had charge of them states that they were, or might have been, between decks during the whole of their passage.

The Guardians beg to give the assurance that they are actuated by no other motive than that of carrying out the law in a spirit of humanity and fairness; but they regret that, in their experience relating to the execution of the Irish removal statutes, they have seen exhibited by the authorities in Ireland, and the press of that country, a discourteous demeanour, and an inclination, by publishing incredulous reports and sensational paragraphs, to provoke public scandal and to throw odium upon Boards of Guardians in England who might seek to avail themselves of a law to remove the chargeability of Irish poor, who in this township alone cost 1*s.* 9*d.* out of 2*s.* 6*d.* in the pound expended in the total relief of the poor.

No. 4.—Letter from the Commissioners to Messrs. Marsh and Barratt.

Poor Law Commission Office, Dublin,
15th May, 1866.

Gentlemen,

The Commissioners for administering the Laws for the Relief of the Poor in Ireland transmit to you herewith a copy of a letter addressed by Mr. Cleaver, Clerk to the Guardians of the Township of Toxteth-park, to the English Poor Law Board, in reference to the case of Elizabeth Finn and her children, who were removed from that township to Wexford in the month of January last, and in regard to which you made a preliminary inquiry, under the 7th section of the Act 26 and 27 Vic., cap. 89, and the Commissioners will feel obliged by your favouring them with any further observations you may wish to make on the subject.

By order of the Commissioners,

B. Banks, Chief Clerk.

Messrs. Marsh and Barratt, Solicitors,
Warrington.

No. 5.—Letter from Messrs. Marsh and Barratt to the Commissioners.

Wexford Union—Elizabeth Finn's Removal.

Gentlemen, Warrington, May 16, 1866.

We have to acknowledge receipt of your letter of the 15th instant, No. 10,010/66, transmitting a copy of a letter from Mr. Cleaver, Clerk to the Guardians of the township of Toxteth-park, with observations of the Guardians, commenting on our report on this removal.

That the order was made behind the back of the pauper, was not a statement of ourselves, but an allegation of the pauper in her deposition in Ireland. Her evident untruthfulness, of which we shewed several instances in our report, prevented us from adopting her statement, beyond pointing out to what extent it was corroborated by a remarkable approximation of dates—by an alteration in the date of the warrant from the 18th December to the 6th January, and by another alteration, substituting "a competent person" for the name of the pauper as the person giving evidence. The Guardians' explanation of these facts is before you, and if the Board consider such explanation satisfactory, it will in no way impeach the accuracy of our report.

The Guardians state that "the first time Elizabeth Finn was taken before the Justices," by which we understand the 18th December, "she refused to be sworn, and the statement made in her deposition, that the Justices declined to grant an order for her removal, is false." This is, at least, a strong phrase, it being admitted that on that occasion the order was not granted, but was "deferred to admit of inquiry into the alleged settlement of the husband in England." Granting that it was false that he had an English settlement, it is not now denied that the pauper had a husband, and that that fact was disclosed to the Justices and the Guardians on the 18th of December. At that stage, the inquiry as to the birth settlement of the wife became, in our view, unimportant, and the inquiry ought to have been directed to the birth settlement of the husband, as pointed out in our report.

We do not feel called upon to pursue the argument on the legal question, whether the husband's absence from his wife, subsequent to his return from America, was a case of desertion. Chief Justice Erle's definition of desertion, in the case referred to in our report, is "an absenting without reasonable prospect of return." The Guardians adduce our report as confirmatory of their suggestion that Finn was absent from his wife by collusion. The fact may have been so, but nothing which we have written indicates it. If it be so, our argument is strengthened; for the Guardians' doctrine of collusive desertion seems to us to be a contradiction in terms. Possibly the Guardians, in contending, in another part of their observations, that to warrant removal to the place of the husband's settlement "he must have been residing with his family at the time of the application of the order," mean only that he must not have been absent under circumstances amounting in law to desertion. If they mean more than this, we can only again refer to Reg. *v.* All Saints, quoted in our report, which only differed from this in being a case of parent and child instead of husband and family, the principle in both cases being that relief given to wife or unemancipated children is relief given to the head of the family.

If Oulart had been erroneously stated to be in the Wexford Union, the mistake would have been ground of appeal as matter of fact. The omission to state the fact at all made the order, in our opinion, bad on

the face of it, as matter of law, inasmuch as it showed no ground for selecting the Wexford Union rather than any other union in Ireland. The 6th section of the 26 & 27 Vic., c. 89, does not authorize the omission of essential statements, but only "such changes in the names and descriptions of persons and places as the circumstances of the case may render necessary."

We abstain from noticing any of the observations which do not arise out of our report on the preliminary inquiry.

We have the honour to be, gentlemen,

Your most obedient humble servants,

MARSH AND BARRATT.

To the Commissioners for administering the Laws for the Relief of the Poor in Ireland, Poor Law Commission Office, Dublin.

No. 6.—LETTER from the COMMISSIONERS to the UNDER-SECRETARY of the LORD LIEUTENANT.

Poor Law Commission Office, Dublin,
SIR, May 18, 1866.

The Commissioners for administering the Laws for the Relief of the Poor in Ireland return to you herewith the file of correspondence, which you referred to them on the 11th instant, relative to the removal of Elizabeth Finn and her four children from the township of Toxteth-park to the Wexford Union, in the month of January last.

In returning these papers, the Commissioners respectfully submit to their Excellencies the Lords Justices that the explanation afforded by the Guardians of Toxteth-park, in the letter of Mr. Cleaver to the Poor Law Board, is not satisfactory, and does not alter in any material degree the character of the proceeding complained of.

The woman's assertion, that she was not present on the occasion of the second application to the Magistrates, is denied, and it must be presumed that the denial is correct; but this appears to the Commissioners to be the only point in their first representation to His Excellency which has been successfully controverted.

The fact now appears to be that, Elizabeth Finn refusing to be sworn, no deposition was on either occasion obtained from her, and that the circumstance of her having been born in Ireland, the place of her birth in that country, and the other facts stated in the order, which are usually and necessarily (see form of examination prescribed by the Act 8 & 9 Vic., cap. 117) derived from the pauper, were obtained from some "competent witness," whose name is not mentioned, and whose deposition has not been furnished, although applied for in due course under the provisions of the statute. This witness is said to have been one of the officers of Toxteth-park, but how he was enabled to depose to such facts as those recited in the warrant, does not appear.

The Guardians of Toxteth-park affirm that the desertion of the wife and children by the husband was complete, on the ground that she told them she did not know where he was, and that through his absence she and the children became chargeable. They further suggest that he was absent from his wife by collusion; but this appears to the Commissioners to be incompatible with the fact of a desertion, which, by Chief Justice Erle's definition, is "an absenting without reasonable prospect of return."

If not deserted, the woman was not removable as being herself the recipient of relief, but only together with her husband; and to his, not to her, place of birth in Ireland.

The other facts which were stated in aggravation of this proceeding—viz., the violence used to enforce this illegal warrant, and the deck passage in stormy weather, are not denied; nor is any allusion made to the fact that the husband and wife thus illegally and violently separated from each other, on the unfounded pretence of desertion, are now again living together in Liverpool.

By order of the Commissioners,

B. Banks, Chief Clerk.

Sir, June 13, 1866.

I am directed by Secretary Sir George Grey to transmit to you, with reference to your letter of the 22nd ultimo, a copy of a letter from the Poor Law Board, with respect to the case of the pauper Elizabeth Finn and her children; and I am to request that you will lay the same before the Lord Lieutenant.

I am, sir, your obedient servant,

To Major-General Sir Thomas Larcom, K.C.B.,

Enclosure—Copy Letter from the Poor Law Board.

Poor Law Board, Whitehall, S.W.,
Sir, June 11, 1866.

I am directed by the Poor Law Board to acknowledge the receipt of your letter of the 28th ultimo, forwarding, by direction of Secretary Sir George Grey, a copy of a letter which, with its enclosure, has been received at the Home Office from the Irish Government, with reference to the case of the pauper Elizabeth Finn and her children.

The Board direct me to state that they have perused the letter of Sir Thomas Larcom, and also the communication addressed to him by the Poor Law Commissioners in Ireland.

The Board think that it is to be regretted that, if it was considered necessary to raise any question as to the legality of the proceedings in the case of Elizabeth Finn, such question was not raised by means of the appeal prescribed by section 7 of the Statute 26 & 27 Vic., cap. 89

So far as the facts of the case have been disclosed to the Board in the correspondence which has taken place thereon, they have induced the Board to form an opinion different from that entertained by the Poor Law Commissioners in Ireland.

It appears to the Board that the Justices to whom application was made, on behalf of the Guardians of the township of Toxteth-park, for an order for the removal of Elizabeth Finn to Ireland, were justified, upon the evidence adduced to them, in treating the pauper as a deserted wife, and, accordingly, issuing the order for which application has been made.

From the Parliamentary paper, No. 238, 1866, it will be seen that, upon examination, the woman was proved to have made several untrue statements, and the attorneys engaged to inquire into the case could find no substantial objection to the removal, although they pointed out what appeared to them to be irregularity in the proceedings connected therewith.

I am, &c.,

(Signed) Enfield, Secretary.

No. 8.—Letter from the Commissioners to the Under-Secretary of the Lord Lieutenant.

Poor Law Commission Office, Dublin,
23rd June, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland return to you herewith the file of papers referred to them by direction of His Excellency the Lord Lieutenant, on the 20th instant, relating to the case of Elizabeth Finn and her children, who were removed from the Township of Toxteth Park to Wexford in the month of January last.

The Commissioners regret to find from the letter of the Poor Law Board, dated the 11th instant, that that Board does not concur with them in their view of this case.

The Commissioners submit, however, to His Excellency that if the removing Justices were justified upon the evidence adduced to them in treating Elizabeth Finn as a deserted wife, such evidence as that which seems to be referred to has never been made known either to the Commissioners or to the Guardians of Wexford Union, who applied in vain to the Guardians of Toxteth-park for a copy of the depositions on which the order of removal was founded, and of which they were entitled by express enactment to receive a copy.

Whatever the evidence in question may have been, the truth was that the husband, in point of fact, had not deserted his wife and children, and that this fact was made clear by the preliminary inquiry conducted with a view to an appeal; which appeal would probably have been prosecuted to a conclusion if the woman had not returned to England and rejoined her husband before the result of the inquiry was made known.

The Commissioners further submit that the present case and the other similar case referred to in the twelfth paragraph of their last annual report combine to show that as regards women deserted, or supposed to be deserted, the law of removal from England to Ireland is at present in a most unsatisfactory state; inasmuch as the question of desertion is a question of intention on the part of the husband, which must generally be incapable of strict proof in his absence; and it does appear to the Commissioners to be a most serious defect in the law, or in its administration, that the removing authorities should be liable to make mistakes of the nature described, the effect of which is to deprive a woman and her children of their personal liberty, and send them beyond seas away from the country in which the husband and father is still living, and endeavouring to obtain by work the means of supporting them in that country on the fruits of his industry.

The Commissioners beg, at the same time, to suggest it as a matter for consideration, whether the law is itself a humane one which, in the case of married persons in a humble sphere of life who have separated themselves from each other, whether wilfully or through necessity, takes advantage of the distress of the wife to create a permanent impediment to the re-union of the family by sending the latter beyond seas; and in this point of view they would recommend the alteration of the law of removal from England to Ireland by enacting that the desertion of the wife by her husband in England shall no longer be a ground for removing the wife to her place of birth or last residence in Ireland.

By order of the Commissioners,

B. Banks, Chief Clerk.

Poor Law Board, Whitehall, S.W.,
Sir, 14th July, 1866.

I am directed by the Poor Law Board to acknowledge the receipt of your letter of the 3rd instant, together with a copy of a letter from Mr. Banks, of the Poor Law Office, Dublin, relative to the case of Elizabeth Finn, who with her children were removed from Toxteth-park to Wexford.

The Board have perused Mr. Banks' letter, but they do not consider it necessary to make any further observations on the subject to which it relates beyond expressing their belief that in cases which arise in this country under the Vagrant Act or under the Poor Removal Acts, questions of fact as to the actual desertion of families by their parents will continually arise, and must be decided by the Justices according to the facts submitted to them, and this Board are unable to suggest any mode whereby such questions can be prevented. The Justices must determine for themselves whether, when they ascertain that a family has been left in such a state of destitution as to justify an application for parochial relief, and the husband or parent, as the case may be, has gone away, there has or has not been a desertion within the meaning of those statutes.

The letter of Mr. Banks is returned herewith.

I am, &c.,

(Signed), Ralph Earl, Secretary.

The Right Honorable H. Waddington,
Home Office.

No. 3.—Report from Mr. Bourke, Poor Law Inspector, to the Commissioners.

Gentlemen, Corrofin, November 1, 1866.

A case having come before the Limerick Board of Guardians yesterday, in which a young woman appeared to have been removed by the parochial authorities at Spitalfields to Ireland, but had not been delivered at the workhouse by any Removing Officer, nor had any warrant for her removal been received by the Clerk, I thought it right to take the woman's evidence upon the subject while she was within reach, as the probability is she will not remain long in the workhouse.

I beg leave now to transmit her statement on oath, which exhibits a further instance of Mr. Frost's habitual contempt of the provisions of the law regulating the removal of Irish paupers.

The Guardians of the Spitalfields Union have also violated the law in not sending a copy of the removal warrant to the Clerk at Limerick.

I am, gentlemen, your obedient servant,

R. Bourke.

DEPOSITION of ELLEN HALEY, enclosed in foregoing REPORT.

ELLEN HALEY sworn—I left Ireland about four years ago for England. I was then living in service at Kanturk; and my mother, who was my only surviving parent, was living at Newcastle, in the county Limerick. I was born in Limerick, but had been living with my mother in Newcastle as long as I can remember. I went to England to join my sister in London. I first obtained a situation at Battersea, and afterwards went to another service a few miles outside the town of Derby. I left it about July last, and resided at Clapham, where I got ill, and having lost all I had through illness, I went looking for employment, and not finding it, owing to my want of clothes, I had to apply for relief, and did so at the Spitalfields Union. I applied on the Friday, and on Tuesday was ordered by the Board to be passed to Ireland. I attended at Worship-street Police Office when the warrant was made. I was asked where I was born in Ireland, but not where I had last resided. I was told I should be passed to Limerick and I made no objection. I was taken from Worship-street to the Depôt, at Wapping, (No. 46, High-street), and remained there one week. I was then put on board a steamer for Cork, together with a good many others, under charge of an officer named Coffey. On our arrival at Cork we were taken to a lodging or depôt, and next morning, at eight o'clock, I was put into the train and taken to Limerick. No one accompanied me then, and I received no money.

My railway fare was paid, and that was all.

I got no copy of the warrant for my removal.

ELLEN HALEY.

Sworn before me at Limerick, this 31st of October, 1866.

R. BOURKE, Poor Law Inspector.

No. 4.—LETTER from the COMMISSIONERS to the UNDER-SECRETARY of the LORD LIEUTENANT.

Poor Law Commission Office, Dublin,
November 12, 1866.

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you, herewith, for the information of His Excellency the Lord Lieutenant, a copy of a report which they have received from their Inspector, Mr. Bourke, relating to the removal of a woman named "Ellen Haley," from the Spitalfields Union to Ireland.

There seems no doubt, according to the facts stated, that the woman was legally removable; but it will be observed that no copy of the removal warrant was given to her, nor has any copy of it been received by the Board of Guardians of Limerick Union, and that after her arrival in Cork she was abandoned by the person in whose custody she had been removed from London.

The person entrusted with the removal of this woman was, no doubt, Mr. Frost, of High Street, Wapping, the conduct of whose agents has been so frequently the subject of complaint, and some of whom have been prosecuted and convicted for the offence which has been committed in this case, viz.: the desertion of the pauper before arriving at the place of destination, and the Commissioners think, therefore, that the case is one which ought to be brought under the notice of the Poor Law authorities in England.

The neglect of the Officers of Spitalfields Union to furnish copies of the warrant, as they are required to do by the Act of Parliament, would render it difficult to take any legal proceedings in this case if the Limerick Board of Guardians were disposed to do so.

By order of the Commissioners,

B. BANKS, Chief Clerk.

To General Sir Thomas Larcom, K.C.B.,
&c., &c., Dublin Castle.

No. 5.—Letter from the Under-Secretary of the Lord Lieutenant to the Commissioners.

Dublin Castle,
January 17, 1867.

Gentlemen,

I am directed by the Lord Lieutenant to transmit herewith for your information the enclosed file of papers relative to the removal of the pauper Ellen Haley from the Whitechapel Union to Ireland.

I am, gentlemen, your obedient servant,

Thomas A. Larcom.

The Poor Law Commissioners,
Custom House.

Copy Correspondence enclosed in foregoing Letter.

No. 6.—Letter from the Under-Secretary of State for the Home Department to the Under-Secretary of the Lord Lieutenant.

Whitehall,
15th January, 1867.

Sir,

With reference to your letter of the 14th November last, I am directed by Mr. Secretary Walpole to transmit to you, herewith, to be laid before His Excellency the Lord Lieutenant, a copy of a letter from the English Poor Law Board, and its enclosures, respecting the removal of the pauper Ellen Haley from the Whitechapel Union to Ireland.

I am, sir, your obedient servant,

H. Waddington.

No. 7.—Letter from the Poor Law Board to the Secretary of State for the Home Department.

Poor Law Board, Whitehall, S.W.,
12th January, 1867.

My Lord,

I am directed by the Poor Law Board, with reference to your lordship's letter of the 19th of November last, to forward, herewith, for the information of Mr. Secretary Walpole, a copy of a letter which the Board have received from the Guardians of the Whitechapel Union, respecting the removal of the pauper Ellen Haley from that Union to Ireland, together with copies of the reports made to the Guardians on the case, by Mr. J. Eves, Assistant Relieving Officer, and Mr. J. Frost, by whom the removal was conducted.

I am also directed to enclose a copy of a letter, which the Board have this day addressed to the Guardians, from which Mr. Secretary Walpole will perceive the views which the Board entertain as to the proceedings in the case.

The enclosures to your lordship's letter are herewith returned.

I have, &c.,

(Signed), W. G. Lumley, Assistant Secretary.

To the Right Honorable the Earl of Belmore,
&c., &c., Home Office.

No. 8.—Letter from the Guardians of Whitechapel Union to the Poor Law Board.

Whitechapel Union Workhouse,
Charles-street, Mile-end, New-town,
28th December, 1866.

My Lords and Gentlemen,

I am directed by the Board of Guardians of this Union to acknowledge your favour of the 25th November last, No. 46,133, 1866 C, and the copy of the letter addressed to you by the Poor Law Commissioners for Ireland, through Mr. Secretary Walpole, and other papers accompanying the same.

The Guardians much regret if any irregularity in the removal of Ellen Haley to Ireland took place. The custom in this Union is, on obtaining an order for the removal of any poor person to Ireland to take the parties to Mr. Frost, of High-street, Wapping (the person employed, I believe, throughout the County of Middlesex, for removing Irish poor), and deliver them to him for removal to the place of their destination, at the same time furnishing them with two copies of the order for removal, one to be handed to the pauper on embarkation, and one to be delivered with the pauper at the workhouse of the union to which they are ordered to be removed; and this was the course adopted in the present instance.

I beg to transmit, for your information, copies of the reports of Mr. Eves, Assistant Relieving Officer for this Union, and of Mr. Frost, in reference to the removal of the woman Haley, and to repeat the regret of the Guardians that the provisions of the law have not been strictly carried out.

I have, &c.,

(Signed), G. Adams Farr, Clerk.

The Poor Law Board.

Copy of Mr. Eve's Report as to Ellen Haley.

Relieving Office, Whitechapel Union,
December 10th, 1866.

Gentlemen,

I beg to report in the case of Ellen Haley, referred to by you, this pauper appeared before you at your meeting on Tuesday, the 16th October last, she being then an inmate of your Workhouse, where she was admitted on the 12th of the same month, from Ink Horn Court, Whitechapel, and on her appearing before you was ordered to be passed, and on the day after I took her examination, and made out the order for her removal to Limerick, in Ireland. I read her examination over to her in the presence of the porter, Mr. Howell; she signed it, and stated it was all true. I found that her statement made at Limerick differs from that sworn to before the magistrate at Worship-street Police-court. The order was signed by the magistrate for her removal; I then took her to Mr. Frost's, the pass-master for the County of Middlesex, No. 46, High-street, Wapping, and delivered the pauper to him, with the two copies of the order, one to be retained by him, the other to be given to the pauper on leaving the Depôt, which he undertook to do. It is my invariable practice to send by post a copy of the order for removal under which the paupers are removed to the Clerk to the Guardians of the Union to which the pauper may be ordered to be removed, and in this particular case there are no circumstances which enable me to say positively that a copy of the order was sent to the Clerk to the Guardians of the Limerick Union, but my impression is that I did send a copy of the order, as directed by the Act of Parliament.

I am, Gentlemen, your obedient servant,

J. Eves, Assistant Relieving Officer.

Copy of Mr. Frost's Report as to Ellen Haley.

46, High-street, Wapping,
December 14th, 1866.

Gentlemen,

In compliance with your request for a written explanation as to the case of Ellen Haley, I beg to inform you that that person was sent from here under the care of an officer of mine, named Corfield, that she was taken by him to Cork, and that he appears to have been persuaded by her to let her go to her mother at Kanturk, instead of being delivered by him at the Limerick Workhouse. He had the warrant with him, and ought to have done his duty. Under these circumstances I can only express my extreme regret, and am quite willing to return the amount charged for the conductor's fare and expenses from Cork to Limerick; but, as to the expression of opinion on the part of R. Bourke, esq., the Poor Law Inspector, that this case is another exhibition of my habitual contempt of the law, I most respectfully call the attention of your Board to the fact that I have conducted the removals from your Union to Ireland for the last fifteen years, and that this is the only case in which I have been called upon to give an explanation.

I am, Gentlemen, your most obedient servant,

(Signed), J. Frost.

To the Chairman and Guardians of the Poor
of the Whitechapel Union.

Copy Letter from the Poor Law Board to the Guardians of Whitechapel Union.

Poor Law Board, Whitehall, S.W.
12th January, 1867.

Sir,

I am directed by the Poor Law Board to acknowledge the receipt of your letter of the 28th ultimo, containing the observations of the Guardians of the Whitechapel Union respecting the case of the pauper Ellen Haley, who was removed from that Union to Ireland, and enclosing reports made to the Guardians on the case of Mr. J. Eves, Assistant Relieving Officer, and Mr. J. Frost, by whom the removal was conducted.

The Board direct me to express their regret that the Guardians have not themselves attended to the requirements of the statutes which regulate the proceedings in the removal of paupers to Ireland, but have delegated the discharge of those duties to their Assistant Relieving Officer, who appears to be unacquainted with the proper course to be pursued in such cases.

Moreover, Mr. Frost, who holds no official position or authorized appointment under the Guardians, but is only an agent engaged for his own personal profit in the transmission under orders of removal of Irish paupers to Ireland, does not appear to be willing or able to secure trustworthy servants to discharge his business properly.

The Board trust that if the Guardians have occasion again to remove an Irish pauper to Ireland, they will give due attention to the provisions of the statutes in that behalf, and not leave the business to be transacted by one of their subordinate officers.

I am, &c.,

(Signed), ————, Secretary.

Case of JOHANNA COGHLIN *and* FOUR CHILDREN *removed from Stepney Union.*

No. 1.—LETTER from the CLERK of LISTOWEL UNION.

Listowel Poor Law Union,
15th December, 1866.

GENTLEMEN,

I respectfully beg to enclose copy of a warrant, dated 17th ultimo, for the removal of a person named Johanna Coghlin and her four children from the Stepney Union to this Union.

Should she be brought to the Workhouse of this Union, answers to the usual queries shall be forwarded.

I have the honour to be, gentlemen, your obedient servant,

JOHN M'CAULEY, Clerk of Union.

The Poor Law Commissioners,
Custom House, Dublin.

No. 2.—OBSERVATIONS of MR. HORSLEY, POOR LAW INSPECTOR.

This woman and her four children are in the Killarney Workhouse, having been admitted thereto by the Relieving Officer of the Killarney District, who found them in a state of utter destitution in the town of Killarney.

The Removing Officer who accompanied them on the voyage from London deserted them in Cork, having first paid the train fare from thence to Killarney, for the mother, Johanna Coghlin, and two of her four children only. I believe the railway officials, out of compassion, allowed the other two children to travel free with their mother. Mrs. Coghlin asserts that the Removing Officer was drunk, and treated her very badly. She does not know his surname, but his Christian name is "Peter," and he has a scar on his face. She was forced to pawn some of her clothing in Cork.

As will be seen from the accompanying answers to the usual queries, which I obtained from her yesterday afternoon, she never had any connexion with the Listowel Union, but was born in Tuagh Parish, in the Killarney Union; and she states that she was not examined on oath before a Magistrate, and that she neither signed nor placed her mark to any paper or depositions before her removal from the Stepney Union.

The Removing Officer should, I think, be prosecuted in this case, and perhaps the Listowel Board of Guardians should be recommended to apply for a copy of the depositions on which the warrant of removal was granted. I fear the Killarney Guardians cannot move in it, as the warrant was not directed to them. S. H.

December 19th, 1866.

No. 3.—ANSWERS to QUERIES referred to in the foregoing OBSERVATIONS.

JOHANNA COUGHLIN and FOUR CHILDREN under sixteen years of age.

1. Date of warrant or copy [send copy if received]?—17th November, 1866.

2. Date of embarkation?—6th December, 1866.

3. Name of the port at which the embarkation took place?—London Docks. Steam-boat *Minerva*.

4. How sent; as a deck passenger or otherwise?—Cabin passengers.

5. When and by whom delivered at the workhouse?—Deserted at Cork by Removing Officer, named "Peter;" surname not known. He was drunk almost continuously.

6. How long is it since the pauper left Ireland?—Twenty-five years ago.

7. Where was the pauper born in Ireland [giving, if possible, the name of the parish and the name of the townland]?—Tuagh or Knockane, Killarney Union.

8. What was the pauper's last place of residence in Ireland [giving, if possible, the name of the parish and the name of the townland]?—Tuagh or Knockane, Killarney Union.

9. How long had the pauper resided in such place before leaving Ireland?—From her birth.

10. Where was the pauper residing in England when he become chargeable [give the name of the union, and also of the parish or township, if possible]?—No. 3, Cole's-street, Limehouse; Jenkyn's-place, and No. 1, King John's-court, all in the parish of Limehouse, and Stepney Union.

11. How long had he resided there?—Sixteen years.

13. If the pauper is a widow, when did her husband die?—Widow. Husband drowned about nineteen months ago. Widow received out-door relief in Stepney Union till within a fortnight of her removal to Ireland. She refused to be received into the Stepney Workhouse.

No. 4.—Letter from the Commissioners to the Under-Secretary of the Lord Lieutenant.

Poor Law Commission Office, Dublin,
27th December, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland think it right to bring under the consideration of His Excellency the Lord Lieutenant the circumstances attending the removal of Johanna Coughlin and her four children from the Stepney Union, Middlesex, to this country.

From the observations of Mr. Horsley, Poor Law Inspector (a copy of which is enclosed), it will be seen that the family were found in a state of utter destitution in the town of Killarney, having been abandoned by the Removing Officer in charge of them, on their arrival in Cork, although the warrant under which they were removed required that they should be safely conveyed to the Listowel Union, and delivered at the workhouse of that union.

A copy of the warrant has been received by the Listowel Board of Guardians, but no copy of the depositions on which it was granted; and it will be observed that the woman denies having been examined before a magistrate previously to her removal, or having signed any deposition whatever, and alleges that she never had any connexion with Listowel. It will be seen also that she complains of ill-treatment on the part of the Removing Officer.

It appears questionable, according to Johanna Coughlin's statement, whether she was legally removable, having resided in the same parish (both before and after her widowhood) for sixteen years.

The Commissioners also enclose a copy of a list of queries and answers in reference to this case, received from Mr. Horsley; and, under all the

circumstances, the Commissioners submit that it is one which requires further investigation, and should be brought under the notice of the Poor Law Board in England.

Gentlemen,

I am directed by the Lord Lieutenant to transmit herewith, for your information, with reference to your letter of the 27th December last, copy of correspondence relative to the removal of the pauper Johanna Coughlin and her four children from the Stepney Union to this country.

Sir,

With reference to your letter of the 29th December last, I am directed by Mr. Secretary Walpole to transmit to you, to be laid before His Excellency the Lord Lieutenant, the enclosed papers, which have been received from the Poor Law Board, relative to the removal of the pauper Johanna Coughlin and her four children from the Stepney Union to Ireland.

No. 7.—Letter from the Clerk of Stepney Union to the Poor Law Board.

Stepney Union, Guardians' Offices,
York-street, West,
Commercial-road, E.,
February 18, 1867.

Sir,

I am directed by the Guardians to acknowledge the receipt of your letter of 10th ult., No. 729/1867 C, upon the subject of the removal of a woman named Coughlin and her four children from this union to Ireland.

It would appear from the copy queries and answers relative to the case, and the copy observations of Mr. Horsley thereon, enclosed in your letter, that the complaint against the Guardians is of a three-fold nature.

1st. That the pauper was irremovable at the time the order was made.

2nd. That, if removable, she had been removed to a wrong place, and upon an order illegally obtained; and

3rd. That, assuming the order were correct, the removal itself had been carried out in a discreditable manner.

With respect to the irremovability of the pauper, I have to state that the residence of the pauper, when she became chargeable to this union, was at No. 28, Northey-street, Limehouse, and that she had only resided four days within the Stepney Union when she became chargeable. The examination of the pauper, taken on the 17th day of November last, before Mr. Partridge, a Magistrate at the Thames Police Court, as also the original order made by that gentleman for the removal of the family to Ireland, are sent herewith for the consideration of the Poor Law Board, and it will be seen from the examination that on the date when it was taken the pauper swore that she had not resided in the Stepney Union for more than about three weeks since residing in the county of Kent.

With respect to the removal of the pauper to Killarney, instead of to Inagh, or Knockane, the Poor Law Board will perceive, from the enclosed examination, that when before Mr. Partridge the woman swore that to the best of her knowledge and belief she was born in the first-mentioned parish, and this being so the Magistrate necessarily assumed that she was speaking the truth, and acted accordingly. The statement of the woman that she was not examined on oath before a Magistrate, and that she neither signed nor placed her mark to any paper or depositions before her removal from this union will, it is assumed, be taken for what it is worth in the face of the documents enclosed.

With respect to the statement of the pauper that she was deserted at Cork by the Removing Officer, who was drunk almost continuously, I am directed by the Guardians to state that they have made inquiries into the matter, and that they have reason to fear that the man, Peter Reynolds, who had charge of the case, was not a trustworthy person; but they desire me to state that Mr. Frost, their agent for carrying into effect Irish removals, and who was the employer of the man in question, has undertaken that under no circumstances will he employ him again. Mr. Frost states, however, that the woman Coughlin told him before she left for Ireland that she would give all the trouble she could, and that Reynolds assures him that she would insist upon being sent to Killarney.

It is perhaps proper that I should state that the delay in not replying earlier to your letter has been occasioned by the illness of Mr. Frost, and his inability until lately to attend to any communications with him on the subject.

Trusting that the observations I have made in this letter will be considered satisfactory by the Poor Law Board,

I am, &c.,

(Signed), W. H. Swepstone, Clerk.

Whereas complaint is now made by the Guardians of the Poor of the Stepney Union, in the said district, and county of Middlesex, unto me, William Partridge, esq., one of the Magistrates of the Police Courts of the Metropolis, sitting at the Police Court at Stepney, within the Metropolitan Police District, and county of Middlesex, that Johanna Coughlin has become and is now chargeable to the said union; and whereas the said Johanna Coughlin having been brought before me, and application having been made to me by John Cunningham, the Removing Officer of the said Guardians on their behalf, I have made due examination on oath, and find that the said Johanna Coughlin is of the reputed age of thirty-seven years, and was born in Ireland, in the parish of Killahinny, in the county of Kerry, now contained in the said Union of Listowel, and hath not a settlement in England, and is not otherwise exempt from removal from the said Stepney Union, and that she hath four children, named Julia, Bartholomew, Catherine, and Mary, of the reputed ages of twelve years, eleven years, eight years, and three years respectively, or thereabouts, which children are not exempt from removal from the said union; and I have seen the said Johanna Coughlin and children, and am satisfied that the said Johanna Coughlin and children are in such a state of health as not to be liable to suffer bodily or mental injury by the removal.

These are, therefore, to require you, the Guardians of the Poor of the Stepney Union, to cause the said Johanna Coughlin, with her family, to be safely conveyed to the said Union of Listowel, and to be delivered at the workhouse of such union.

Poor Law Commission Office, Dublin,
March 21, 1867.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to inform the Board of Guardians of Killarney Union that the case of a woman named Johanna Coughlin, who was some time since admitted into the workhouse of that union with her four children, having been brought under the notice of the Commissioners by Mr. Horsley, and it appearing from the woman's statements that they had been illegally removed from England, and that the removal, even if legal, had been carried out in an improper manner, the family having been neglected and deserted by the Removing Officer before they arrived at the place of ultimate destination. The Commissioners have made inquiry on the subject, and they now enclose, for the information of the Board of Guardians, a copy of correspondence, which has been forwarded to them by direction of His Excellency the Lord Lieutenant, between the Poor Law Board in England and the Board of Guardians of Stepney Union, from which it appears that all the statements made by Johanna Coughlin, excepting that which relates to her desertion by the Removing Officer, are without foundation.

* The month of January includes cases which occurred in the previous year, and were still under treatment in January.

† The registry of cases in a few of the Unions does not distinguish whether the disease first arose in or out of the Workhouse; the numbers in these columns do not therefore agree with the number in the previous column, showing the total number of cases.

Note on Columns headed "Result."—From the nature of the headings under the general term "Result," some cases are necessarily twice entered; and consequently the numbers in the several Columns exceed the total entered in the final Column.

Also as regards Columns headed "One eye lost," "Both eyes lost."—These columns include many cases in which the sight was lost before admission into the Workhouse.

APPENDIX C.

ORDERS AND CIRCULARS OF INSTRUCTION ISSUED UNDER THE MEDICAL CHARITIES ACT AND THE SANITARY ACT; AND CORRESPONDENCE.

I. ORDERS.

No. 1.—General Regulations for carrying into effect the "Diseases Prevention Act, 1855."

To the Guardians of the Poor of each of the Unions in Ireland, and the Officers thereof, the Committees of Management of the several Dispensary Districts situate in each such Union; to the Medical Officers of such Dispensary Districts; and to all whom it may concern:

We, the Commissioners for administering the Laws for Relief of the Poor in Ireland do hereby rescind every Order heretofore issued by us under the provisions of certain Acts respectively entitled "The Nuisances Removal and Diseases Prevention Act, 1848," and "The Nuisances Removal and Diseases Prevention Amendment Act, 1849," which said Acts have been repealed.

And whereas by an Order of their Excellencies the Lords Justices and Privy Council in Ireland, bearing date the 17th day of August, 1866, it is ordered and directed that the provisions contained in a certain Act entitled "The Diseases Prevention Act, 1855," as amended by the Act 23 and 24 of Her present Majesty, cap. 77, entitled "An Act to amend the Acts for the Removal of Nuisances and the Prevention of Diseases," and as further amended by an Act entitled "The Sanitary Act, 1866," be put in force throughout the whole of Ireland.

And whereas by the provisions of the said "Sanitary Act, 1866," it is enacted that the Commissioners for administering the Laws for Relief of the Poor in Ireland shall be the authority in Ireland for issuing regulations to carry the provisions of the said "Diseases Prevention Act, 1855," amended as aforesaid, into execution.

Now, therefore, in exercise of the authority vested in us as aforesaid, we, the said Commissioners, do issue the following directions and regulations:—

Preliminary.

I. The Guardians of the Union shall, at their first weekly meeting after the receipt of this Order, make, or confirm, if they shall have been already made, such preliminary arrangements as may, if sudden need shall arise, enable the following regulations to be carried into immediate effect; and shall take steps to secure possession of such buildings or apartments as may be used, if necessary, as cholera hospitals, or for any other of the purposes hereinafter set forth.

When Cholera is in a Union.

II. Each dispensary district of the said union shall be a district for the treatment of persons afflicted by or threatened with cholera.

III. The Committee of Management of each dispensary district shall act as a Sanitary Committee under the said "Diseases Prevention Act;" and such Committee, and each member thereof, and every

Medical Officer, Relieving Officer, and Warden, within such district, shall, within their respective districts, aid the Guardians of the Poor in the execution of the directions and regulations herein issued, or which may hereafter be issued by us in this behalf.

IV. The Medical Officers of the several dispensary districts shall be Medical Officers for the treatment of patients afflicted by or threatened with cholera within such districts respectively, and shall receive extra remuneration for such services in proportion to the nature and extent thereof.

V. Every such Medical Officer shall give immediate attendance and medicine to all persons within his district complaining of diarrhœa, looseness of bowels, or cholera, who may apply to him, either in person or otherwise, for advice or assistance, without requiring the production by such person of a ticket for medical relief or attendance; and shall give daily attendance at the dispensary of the district at such hours as the Committee shall direct.

VI. Each such Sanitary Committee in the said union, shall hold a meeting once in each week, on the day of the week next before the meeting of the Board of Guardians, not being Sunday; and the Committee may adjourn any meeting to any day earlier than the next weekly day of meeting, if they shall deem it necessary to do so; and an extraordinary meeting may be convened, in case of emergency, on any other day, by any two members of the Committee, or by a Medical Officer of the district and the Chairman, Vice-Chairman, Honorary Secretary, or Assistant Secretary.

VII. Every such Medical Officer shall lay before the Sanitary Committee of the district, at each weekly meeting thereof, a statement in the Form A to this Order annexed, showing in the separate columns the number of cases of looseness of bowels or diarrhœa, and of cholera, treated by him during the preceding week, with the result thereof, whether terminating in recovery or death, or whether still continuing under treatment, and distinguishing all new cases of each description.

VIII. The Sanitary Committee shall forthwith communicate a copy of each such return to the Guardians of the Union.

IX. The Clerk to the Guardians shall forthwith transmit to us, the said Commissioners, a summary of such returns in the Form B to this Order annexed.

X. Every such Medical Officer shall make to us a daily return in the same Form A, of the cases of diarrhœa and cholera occurring in his district.

XI. The Board of Guardians shall cause to be prepared and posted up in all public places throughout each dispensary district in the union, a notice according to the form hereunto annexed, stating the situation of the dispensary, and the name and residence of the Medical Officer or Officers thereof, and recommending all persons to obtain medical advice who may be affected as aforesaid.

XII. The Board of Guardians of the Union, and the Sanitary Committee of each dispensary district, in which any poor persons may be attacked with diarrhœa or cholera, shall cause the dwellings in which such persons may have been seized with such disease to be thoroughly cleansed, purified, and disinfected, and all nuisances to be removed therefrom, in pursuance of the provisions of the said Acts, and if necessary at the charge of the rates of the electoral division in which the dwellings may be situated.

XIII. In every dispensary district in which cholera shall be certified by the Medical Officer or Medical Officers to prevail as an epidemic, the Guardians of the Union containing such district, shall, for the purpose of thoroughly disinfecting clothes, bedding, or other things requiring a process of disinfection by means of heat, provide a proper chamber with suitable apparatus, to which the relatives of all persons who have suffered from cholera may bring such clothes, bedding, or other things, for the purpose of being so disinfected; and in every such district the Guardians shall provide such medical aid and such accommodation for persons afflicted by or threatened with cholera as may be required; and shall likewise provide for the visitation from house to house of the inhabitants of such district, by employing and providing with all requisite medicines a sufficient number of qualified medical practitioners and assistants to make such visitation daily in the said district, and to supply remedies to persons found to be suffering from cholera or diarrhœa, as the case may be.

XIV. In the event of the fatal termination of any case of cholera in the dwelling of any poor person, the body of the deceased person shall be removed for interment as speedily as may be; and if, from the poverty of the occupiers of any such dwelling, they should be unable to provide for such interment, the Board of Guardians shall, in such case, be and are hereby authorized to defray the expense necessarily incurred for this purpose, and to charge the same on the rates of the electoral division.

XV. If any Board of Guardians shall be informed that cholera or choleraic diarrhœa exists, or within three days previously has existed, in any ship or vessel, not belonging to Her Majesty or any foreign government, which may be lying within their union, they shall cause the same to be forthwith visited, inspected, and otherwise dealt with, according to the circumstances of the case, as if it were an inhabited house on shore, and shall give all such medical and other directions in reference to the persons in such vessel or ship as shall be requisite for preventing the spread of the disease, and for the disinfection or disposal of any things which may be infected or may have been exposed to infection, subject always to the provisions of any Order of Council issued under the Quarantine Laws for the time being in force within such union.

XVI. And we do hereby authorize and require the Board of Guardians of the said Union to do all acts, matters, and things necessary for superintending and carrying into execution the foregoing directions and regulations, as soon as may be after the receipt of this our Order.

Sealed with our Seal, this Twenty-fifth day of August, in the year of our Lord One Thousand Eight Hundred and Sixty-six.

No. 2.—General Order as to Charging Expenses under the Sanitary Act.

To the Guardians of the Poor of each of the Unions in Ireland, and to all whom it may concern:

Whereas, by the "Sanitary Act, 1866," it is among other things enacted, that in Ireland the "Sewer Authority," as defined by the provisions of that Act, shall be also the "Nuisance Authority" for executing the Nuisances Removal Acts:

And whereas the Sewer Authority in Ireland for all places not under another Sewer or Nuisance Authority is, by the provisions of the said Sanitary Act, 1866, defined to be the Board of Guardians of the Union in which each such place is situate:

And whereas by the provisions of the said Sanitary Act the Sewer Authority may appoint one or more Committees consisting wholly of its own members, or partly of its own members and partly of such other persons contributing to the rate or fund out of which the expenses incurred by such authority are paid, and qualified in such other manner as the Sewer Authority may determine:

And whereas by the provisions of the "Nuisances Removal Act for England, 1855," it is among other things enacted, that the Nuisance Authority may appoint any Committee of its own body to receive notices, take proceedings, and in all or certain qualified respects to execute the said Act, and the provisions of the said Act are now extended to Ireland:

And whereas by an Order under our Seal, bearing date the Twenty-fifth day of August in the present year, it is directed that when Cholera is in any Union the Committee of Management of each Dispensary District shall be the Sanitary Committee for that district for carrying out the purposes of the Diseases Prevention Act:

And whereas by the provisions of the "Sewage Utilization Act, 1865," it is among other things provided that the expenses incurred in carrying out that Act in any town or village for which the Guardians are the Sewer Authority, shall be charged only on the Electoral Division in which such town or village is situate, and it is therefore not necessary to make any order in that behalf; but by the Sanitary Act, 1866, it is provided that the expenses incurred under the Nuisances Removal Act, and likewise the expenses incurred under the Diseases Prevention Act, shall be charged to the Union or any Electoral Division or Electoral Divisions thereof, in such manner as the Poor Law Commissioners shall, from time to time, by General Orders applicable to classes of cases, or by Order in any particular case direct:

Now, therefore, we, the Commissioners for administering the Laws for Relief of the Poor in Ireland, do hereby order that all expenses incurred by the Board of Guardians as a Nuisance Authority, whether directly by the Board itself, or through the agency of any Committee appointed as aforesaid, shall be charged upon the Electoral Division within and for which such expenses shall have been incurred, unless we shall by special order in any particular case otherwise direct, and in that case such expenses shall be charged as we shall in the said special order direct:

And we do hereby further direct that all expenses incurred by any Board of Guardians under the provisions of the Diseases Prevention Act, whether directly by the Board itself, or through the agency of any Committee of Management of a Dispensary District, shall be charged on the Electoral Divisions constituting the Dispensary District, and debited to such Divisions in the proportion of their net annual value respectively.

II. CIRCULARS.

No. 1.—Annual Appointment of Dispensary Committees and Wardens.

Poor Law Commission Office, Dublin,
23rd March, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to call your attention to their circular of the 21st of March, 1862, relating to the annual appointment of Dispensary Committees and Wardens, and to the extracts from previous circulars, appended thereto; and they request that you will take the necessary steps, as pointed out in the circular referred to, to place before the Board of Guardians, after the next annual election, a correct list of the members of the Board entitled to be members of the respective Dispensary Committees in the Union.

As soon as the Committee shall have been completed for any Dispensary District, the Guardians should fix a day for the first meeting of such Committee, *for the special purpose of appointing their Honorary Officers for the current year*, in accordance with articles 5 and 6 of the Dispensary Regulations, and you should give notice thereof to each member of the Dispensary Committee, in accordance with articles 10 and 12 of the Dispensary Regulations.

A form for the return of officers of the several Dispensary Committees in the Union will be forwarded to you in due course.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of the Board of Guardians
of each Union.

No. 2.—List of Medicines.

Poor Law Commission Office, Dublin,
30th May, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had occasion to consider the two lists of medicines marked respectively (A) and (B), copies of which were forwarded to the Board of Guardians on the 4th of July, 1862; the list marked A being intended to assist the Board of Guardians in reference to the estimates of Medical Officers and requisitions of Dispensary Committees for medicines for use at the dispensaries; and the list marked B being intended for parties tendering for medicines to insert the prices at which they will undertake to supply them.

The Commissioners think it desirable that in future the following medicines, which have hitherto been included in the list A only, should be transferred to and form part of the contract list (B); and they request that the Guardians will be so good as to have this done in any lists which may remain on hands, and in future reprints they will be inserted :—

Aqua Destillata.
Atropiæ Sulphas.
Calx recens usta.
Emplastrum adhæsivum.

By order of the Commissioners,

To the Clerk of each Union.

No. 3.—Sanitary Precautions.

Poor Law Commission Office, Dublin,
5th May, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to draw the attention of the Board of Guardians to their circular letters of the *23rd August* and *4th November* last respectively, on the apprehended possibility of an invasion of cholera, pointing out the powers and duties of the Guardians under the Nuisances Removal and Diseases Prevention Acts, and likewise under the Sewage Utilization Act of 1865.

Although there may not be any imminent danger, at this time, of Ireland being visited by an epidemic of cholera, it seems desirable on account of recent occurences at Liverpool and Queenstown, and on board emigrant ships which have lately sailed from the Mersey, to call the attention of the Guardians to the necessity of a vigilant exercise of their ordinary permanent powers, under the statutes above mentioned, in regard to the sanitary condition of every part of the Union which is under their control in this respect.

The circulars referred to are of so recent date that it is not necessary under existing circumstances to do more than refer to them,* and again to request the attention of the Guardians to the subject.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of each Union.

* See Annual Report for 1866, pp. 187 and 190.

No. 4.—Sanitary Precautions.

Poor Law Commission Office, Dublin,
27th July, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to draw the attention of the Board of Guardians to the probability that the epidemic cholera, now prevailing in London, Liverpool and other places in England, may, before long, extend to this country, and to the great importance of taking timely measures of precaution in anticipation of such a visitation.

With this view the Commissioners enclose copies of two circulars dated respectively the 19th October, 1852, and the 23rd August, 1865,* pointing out the powers and duties of Boards of Guardians under the Nuisances Removal and Diseases Prevention Acts, and desire to urge upon the Board of Guardians the propriety of putting actively in force the powers which they possess under those Acts, as explained in the circulars in question.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of each Union.

No. 5.—Cholera—Reports from Dispensary Medical Officers.

Poor Law Commission Office, Dublin,
2nd August, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have now positive indications of the existence of Cholera in Ireland.

In the event of any case of Asiatic Cholera arising in your District, the Commissioners request that you will at once communicate the particulars of the case in a report directly addressed to them.

In addition to the symptoms of the case and the result of the treatment, the Commissioners are desirous of being informed, with respect to the cases first appearing in any District, whether the persons affected, or any of those with whom they have lived or associated, have, within any short time previously, been out of the District, and if so, in what particular localities, whether in Ireland or elsewhere; and they request that you will be good enough to add any other facts which may appear to you material in tracing a connection between the case and any other case of Cholera, or any locality affected by that disease; or which would, on the other hand, tend to show that the disease had arisen without any such connection.

By order of the Commissioners,

B. Banks, Chief Clerk.

To each Medical Officer of a
Dispensary District.

* See Annual Report for 1866, page 187.

No. 6.—Sanitary Act.

Poor Law Commission Office, Dublin,
13th August, 1866.

Sir,

The Commissioners transmit to you herewith, for the information of the Board of Guardians, a copy of "The Sanitary Act, 1866" (29 and 30 Vic., c. 90), which received the royal assent on the 7th instant.

This Act repeals the Nuisances Removal and Diseases Prevention Acts of 1848 and 1849, and amends and applies to Ireland the provisions of the Nuisances Removal and Diseases Prevention Acts of 1855 and 1860. It also contains some amendments of the Sewage Utilization Act of 1865.

A small edition of the Act, with extracts from the various Acts which are referred to in it, or incorporated with it, is now in course of preparation, and will be issued as soon as possible.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of each Union.

No. 7.—Diseases Prevention Act.

Poor Law Commission Office, Dublin,
28th August, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland send herewith an Order under their seal,* setting forth certain regulations to be observed under the Order in Council of the 17th instant, whereby the provisions of "The Diseases Prevention Act, 1855," have been put in force throughout Ireland for a period of six months.

"The Sanitary Act, 1866," by which the provisions of "The Diseases Prevention Act" are extended to Ireland, is already in the hands of the Board of Guardians, and the Commissioners are preparing to furnish them with a further publication of that Act, together with the several parts of Acts incorporated with it, including certain portions of the "Diseases Prevention Act, 1855," and the Acts amending it.

For the present purpose, however, it is sufficient to state in the terms of the statute itself, the several objects for which the Commissioners are authorized to issue such directions and regulations as are contained in the present Order.

Those objects are defined to be—

> "For the speedy interment of the dead; for house to house visitation; for the dispensing of medicines, guarding against the spread of disease, and affording to persons afflicted by or threatened with such epidemic, endemic, or contagious diseases, such medical aid and such accommodation as may be required."

Certain parts of Ireland having been declared, by the Order in Council, to be now affected by or threatened with the disease called Cholera, although a very large majority of the Poor Law Unions are still free from it, the regulations in the present Order necessarily fall under two different heads, one of which is applicable to unions not yet visited by the disease, and the other to unions in which cholera is known to be prevailing.

To the first class of unions, under the head entitled "*Preliminary*," the first only of the sixteen regulations applies, requiring the Guardians, at their first meeting after the receipt of the Order, to make all the ne-

* See page 151.

cessary arrangements beforehand, which may enable the remaining provisions to be carried into effect at once, on the actual appearance of Cholera in the union.

Already these arrangements, so far as they regard the provision of hospital accommodation to be used on the possible appearance of Cholera, have been taken into consideration by most of the Boards of Guardians in Ireland, in pursuance of circulars issued from this department; and as the Unions, with very few exceptions, are each provided with an Hospital for the reception and treatment of dangerous contagious disease, the additional accommodation likely to be wanted will not probably be considered, in the first instance, to be very extensive. The ultimate extent will, of course, depend upon the progress of the disease, if it should unfortunately break out.

A very small proportion of the Fever Hospital accommodation being at present occupied by fever patients, it will be a great protection to the inhabitants of the central town of the Union, and to the inmates of the Workhouse itself, if a ward on each side of the detached building used for fever patients, be appropriated to the reception of cholera patients, brought either from the Workhouse or from elsewhere; but in no case should cholera patients be introduced into the same wards where patients suffering from other diseases are under treatment, or into parts of the building occupied by healthy inmates. Within the Workhouse itself, however, it will be found most useful to set apart one or more rooms for the separate treatment of inmates who are known to be affected with diarrhœa, such patients being required to keep their beds until perfectly recovered; or, on the case passing into cholera, to be removed, if practicable and with safety, to the cholera wards of the Fever Hospital.

The above relates merely to the part of the Order which is under the head "*Preliminary*," consisting of Regulation I.

Under the second heading entitled "*When Cholera is in the Union*," the remainder of the regulations become applicable.

So far as relates to the "dispensing of medical aid," the Guardians will find that the present regulations differ but little from those of 1854, the Poor Law Unions and Dispensary Districts affording now, as then, an organization which is very readily adapted, with some modifications, to the prevention of the spread of cholera, and to the effectual treatment of that disease, and especially of the premonitory symptoms which usually precede its attacks on individuals, the proper treatment of which in time, has the effect of preventing its further development.

Under the Medical Charities Act, medical relief is obtainable only for the poor by means of tickets, signed by certain authorized persons; but by paragraph V. of this Order, the entire population, in places where cholera prevails, is at once entitled to medical advice and medicine, free of charge, in every case of complaint of the bowels.

On the last invasion of cholera, in 1854, the adoption of similar regulations resulted in the treatment of 40,680 cases of disease in the districts in which cholera on that occasion made its appearance, and the number of such cases which passed into the cholera stage were 6,619 only, resulting in 3,488 deaths.

There are, however, in the recent Act—"the Sanitary Act, 1866"—some new powers conferred on Boards of Guardians, the exercise of some of which is regulated by the provisions of the present Order, more especially those contained in paragraph XIII.

The first of these is the new power given for the purpose of disinfecting infected clothing, bedding, and other articles. Where the ordinary disinfectants are not sufficient, and the use of great heat is

necessary to disinfect such articles thoroughly, the Guardians are authorized by this paragraph to incur the expense of a hot-air room, with the proper apparatus and attendance, to disinfect by heat any articles brought for the purpose free of charge.

By the second branch of the same regulation the Guardians are required to provide for persons afflicted by "*or threatened with cholera*," all such medical aid and such accommodation as may be required. These are the words of the Diseases Prevention Act already quoted; and it is observable that in the regulations issued by the Lords of the Privy Council in England, they are distinctly construed as including a power to provide accommodation for the friends of persons who have suffered cholera, so as to enable healthy occupants of infected houses to be removed to a temporary place of refuge until the premises have been thoroughly purified and disinfected.

In virtue of these provisions the Commissioners understand that, in the Parish of Liverpool, a house of refuge is provided for such parties at the expense of the Poor Rates.

The third branch of the regulation, contained in paragraph XIII., relates to the establishment of a system of visitation from house to house, to be conducted by a staff of qualified practitioners and assistants.

As the operations required by this paragraph may be so carried out as to involve considerable expense, the Guardians will observe that these several requirements are limited to the case where cholera has been certified to prevail as an epidemic. The Guardians, however, possess the power to exercise the same functions under all circumstances during the time for which the Order in Council may continue in force.

"The Sanitary Act, 1866," has conferred upon the Guardians other powers not referred to here, which will be the subject of further communication in due course from the Commissioners. They think it right, however, at once to apprise the Guardians that they have now authority, complete and permanent, to appoint and pay from the Poor Rates, one or more Sanitary Inspectors or Inspectors of Nuisances, for those portions of the Union which are under their jurisdiction as the Nuisance Authority.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of each Union.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit herewith, for your information, a copy of an Order which they have issued under the "Sanitary Act, 1866," containing directions and regulations to be observed under the Order in Council, dated the 17th instant, whereby the provisions of the "Diseases Prevention Act, 1855," have been put in force in Ireland for a period of six months.

The Commissioners also enclose a copy of an explanatory circular which has been sent to the several Boards of Guardians with the Order.

By order of the Commissioners,

No. 9.—Diseases Prevention Act.

Poor Law Commission Office, Dublin,
29th August, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you herewith, for the information and guidance of the Dispensary Committee, a copy of an Order which they have issued under the "Sanitary Act, 1866," containing directions and regulations to be observed under the Order in Council, dated the 17th instant, whereby the provisions of the "Diseases Prevention Act, 1855," have been put in force in Ireland for a period of six months.

The Commissioners also enclose, for the information of the Committee, a copy of an explanatory circular which has been sent to the several Boards of Guardians with the Order.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Honorary Secretary of the Committee of Management of each Dispensary District.

No. 10.—Sanitary Act.

Poor Law Commission Office, Dublin,
12th September, 1866.

Sir,

Adverting to their circular letters of the 13th and 28th ultimo, the Commissioners for administering the Laws for Relief of the Poor in Ireland forward herewith, for the use of each Board of Guardians, a further copy of the "Sanitary Act, 1866," printed together with all the previous Acts or parts of Acts incorporated with, or referred to in, that Act, so far as the provisions thereof are made applicable to Ireland.

The Guardians, therefore, have now before them the whole text of the Sanitary Laws at present in force in this country, arranged in the order which appeared to be most convenient for reference.

The various Local Authorities charged with the performance of public duties under these enactments, have now each their several functions assigned with sufficient clearness, and it is of the first importance that each should attend to the duty, for the right and full discharge of which it is made exclusively responsible.

The Local Authorities referred to are, in Ireland, only three—Town Councils, Town Commissioners, and Boards of Guardians. The two former, in all places where they exist, are made the Nuisance Authority and Sewer Authority for the district under their respective jurisdictions; in all other places the powers of the Sewer Authority, and those of the Nuisance Authority, are vested in the Board of Guardians of the Union in which such places are situate. The powers which relate to sewers and nuisances are both permanent, and demand a steady and continuous course of action from the several bodies to which they have been intrusted; and under the present law, not only the Town Council and Town Commissioners, but the Board of Guardians also, have the power of appointing and paying such Inspectors of Nuisances as may be required in their respective districts, the expenses incurred being payable from the borough fund, the town-rate, or from the poor-rates, as the case may be.

There are other functions of a like permanent nature arising under the

"Public Health Act, 1848," "The Local Government Act, 1858," and the "Local Government Act, 1858, Amendment Act, 1861," the necessary extracts from which Acts will be found in the present compilation.

These latter powers, like those under the Sewage Acts, and the Nuisances Acts, must be exercised in each locality by the Town Council, Town Commissioners, or Board of Guardians within whose jurisdiction, as Sewage and Nuisance Authority, such locality may be situate. The boundaries of the respective districts are well defined and notorious, so that no difficulty or confusion can arise in that respect; and each body intrusted with these several classes of permanent powers will be expected to exercise them within its own district, and no other, and to provide for the expenditure incidental to its proceedings from the funds under its own control.

There is one class of powers created by these Acts which belong exclusively to the Boards of Guardians throughout the whole country, and which, in the absence of any direction to the contrary from the Lord Lieutenant in Privy Council, must be exercised by the Guardians of the Union alone, although the Union may contain places governed by Town Council or Town Commissioners. These are the temporary and occasional powers created by the issue of an Order in Council, under the Diseases Prevention Act, at a time when the country is visited or threatened by cholera, or any other form of fever or pestilence. These powers relate to the treatment of the sick, the interment of the dead, and other matters, and are at the present time in force under the Order in Council, dated 17th August last, for six months from that date.

It is under the Diseases Prevention Act alone that the Poor Law Commissioners are called on to issue Directions and regulations prescribing the mode in which the Guardians, Dispensary Committees, and Union Officers should severally act in executing such temporary powers. An order containing such regulations is at present in force throughout Ireland, dated 25th August, 1866.

It seems unnecessary to refer at greater length to the many and various powers conferred upon Boards of Guardians by the "Sanitary Act, 1866," and the other Acts or parts of Acts incorporated with it.

Occasion will, no doubt, arise from time to time, for correspondence between the Commissioners and the Guardians, as to the mode of carrying out the law in those districts which are under the jurisdiction of the Guardians, and the Commissioners and their inspectors will be prepared to render any assistance they can to the Guardians in the execution of their powers on all occasions when they may be enabled to do so.

By order of the Commissioners,

To the Clerk of each Union. B. Banks, Chief Clerk.

No. 11.—Mode of Charging Expenses under Sanitary Act.

Poor Law Commission Office, Dublin,
17th October, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland forward herewith a General Order * issued by them under the provisions of the Sanitary Act, 1866, prescribing the mode in which certain items of expenditure, incurred under the authority of that Act, are to be charged in the accounts of the Board of Guardians. Such

* See Order, page 155.

expenditure may be incurred either directly by the Board of Guardians, or through the agency of some committee appointed either for the purposes of the Sewage Utilisation Act, the Nuisances Removal Acts, or the Diseases Prevention Act.

It is of much importance that the functions of these several committees should be exercised by the body to which they legally belong, and by no other; for not only might the legality of expenditure, conducted by a wrong agency, be brought in question, but the area of chargeability, as will be seen by the terms of the sealed order, will depend on the question, under what provision of the law, and through what particular agency, it has taken place.

In order to avoid confusion, as far as practicable, the Commissioners have defined the agency of the Dispensary Committee of Management to be that of "The Sanitary Committee," whose function is to assist the Guardians in carrying out the purposes of the "Diseases Prevention Act," when cholera is in the Union. Any Committee appointed by the Guardians, acting as Sewer Authority, should, therefore, for distinction's sake, as well as in conformity with the language of the Act of Parliament, be called, not the "Sanitary Committee," but the "Sewer Committee" of the Union, or other district within the Union for which it may be appointed. Similarly, and for the same reasons, any Committee appointed by the Guardians, acting as Nuisance Authority under the Nuisances Removal Acts, should be called the "Nuisance Committee" for the union, or other district within the union for which it may be appointed.

None of these Committees are accounting bodies, but agents merely, acting for the Board of Guardians who must account with the electoral divisions of the union for expenditure conducted through such agencies, in the same way as for expenditure directly incurred by the Board itself; such expenditure being subject to the inspection and authority of the Auditor of the Union, in the same manner as the Poor Law Relief Expenditure.

It is desirable, therefore, that as far as possible, the sums expended under the Sanitary Act should be paid by order of the Board of Guardians, by cheque on their Treasurer, to the parties entitled to receive them.

If under any sudden emergency or necessity of an urgent kind, cash should be placed at the disposal of a Committee, or any member or members thereof, it will at once be apparent that proper vouchers for the disbursement of all sums should be obtained and preserved, and finally deposited with the Clerk of the Union, for the purpose of being submitted to the Auditor when auditing the accounts.

By order of the Commissioners,

To the Clerk of each Union. B. Banks, Chief Clerk.

No. 12.—Mode of Charging Expenses under the Sanitary Act.

Poor Law Commission Office, Dublin,
Sir, 7th November, 1866.

In the Commissioners' Order of the 12th ultimo, directions are given as to the mode of charging expenses under the Sanitary Act of 1866, 29 & 30 Vic., c. 90, as follows:—

> Expenses under the "Sewage Utilization Act, 1865," to the particular electoral division in which they were incurred.
>
> Expenses under the Nuisance Removal Acts, to the electoral

division within and for which such expenses were incurred, unless the Commissioners, by special order, shall otherwise direct.

Expenses under the Diseases Prevention Act, to the dispensary district on account of which they were incurred.

The Commissioners now desire to give further instructions as to the mode of dealing with these expenses in the union accounts.

Expenses under the Nuisance Removal Acts have been hitherto usually included under the head of "Elections, Law, and other Expenses," but in some cases they have been included with the expenses under the Medical Charities Acts.

As the powers of Boards of Guardians have been much extended by the Sanitary Act of 1866, and there is a probability of an increased and permanent expenditure for sanitary purposes, it is thought desirable that such expenses should in future be kept separate, both from the ordinary poor law and from the medical charities expenses, and in order likewise to ensure uniformity in the mode of keeping the accounts.

An account, therefore, should be opened in the ledger headed "Expenses under the Sanitary Acts," the expenses incurred being entered on the Debit side, and the apportionment of the charge to the electoral division or electoral divisions, or dispensary district, as the case may be, on the Credit side, thus balancing the account.

The total charges, as apportioned to the electoral divisions, to be entered in the Half-yearly Abstract (Form 5 b), in a column immediately following that provided for expenses under the Registration Acts, with a note at foot classifying the expenditure under the several heads thereof.

The Commissioners forward herewith, for your information, a copy of Form 5 a & b, containing the additional column for the expenses in question.

No. 13.—Importation of Old Clothing.

Poor Law Commission Office, Dublin,

Sir, 16th November, 1866.

The Commissioners for administering the Laws for Relief of the Poor in Ireland have to state, for the information of the Guardians of Union, that several applications have been made to them for their views regarding the proposal to stop the trade in second-hand clothing, imported from England to Ireland during the prevalence of cholera in that country; and this subject having been brought under consideration in the Poor Law Unions in Ireland by the Guardians of Waterford Union, the Commissioners have determined to issue the present circular, with an extract from a letter to the Clonmel Board, expressing their views upon the matter.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of the Union.

Extract referred to.

"The Commissioners for administering the Laws for Relief of the Poor in Ireland have before them the resolution of the Guardians of Clonmel Union, adopting the views expressed in a resolution of the Guardians of Waterford Union, relating to the importation

of second-hand clothing from places in England in which cholera at present prevails, and requesting the attention of the Commissioners to the subject.

"The resolution in question is as follows:—'That a memorial be forwarded to the Lord Lieutenant, stating the great danger which exists from the importation of old clothes to this country from different parts of England, more particularly from the neighbourhood of Houndsditch, in the City of London, in which cholera has been very prevalent, and praying that an Order in Council may be issued, prohibiting the importation into Ireland of old clothes from places in England where cholera prevails, during its prevalence, on the same principle as an order was issued prohibiting the importation of cattle, fresh hides, hoofs, horns, &c., during the prevalence of rinderpest.'

"The Commissioners do not know on what ground it is apprehended that second-hand clothing imported from the vicinity of Houndsditch, in London, is infected by cholera, so as to create a danger of spreading the disease in Ireland.

"Such second-hand clothing is collected from the metropolis, or, perhaps, from the country at large, and although some of the collectors and exporters thereof may be residents of Houndsditch, there is no reason on that account to suppose that clothing infected by disease is disposed of to those persons, the sale of clothing which has been exposed to infection being prohibited by law, and the offence made punishable by a fine of £5.

"The trade in second-hand clothing, imported from England, has existed on a very large scale in Ireland, with much benefit to the poorer part of the population, for a great many years, including all the visitations of cholera since that disease first made its appearance in Europe; but no instance has been established, so far as the Commissioners are aware, of the disease being propagated by second-hand clothing imported into this country from infected places in England, or from elsewhere.

"The measures recently adopted, not only to prohibit the importation of cattle, but to disinfect the clothes of cattle drovers, as measures of precaution against the introduction of the cattle plague, afford no precedent for the present proposal, the circumstances being different in all respects.

"In the first place, the cattle plague is a highly contagious disorder, and was believed in England to have been communicated through the medium of human clothing from one district to another; and all importation of cattle, hides, &c., into Ireland having been prohibited, it was very natural that a system of disinfecting the clothes of drovers should be established for further security against the introduction of the plague. But, in the case of cholera, persons coming from infected districts are freely permitted to enter the country, and are frequently doing so with the disease upon them, and have sometimes died from it soon after landing in Ireland.

"To prohibit, therefore, the sale of clothing not known to be infected would be a feeble kind of protection against cholera, while persons having the disease upon them are allowed to land and circulate freely through the country.

"In the case of a medical man or other person who has been in attendance on a cholera patient, whether in a hospital or in a private dwelling, there is not a suspicion merely, but a certainty, that the clothes which he wore, as well as his person, have been exposed to the influence, such as it may be, of the contagion; and, assuming cholera to be communicable in that way, there would be urgent occasion for insisting on the clothes of such persons being disinfected on leaving the patient.

"It is notorious, however, that attendants on the sick in cholera hospital wards, whether medical men or nurses, seldom contract the disease, and no case has even been suspected of the communication of the disease through the clothes worn in hospital by medical attendants.

"There would appear, therefore, to be no sufficient ground for causing such an inconvenience to the poorer classes in this country, as would result from a stoppage of the trade in second-hand clothing imported from England into Ireland during the prevalence of cholera, that would not apply at all times with much greater force in reference to typhus, scarlatina, and small-pox.

"The Guardians of Clonmel Union having requested the attention of the Commissioners to this matter, they have expressed their views upon it in answer to that appeal; and they desire to add, that there is nothing they would so strongly deprecate, when cholera is in the country, as the public expression of any views tending to exaggerate unduly the danger of contagion from either persons or clothing which have been in contact with patients suffering under this disease.

"It is to exaggerated fears thus created in the public mind that nearly all the instances of cruelty or neglect may be traced which occasionally take place, such as the refusal to admit a cholera patient brought in collapse to the door of a fever hospital, under the influence of a protest from residents in the neighbourhood; universal denial of shelter to homeless strangers dying of the disease; reluctance to allow patients on board ship to be landed for treatment, or even to allow the ship to approach the shore; anxiety when servants or members of a family are in collapse to have them removed to hospital at the extreme peril of their lives; and, worse than all, the abandonment by nearest relatives of those attentions which are essential to recovery in severe cases, thereby forcing on the medical attendant the dangerous expedient of sending to hospital."

No. 14.—Sanitary Inspectors.

Poor Law Commission Office, Dublin,
December 5, 1866.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have observed that the Guardians of many unions which have not yet been attacked by cholera, or in which cholera, having broken out, appears no longer likely to prevail, have shown a disposition to lessen their expenditure under the Sanitary Act of 1866, by discontinuing the services of Inspectors of Nuisances, or Sanitary Inspectors, as they are sometimes called.

The fact that the present invasion of cholera commenced almost at the same time with the introduction of the new Sanitary Law, may, perhaps, have given rise to a supposition, that when the one is disappearing the other ceases to be necessary.

No doubt, on the disappearance of the epidemic from Ireland, and the withdrawal or termination of the Order in Council, and of the sealed Order of the Commissioners relating to treatment and prevention of the spread of the disease, all expenses of an extraordinary nature incurred under the provisions of the latter Order will also cease, inasmuch as, in fact, they could not continue to be legally incurred.

But the provisions of the Sanitary Act are not directed against cholera alone, but against every description of dangerous contagious disease, especially the more fatal kinds of fever, which, although not now epidemic, are always prevailing more or less in the country with fatal effects, and may at any time become epidemic.

These diseases are promoted in the same way as cholera, by the impurity of the air, more especially of that within the dwelling-house, and by the use of impure water, unwholesome food, and other like causes.

The removal of nuisances, the maintenance of proper drainage, the supply of pure water to the population of towns and villages, and the prevention of over-crowding in dwelling-houses, are objects which the Legislature has determined shall henceforward be continuously carried out for the security of the public health, and has, therefore, created permanent powers and imposed permanent responsibilities for that purpose; and there is no union in Ireland in which, henceforth, it will not be necessary for the Guardians to employ at all times one or more Inspectors of Nuisances in order to enable them to carry out continuously and permanently these objects of the Legislature.

The office of Inspector of Nuisances will necessarily vary much as to the extent of its duties, and the amount of remuneration for their performance, according to the circumstances of the district. In some cases it may be proper to employ a person devoting himself wholly to the office; in other cases, especially in rural districts, Relieving Officers or other officers under the control of the Guardians can be invested with the duties; but in the opinion of the Commissioners all territory which is within the district of the Guardians, as a sewer or nuisance authority, should be under some person having authority to act as an Inspector of Nuisances, and responsible for reporting to the Guardians every case requiring any exercise of their powers either as sewer or nuisance authority.

In the discharge of their sanitary duties, the Guardians must be prepared to encounter some additional annual expenditure from the poor-rates; but whenever epidemic disease is not present, the ordinary sanitary expenses will be found to be only a light additional burthen; and it must be borne in mind that the continuous and permanent powers, if properly

exercised, will obviate the more expensive arrangements which it would become necessary to adopt in the presence of epidemic disease.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of each Union.

No. 15.—Committees under Sanitary Act.

Poor Law Commission Office, Dublin,
March 30, 1867.

Sir,

The election of Guardians for the current year in the several unions being now completed, the Commissioners for administering the Laws for Relief of the Poor in Ireland think it right to draw the attention of the Board of Guardians to the propriety of re-appointing Committees, under the provisions of the Sanitary Act, 1866, for the purpose of carrying into effect the provisions of the Sewage Utilization Act and the Nuisances Removal Acts.

On this subject the Commissioners desire to refer the Board of Guardians to their Circular Letter of the 17th October last,* by which it will be seen that the Act contemplates three distinct Committees, viz. :—

1. The Sanitary Committee, which is in fact the Dispensary Committee of the district, and whose functions as Sanitary Committee under the Diseases Prevention Act are only called into action when an Order in Council under that Act is in force (29 & 30 Vic., c. 90, sec. 63).
2. The Committee of the Nuisance Authority, the action of which is continuous, and which must consist exclusively of members of the body by which it is appointed, that is, members of the Board of Guardians where the Board is the Nuisance Authority (18 & 19 Vic., c. 121, sec. 5 ; and 23 & 24 Vic., c. 77, sec. 5).
3. The Committee of the Sewer Authority, the action of which is also continuous, and which must be appointed at a meeting specially convened for the purpose and may consist partly of ratepayers (28 & 29 Vic., c. 90, sec. 4).

The Guardians may appoint one or more Committees for each of the purposes above mentioned (Nos. 2 and 3), and the Commissioners recommend the Guardians to take the subject into consideration with a view to appointing Nuisance and Sewer Committees for such parts of the union as are not within the jurisdiction of another Sewer and Nuisance Authority ; and the Commissioners think it might be advisable to consider the propriety of dividing the union into districts, consisting of electoral divisions, for these purposes and appointing Committees for each district.

The Commissioners enclose another copy of the Circular of the 17th October last, above referred to, and also a copy of another Circular, dated the 5th December, on the subject of appointing Sanitary Inspectors, to which the attention of the Guardians is requested.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of each Union.

No. 16.—Vacancies in the Office of Medical Officer.

Poor Law Commission Office, Dublin,
Sir, December 12, 1866.

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had their attention drawn to the fact that inconvenience has been sometimes caused, when a vacancy has occurred in the office of Dispensary Medical Officer, by the circumstances of the vacancy not having been properly reported; and the Commissioners desire, therefore, to draw the attention of the Committee of Management to the 17th Art. of the dispensary regulations, which requires that upon the occurrence of any vacancy among the officers of the dispensary districts, the Committee shall cause the same to be reported to the Commissioners.

As the Commissioners do not require copies of the minutes of proceedings of the Dispensary Committee to be sent to them, they are not made aware of the occurrence of vacancies unless such vacancies are specially reported to them.

By order of the Commissioners,
B. Banks, Chief Clerk.

To the Honorary Secretary of the Committee of Management of each dispensary district.

III. REPORTS ON THE SUBJECT OF OUTBREAKS OF CHOLERA.

No. 1.—Report from Dr. Hill, Medical Inspector, on Mountmelick Dispensary District, Mountmelick Union.

3, Seaview Terrace, Donnybrook,
Gentlemen, 22nd November, 1866.

Adverting to your letter, No. 18,874, of the 26th September, I beg leave to report to you that I have visited the Mountmelick Dispensary District, with a view to ascertain the present sanitary condition of the district and the arrangements made by the Guardians and the Dispensary Committee to meet an outbreak of cholera in the Union.

I was informed by Dr. Clarke, the Medical Officer, that the first appearance of cholera in Mountmelick district was on the 6th of September last, and that the date of the last case was on the 6th ultimo. During the interval—a little more than four weeks—eight cases occurred, of which four terminated in recovery, and four in death.

The disease was altogether confined to the town of Mountmelick, and has not as yet, that I am aware of, appeared in any other part of the Union.

The first case was that of a woman named Catherine Delany, sixty-seven years of age, who came over from Bradford, by way of Liverpool, where she slept one night, on the morning of the 6th of September. She was accompanied by a friend named Elizabeth Conroy, to whose house in Mountmelick she went immediately on her arrival. About eight o'clock that evening she was attacked with diarrhœa and vomiting, and about a quarter of an hour afterwards was visited by the Medical Officer, who recommended her removal to hospital. As she at first refused to go, she was attended by the Medical Officer, at Mrs. Conroy's house, until the next morning, when she consented to go to hospital, and was removed accordingly. She, however, rapidly sank, and died on the 7th September, after an illness of about twenty hours.

On the following day, the 8th September, Mrs. Conroy, forty-two years of age, who had attended Catherine Delany at the commencement of her illness,

was seized with symptoms of cholera. She was attended by the Medical Officer at her own house, and recovered after an illness of three weeks, having suffered from a severe attack of consecutive fever, during which she was carefully nursed by her husband and daughter, neither of whom contracted the disease.

No other case occurred until the 21st September, when a little girl, named Mary Creggan, nine years of age, who had not been in communication with either of the previous cases, was seized with cholera, and removed to hospital. On the morning of the following day her brother, James Creggan, thirteen years of age, and on the evening of the same day her mother and a younger brother, were similarly attacked. They were all removed to hospital, where James Creggan died, and the other members of the family recovered.

Another case, that of a Post Office letter-carrier, occurred on the 22nd September, and terminated fatally in twelve hours. He was not, however, a patient of the Medical Officer.

The next and last case was that of a woman named Margaret Rourke, fifty-five years of age, who had attended the Creggans previously to their removal to hospital. She was seized with cholera on the morning of the 6th October, and died on the evening of the following day, at her own home, after an illness of thirty-two hours. Some weeks prior to the occurrence of the first case of cholera in Mountmelick, the Board of Guardians made arrangements for appropriating the workhouse fever hospital to the treatment of cholera cases, and accommodation was prepared therein for the reception of forty patients. A suitable covered vehicle was provided for the removal of the sick to hospital, and a nurse appointed to attend at their own homes such patients as might refuse to go to hospital.

Of the eight cases of cholera which have been reported, five were admitted into hospital; and of these, two died and three recovered. Of those treated at their own homes, two died and one recovered.

It appears from the minute book of the Dispensary Committee that they have not held a meeting since the 12th April last. During the prevalence of cholera in the town, however, a Sanitary Committee comprising Town Commissioners members of the Dispensary Committee, and other inhabitants of Mountmelick, held frequent meetings in the Town Hall for the purpose of adopting measures for the sanitary improvement of the district. Two Inspectors of Nuisances were appointed, who, it is stated, visited every house in the town without exception, and through whose agency all nuisances were removed or abated, and the habitations of the poor cleansed and lime-washed. The drainage of the town was also examined and, where necessary, made efficient; and the public pumps put into good repair. Straw for bedding was purchased, and distributed to such poor persons as required it. Nearly all the expenses incurred in carrying out sanitary measures in the town of Mountmelick were defrayed from funds supplied by the voluntary contributions of the inhabitants.

No additional medical assistance was provided, or applied for; but the dispensary was daily open to the poor for several weeks, and public notices, in the prescribed form, were extensively posted in the district.

The Medical Officer reports that his district is at present healthy, and that there is no unusual tendency to bowel complaints among the poor.

I have the honour to be, Gentlemen, your obedient servant,

John Hill, Inspector.

The Medical Officers' daily returns are herewith sent back.

No. 2.—Report from the Medical Officer of Mountmelick Dispensary District to the Board of Guardians.

Mountmellick,
Sir, 15th September, 1866.

I am happy to inform you that since my last report no new case of cholera has appeared, and that the case then under treatment is now in a fair way to recovery. I have also to inform you that the Town Commissioners, the clergymen of every denomination, and a large number of the householders met on last Saturday evening in the Town Hall. At that meeting it was proposed and carried unanimousl that a sanitary committee be appointed to assist the Town Commissioners in carrying out the provisions of the Nuisances Removal Act. It was also proposed and carried, that two paid inspectors be appointed to inspect and report on the condition of the sewers and back-yards of every house in the town without distinction, and that their reports be submitted to the committee at its next meeting; that lime for whitewashing purposes be provided, and gratuitously distributed to all applying for it.

At an adjourned meeting held on last evening the reports of the inspectors were submitted and read. For the credit of the town I am happy to say that, with very few exceptions, the results were highly satisfactory to the established character of the town for cleanliness. The inhabitants evinced every desire to aid the authorities in carrying out the law. Within the last week almost every house amongst the labouring class has been thoroughly whitewashed and cleansed. It gives me much pleasure to report that the sanitary condition of the town is not such as to cause any alarm.

I have had some cases of diarrhœa and pain in the bowels. I hope that the very prompt action of the Town Commissioners, and Committee under them, has been the means of restoring confidence amongst the inhabitants.

I remain, Sir, your obedient servant,

James Clarke.

Board of Guardians.

No. 3.—Report from Dr. Hill, Medical Inspector, on Arklow Dispensary District, Rathdrum Union.

3, Seaview-terrace, Donnybrook,
Gentlemen, 19th September, 1866.

I beg to report to you that, in accordance with the instructions contained in your letter, No. 17,573, of the 13th instant, relating to an outbreak of cholera in the Arklow Dispensary District, I proceeded to the town of Arklow on the 15th instant, with a view to assist the Committee in making arrangements to meet the emergency. I immediately called upon Dr. L'Estrange, the Medical Officer, and Dr. Halpin, the Assistant Medical Officer of the District, and ascertained that the Committee had held two meetings during the week for the purpose of carrying into effect the instructions contained in the Commissioners' sealed Order of the 25th ultimo. At the first meeting of the Committee, they adopted a series of resolutions, which appeared on the Minutes of Proceedings of the Board of Guardians on the 11th instant, and were confirmed by the Guardians on that day. In accordance with those resolutions an Inspector of Nuisances for the town and two Assistants have been appointed. A

shed has been ordered, and its erection commenced, for the treatment of cholera patients; a portion of the Fever Hospital having been made available until the completion of the shed. A competent person has been appointed to disinfect the houses of the sick, and directions have been given to provide a house with suitable appliances for the disinfection of clothes and bedding. The Medical Officer has been authorized to procure nurses to attend the sick; a supply of coffins has been provided, as well as a donkey-cart and driver, for the interment of the dead. A house has been obtained and is being fitted up as a temporary place of refuge for the occupants of infected houses until such premises have been purified and disinfected. At the meeting of the Committee on the 14th instant they appointed Dr. Halpin, of Arklow, to assist the Medical Officer in cholera cases, and he commenced duty on that day. Application was also directed to be made to the Clerk of the Union for a supply of public notices in accordance with the order of the 25th ultimo.

On the 17th instant I attended the usual weekly meeting of the Committee, when a cot for the conveyance of the sick to hospital was ordered; the services of a man and woman for coffining the dead were secured; directions given for the repairs of sewers; and a supply of disinfectants ordered; arrangements were also made for the distribution of broth, arrow root, etc., supplied by the Honorable Mrs. Proby for the use of the sick and convalescent. The Committee appear to be fully alive to the urgency of the case, and to have done everything in their power to meet the emergency.

The poor being now thoroughly convinced of the formidable character of the epidemic, are anxious to avail themselves as soon as possible of medical aid, and no longer show any unwillingness to allow of the speedy interment of the dead. Only one case, however, has as yet been treated in the hospital. The first case of cholera seen by the Medical Officer in this district was that of a man named Ivory, who came to Arklow from Dublin on the 31st ultimo, and went to his father's house in Yellow-lane. He had been a sailor on board the *Crystal Palace*, then lying in the Liffey, from which vessel a sailor named Whiston, suffering from cholera, had been removed to the hospital in Green-street, where he died. On the day of his arrival in Arklow, Ivory was attacked with purging, vomiting, and cramps; was attended by Dr. L'Estrange, the Medical Officer, and recovered. Dr. L'Estrange is of opinion that this case was one of English cholera. The next case occurred on the following day; the patient, a man named Horan, was also a sailor from Dublin. His vessel, the *Monitor*, lay in the Liffey, close to the *Crystal Palace*, and he had seen Whiston removed to the hospital. He was seized with choleraic diarrhœa on his way from Dublin, and was first seen by the Medical Officer at the Railway Station in Arklow. As the man refused to go to hospital, he was conveyed to the house of a relative, about a mile and a half from Arklow, where he was attended by the Medical Officer, and recovered. No similar case occurred until the 8th instant, when a man named Duncan, a carpenter, of intemperate habits, living in the lower part of the town of Arklow, was attacked about five o'clock, A.M., with symptoms of cholera. He was immediately visited by the Medical Officer, but died about seven o'clock that evening. He had been suffering from diarrhœa for several days previously. The next case occurred the same morning in a house very near to that in which Ivory (the first case) had been ill. The patient was a man named John Shea, who had been suffering from diarrhœa for two or three days without having applied for medical aid. About half-past five, A.M., he was seen by the Medical Officer, labouring under well-marked symptoms of cholera, and immediately placed under treatment. This man recovered under the use of calomel, opium, and camphor, with external

stimulants. On the next day, the 9th instant, two fatal cases occurred; on the 10th another fatal case; and up to the morning of yesterday, the 18th instant, when I left Arklow for the purpose of attending the meeting of the Board of Guardians at Rathdrum, there had occurred twenty-nine cases of cholera, nineteen of which had proved fatal.

The following is a summary of the cases of cholera and diarrhœa, from the 31st ultimo to the morning of the 18th instant, with the results:—

	Cases.	Died.	Recovered.	Under treatment.	Total.
Cholera,	29	19	5	5	29
Diarrhœa,	9	0	2	7	9

During my stay in Arklow I visited all the cases under treatment, and inspected the infected localities; and though a great deal has been effected in the way of cleansing and whitewashing the cabins, through the agency of the Sanitary Committee, much remains to be done in regard to the defective sewerage of the lower part of the town. The papers forwarded to me for my information are herewith returned.

I have the honour to be, Gentlemen, your obedient servant,

JOHN HILL.

No. 4.—REPORT from DR. ROUGHAN, Medical Inspector, on ASHFORD DISPENSARY DISTRICT, RATHDRUM UNION.

Wicklow,
November 15, 1866.

GENTLEMEN,

In accordance with the instructions contained in your letter of yesterday's date, No. 22,845, I proceeded from Dublin to this town, and I now have the honour to place before you the result of my inquiries.

It appears that on the 16th of October the first case of distinct Asiatic cholera occurred in a part of this town called Irishtown; that the boy so attacked was sixteen years of age, that he had just returned from Kingstown, where he had been on board a vessel called the *Olive*, which was infected with cholera; this boy recovered. On the 19th of same month his father was attacked, and also recovered. I may add that father and son occupied the same bed. The next case was that of a poor woman named Redmond, who for charity was in attendance on the two first cases. On the 30th October the mother of the boy who apparently brought the disease from the *Olive*, was attacked by cholera, and died after an illness of six hours. On the 1st November a poor woman who had been a nurse-tender on those already afflicted, was stricken by the disease and died after an illness of eight hours. From this date, viz.—November 1st to November 7th, no new case occurred; but on the 7th instant a child aged six years, named Keating, residing in the same locality (Irishtown), sickened and died after an illness of a few hours.

Up to this time the epidemic was confined to Irishtown. On the 8th instant two men named Byrne (brothers), living on a place called The Murrough, which is separated from the town by the river Leitrim, in a house quite detached, were reported ill, and died on the following day; both those men were of intemperate habits, and, as I learn, spent the day before their illness drinking with sailors from Arklow, an infected district. Again, on the 11th November two new cases occurred in Irishtown—one recovered, the other died after a few hours' illness; on the 13th instant one more case in Irishtown, which is now under treatment, and, as I am informed by the Medical Officer, likely to do well. The last case reported is that of a man named Byrne, brother to the two men who

died in the detached house in The Murrough: he became ill on yesterday and has just died.

Up to this time the epidemic has been confined to Irishtown—a high, well-drained, and clean locality—the disease having been imported into it, as far as human eye can judge, by the boy Bolton, who had been on board the *Olive*. The other two men seem to have caught it from the Arklow sailors. The disease has been creeping on slowly and insidiously, and no one can say whether it will die out or increase, so that it would be desirable to provide against the worst. There is not at present any hospital accommodation here available for the reception of cholera patients. I have learned that the Guardians and Committee have taken a house, which I visited and consider it suitable for the treatment of twelve patients, but it would be well if it were lime-washed, and that all suitable appliances were at once supplied. I would also recommend that during this doubtful period a Relieving Officer should reside in the town, who would, when requisite, provide a proper conveyance to take patients to hospital, and administer nourishment to persons who may be convalescent in their own houses, and not having means to provide it.

The Medical Officer informs me that the Guardians have not provided a nurse to take care of the hospital, and he believes they cannot procure one. I regret to say that Dr. Banks is suffering from diarrhœa, and looks very much worn out by fatigue. Should there be an increase of cholera, he would not, I fear, be able to discharge his duties without assistance. I beg to remark that Dr. Banks attended all those cases without visiting tickets, with one exception, and he states he did not feel himself justified in entering them in his relief register as he had not the tickets to file.

I have the honour to be, Gentlemen, your most obedient servant,

George F. Roughan.

No. 5.—Report from the Medical Officer of Portaferry Dispensary District, Downpatrick Union.

A Report on the cases of Cholera and Diarrhœa in the Portaferry Dispensary District from the first appearance of Cholera in the district, October 20, 1866, till this date, November 2, 1866.

I was called on Saturday, 20th ultimo, to see Andrew Young, a fisherman, at Cloughey, whom I found in collapse of Asiatic cholera, which he had contracted at Balbriggan the previous day. He was pulseless when I saw him and died the following day, Sunday, 21st. The body was immediately interred, and the house closed up. The houses adjoining were above the average in cleanliness, and their occupiers at once set about cleansing and whitewashing. I learned the same day, after considerable difficulty, that another of the crew, James Smith, living at Calham, a hamlet nearly half a mile from Cloughey, was complaining of diarrhœa. I gave him directions what to do, and ordered him medicine; this I found scarcely tasted, when called to see him; the following morning, at six, a.m., he was then in profound collapse—pulseless, purged, vomiting, and cramped, and perfectly blue in cholera. He died on Tuesday, the 23rd, the body remaining some hours in the house, as no one would render any assistance for its interment.

His daughter and grandchild remained in the house all the time he was ill and for more than thirty hours after his death, when they were removed to a temporary hospital. The following day the daughter was attacked with diarrhœa; the other symptoms of true cholera soon manifested themselves and she was placed under treatment.

I may here mention that his wife, an invalid old woman for years, died the day after her husband, but not of cholera.

Having on the 21st reported the appearance of cholera to the Dispensary Committee, they at once set about procuring an hospital for the treatment of cholera cases and endeavoured to improve the sanitary state of the neighbourhood; but the poison having been once imported found a congenial spot for its further development in the wretched filthy hovels surrounding Smith's house.

It would be needless here to enter fully into the details of the other cases: in two houses pre-eminent for their horrible state, where pigs and ducks ran riot, the disease soon made its appearance. In one of these *all* the inhabitants—*four*—have been attacked with cholera; in the other house were *six* occupants—three have had cholera; of these, one is convalescent, one dead, and one under treatment, two have had smart diarrhœa, and only one has escaped as yet.

I may further add, that with this single exception, *every person* in the infected houses in Calham have been affected either with cholera, or diarrhœa.

No. 6.—Letter from Medical Officer of Portaferry Dispensary District, Downpatrick Union, to the Commissioners.

Portaferry,
November 18, 1866.

For some days after the discontinuance of my daily reports on the prevalence of Asiatic cholera in this district we were without any fresh cases; since then we have had two more cases at Cloughey. The following extract from my report book to the Dispensary Committee will give you any necessary information about the first case:

"November 16, 1866.—Since last report, as above, one case of Asiatic cholera has occurred at Cloughey. One of the patients, Smith, in hospital, had secreted some articles of dress which she had worn when ill, and produced them on the 13th ultimo; the nurse, Jane Saville, wanted to burn them immediately, but Smith refused to allow her; Saville then offered to wash them, and did so, without having previously saturated them in the barrel of disinfectant kept for that purpose. In a few hours after she sickened; in the course of the evening and night all the symptoms of true Asiatic cholera became developed. She was placed under treatment promptly, and was, at my visit last night, over the worst part of the attack and in the consecutive fever, so that I would hope for a favourable result."

Since the date of this report she progressed satisfactorily till last night, when she had a relapse of purging and vomiting. This morning, however, she is again better.

When Swaine took ill we telegraphed to Belfast for a nurse. Miss O'Neill came down on Thursday and went to the hospital. She was engaged part of that day in sorting the foul bed-clothes previous to their being disinfected and washed. She sickened towards evening and was very ill, purging, vomiting, cramped all night, and prostrated very low: the appearance, voice, and everything indicative of true cholera,—(suppression of urine also present).

This morning at my visit she was much better, and though very weak I hope she may continue till complete recovery.

No. 7.—Letter from Dr. Whistler, Medical Officer of the Bray Dispensary District to the Commissioners.

Bray,
January 9, 1867.

Gentlemen,

I beg to enclose a numerical return of the cases of cholera and diarrhœa from my dispensary district, from the 29th September to the 29th December, 1866, a period of ninety-two days, and also a similar return of the same epidemics as they occurred, from the 24th December, 1854, to 29th January, 1855.

It may be interesting to select the following cases as tending to exhibit the contagious nature of cholera under peculiar circumstances, namely, the liability to a healthy person coming from a non-infected locality of rapidly contracting the poison; and secondly, that the poison having been conveyed to a house, situated in a peculiarly healthful position, isolated, and at a mile distant from the disease, can fatally infect its robust inmates.

On the 6th December Ellen Ward, aged 46, living opposite Bray Common, was suddenly attacked with cholera and collapse; on the 10th a friend, Ellen Kearney, aged 58, came from Powerscourt to visit her; and was but a few hours in the house when she was so severely attacked with cholera as to render it unsafe either to remove to her home or to the union hospital, and she died in thirty-eight hours.

On the 10th December Charles Ryan, aged 40, a comfortable farmer, living about a mile from Bray, in a house so well situated as to be always let as a summer residence; his habits were not temperate, and on his visit that day to Bray, where cholera was prevalent, he indulged somewhat freely, and was, on his return home in the evening, attacked with vomiting, purging, and cramps, and died on the eighth day with total suppression of urine. On the 13th Catherine Molloy, aged 26, an active and healthy servant in the family, but not in actual attendance on Ryan, when rising in the morning suddenly sickened, and when I visited her some few hours afterwards, was so far in collapse that it was not safe to move her a distance of four miles to the union hospital; she died after thirty-eight hours' illness. On the 15th Catherine Ryan, aged 50, sister to Charles Ryan, a robust, active, and healthy woman, sickened and died in sixteen hours; and on the 18th Pat. Bolland, aged 6, the child of niece residing in the house, was attacked and died on the third day; thus, in a family of six persons, four in the space of ten days were struck down by this epidemic.

Both cholera and diarrhœa have now, I am happy to state, disappeared from the district.

I have the honour to be, Gentlemen, your obedient servant,

Thomas L. Whistler.

No. 8.—REPORT from DR. HILL, Medical Inspector, on TULLAMORE DISPENSARY DISTRICT, TULLAMORE UNION.

Tullamore,
GENTLEMEN, February 12, 1867.

I beg leave to acknowledge the receipt of your letter, No. 3,862, of the 9th instant, enclosing a copy of a letter received by you from Dr. Ridley, Medical Officer of the Tullamore Dispensary District, in which he reports the occurrence of several fatal cases of supposed cholera in the town of Tullamore, and to inform you that in pursuance of your instructions I came here yesterday, and have made inquiry into the facts of the case.

On my arrival I called upon the Medical Officer, and was informed by him that he had, in the course of the day, seen four new cases of cholera. I accordingly visited one of them with him, and found a young woman, named Mary Farrell, eighteen years of age, labouring under well-marked symptoms of malignant cholera. This morning we visited the four new cases reported yesterday, and found one of them convalescent, two progressing favourably, and one, the young woman whom I saw last night, in an almost hopeless condition.

Dr. Ridley states that he has reason to believe that there have been nine cases of cholera in the town of Tullamore since the commencement of this month. The first three were not attended by him, but he is of opinion that the remaining six were cases of true Asiatic cholera. The first case returned by the Medical Officer, occurred on the 2nd, and the last case on the 11th instant. No new case has been reported to-day in the town of Tullamore. Of the nine cases above referred to, five terminated fatally, one is convalescent, two are progressing towards recovery, and one is in an extremely critical condition.

The houses in which the fatal cases occurred have been disinfected, and whitewashed inside and outside, by directions of the Town Commissioners.

Having heard that some cases of a suspicious nature had occurred in the union workhouse, I this morning visited it, and saw a woman, named

Honor Larissy, fifty-six years of age, an inmate of the infirm women's ward, in the advanced stage of malignant cholera. She was cold, livid, and pulseless. She had been suffering from diarrhœa for two or three days, but had not made any application for medical assistance, and about twelve o'clock last night was seized with vomiting, profuse diarrhœa, and cramps. About four o'clock this morning she was visited by the Medical Officer of the workhouse, and placed under appropriate treatment; but her recovery appears to be very improbable. I called upon Mr. Ridley, Vice-Chairman of the Board of Guardians, upon the subject, and by his directions, two wards in the workhouse will be immediately prepared for the reception of cholera patients, and on Thursday next the Guardians will make the requisite arrangements to meet the outbreak of cholera in the town. A special meeting of the Dispensary Committee will be held to-morrow for the same purpose.

I ascertained that on the 12th ultimo a woman named Mary Rowe, from the Athlone Union, was admitted into the Tullamore Workhouse complaining of dropsy, and was sent immediately to the infirmary. On the 14th she was attacked with purging and vomiting, her extremities became livid, and she died on the 14th January, after twenty-four hours' illness. In the record of Sickness and Mortality, her death is attributed to "General Debility and Diarrhœa."

On the 16th January, two days after the death of Mary Rowe, a ward-woman, named Mary Langan, who had attended Mary Rowe during her illness, and washed her body after death, was taken ill with diarrhœa, followed by vomiting and cramps. She died the next day, after an illness of about thirty-six hours. In the record of Sickness and Mortality the cause of her death is returned "English Cholera."

I had an interview with Dr. Moorehead, the Medical Officer of the workhouse, with reference to the case of Honor Larissy, and he informed me that he had no hesitation in stating that she was suffering from Asiatic cholera.

The foregoing particulars appear to leave no doubt of the existence of Asiatic cholera in the town of Tullamore.

I have the honour to be, Gentlemen, your obedient servant,

John Hill.

IV.—Copy Report of John Lambert, Esq., Poor Law Inspector, to the Right Honorable Gathorne Hardy, M.P., President of the Poor Law Board, (England), on the System of Medical Relief to the Out-door Poor in Ireland, under the Dispensaries Act, 1851, as presented to the Honorable the House of Commons, 8th February, 1867.

Poor Law Board, Whitehall, S.W.,
9th November, 1866.

Sir,

I beg to inform you that, in conformity with your desire, I made inquiry during my recent visit to Ireland into the system of out-door medical relief now in force in that country.

This system, as you are aware, was established in pursuance of the 14 & 15 Vic., c. 68, usually known as "The Dispensaries Act, 1851."

The Irish Poor Relief Act of 1838 (1 & 2 Vic., c. 56) contained no provision for the medical relief of the out-door poor; but by section 5 of the 10 Vic., c. 31, the Poor Law Commissioners were authorized to require the Guardians to appoint Medical Officers for the purpose of affording medical relief out of the workhouse in those cases in which it should appear necessary and expedient that such appointments should be made.

It appears, however, that nineteen orders only were issued under the powers conferred by this section.

These orders were addressed to the Guardians of sixteen unions, and applied to twenty-nine districts, comprising 104 Electoral Divisions, for which twenty-nine Medical Officers were authorized to be appointed.

By the Dispensaries Act of 1851 the Guardians of each Union are required, when so ordered by the Poor Law Commissioners, to divide the Union into so many dispensary districts as may appear necessary, regard being had to the extent and population of each district; and the cost of all medical relief within the district, together with all salaries and expenses incidental to the same, is made a charge upon the several Electoral Divisions within the district, according to the rateable value of the property therein. Moreover, the Commissioners are authorized to fix the number and qualifications of the Dispensary Officers, and to declare the number of persons who shall constitute the Dispensary Committee.

The Dispensary Committee are to consist of the *ex officio* and elected Guardians resident, or being the owners or occupiers of property, in the district, together with so many resident ratepayers, rated on a value of not less than £30, as may be necessary to make up a committee of the prescribed number.

The Guardians are required to provide a dispensary or office for the Medical Officer of each district, and for the meetings of the Committee. They are also required to provide all medicines and medical appliances.

The Dispensary Committee are to appoint the Medical Officers at salaries to be determined by the Guardians, subject to the approval of the Poor Law Commissioners. On failure of the Committee to appoint a Medical Officer after the receipt of the direction of the Commissioners, the Commissioners themselves are empowered to make such appointment.

The persons empowered to order medical relief are—

(1.) The members of the Dispensary Committee.
(2.) The Relieving Officers; and
(3.) The Wardens of the several Electoral Divisions within the district.

The Wardens are unpaid officers appointed by the Guardians under section 5 of the Irish Poor Relief Act of 1838, and their chief duties are to provide for the conveyance of sick and infirm paupers to the workhouse, to receive applications for admissions into the workhouse, and to report to the Guardians relative to the residence of the applicants.

The order for medical relief is to be given by ticket, upon the receipt of which the Medical Officer is bound to afford the requisite advice and attendance; but power is given to the Committee to cancel any ticket at their next or any subsequent meeting after its issue, if they are of opinion that the recipient is not a fit object for dispensary relief.

Under the Dispensaries Act of 1851 the Poor Law Commission was re-constituted, and authority was given to the Commissioners to appoint Medical Inspectors,

Five Medical Inspectors were accordingly appointed, and they were instructed by the Commissioners to assist the Guardians in the division of their Unions into dispensary districts.

In May, 1852, the declaration of dispensary districts throughout the whole of Ireland was completed, and the orders of the Commissioners for the regulation of the dispensaries had been issued to every Union.

By these orders the Commissioners regulated the proceedings of the committees of management, determined the mode of appointing dispensary officers, and fixed the qualification and duties of the Medical Officers.

They also prescribed the forms for the books and returns to be kept and made by the Medical Officers, and provided for the appointment of Honorary Secretaries to the Committees.

The Commissioners likewise issued circulars, containing lists of the medicines and surgical instruments and other requisites proper to be supplied for the dispensaries.

The dispensaries which I visited are the following :—

Two in Dublin, viz., one in the North and another in the South Dublin Union.

Three in Cork, one in Limerick, and one in Galway.

Dr. Hill, the Medical Inspector for the province of Leinster, accompanied me to the Dublin dispensaries ; Mr. O'Brien, the lay Inspector resident in Cork, took me over the dispensaries in that city ; and Dr. Brodie, the Inspector at Galway, went with me to the dispensary there. To the dispensary at Limerick I obtained admission through the introduction of Mr. Bourke, the Poor Law Inspector for that district.

At Dublin and Cork the Guardians have established their dispensaries in houses rented by them for that purpose. In Limerick a portion of the Barrington Hospital is used for the dispensary, and in Galway the dispensary consists of a new building which has recently been erected near the workhouse, out of certain charitable funds applicable to that purpose.

The staff attached to each of these dispensaries consists of two or three medical officers, a dispenser, and a porter, the dispenser being in every case a duly certificated apothecary, and with one exception resident on the premises.

The tickets for medical relief are of two kinds, one printed in black, which entitles the applicant to advice at the dispensary, and another printed in red, which entitles him to attendance at his own residence.

In towns and populous places the medical officers attend at the dispensaries at certain fixed hours every morning, pursuant to public notice circulated throughout the district, and placed in a conspicuous place at the dispensary.

These notices, which are in the form of large placards, set forth the names and residences of the members of the dispensary committee.

Upon the production of a ticket for medical relief at the dispensary, the name of the applicant is entered by the medical officer in the relief register, with the date of the first attendance. The prescription is then written on a form provided for that purpose and taken to the dispenser, who supplies the applicant with his medicine.

At each dispensary there is a waiting-room—a room in which the medicines are kept and dispensed, and one or more consulting-rooms, besides apartments for the dispensers. There is also a room, at one of the dispensaries in each district, for the meetings of the dispensary committee.

The applicants are required to provide bottles or other vessels for their medicines. In ordinary cases, verbal directions only appear to be given

with the medicines, but where the medicine is poisonous, or intended for external application, proper labels are affixed.

The prescription paper is not the only record of the medicines given, inasmuch as the medical officers enter their prescriptions in a book, in which they insert the date of each attendance on their patients.

The medical officers are required to lay before the committee periodical returns of the cases attended by them, and to deliver in a monthly statement of the medicines which have been dispensed, and the quantities which are required.

The dispensaries are also used as stations for vaccination on certain specified days in every week.

The length of the daily attendance given by the medical officers at the dispensary is usually two hours, and they enter in a book which is laid before the committee the time of their arrival and departure every morning.

After the applicants who are able to come to the dispensary have been prescribed for, the medical officers usually proceed to visit the poor persons who may have to be attended at their own homes, taking with them a supply of prescription forms. These forms are filled up on the spot and left with the patients, who send them to the dispensary and obtain their medicines.

It is the duty of the dispensers to compound these prescriptions at any hour of the day or night.

I was present at the dispensaries in Dublin and Cork whilst the medical officers were in attendance, and although the number of applicants, especially in Dublin, was unusually large, owing to the outbreak of cholera, there seemed to be no difficulty in disposing of all the cases in a prompt and orderly manner.

With respect to the supply of medicines, the medical officers were unanimous in stating that, as a rule, the guardians never object to order for the dispensary any medicines or medical appliances which the medical officers recommend. In every dispensary which I visited, the stock was larger and more varied than I expected to find.

The office of Registrar of Births and Deaths is usually held by a dispensary medical officer, and he conducts the business of that office also at the dispensary.

In large and populous cities and towns there are several dispensaries provided for each district, but of course all within the same district are under the management of one committee. Thus, in the North City district of Dublin, there are three dispensaries; in the South City district four; and in the Cork district two principal dispensaries, with resident dispensers, and two branch dispensaries, established for the convenience of the inhabitants of the extreme parts of the city, at which the medical officers themselves dispense the medicines, which are supplied from the two principal dispensaries.

The salaries of the resident apothecaries in the dispensaries visited by me vary from £70 to £100 a year, besides which they have the advantage of suitable living apartments on the premises.

The salaries of the medical officers rarely exceed £100 per annum, exclusive of vaccination fees, and no extra fees are allowed for difficult operations. In one instance, the salary was only £60.

The following statement shows the total expenses of medical relief for the year ended 29th September, 1865, in the dispensary districts already alluded to.

The dispensaries are subject to the inspection of the medical inspectors, who likewise investigate all cases of neglect of duty on the part of the medical officers.

With regard to the general operation of the Dispensary Act, I find that Mr. Power, the Chief Commissioner, with whom I had the advantage of more than one conference on the subject, and the Poor Law Inspectors, to whom he introduced me, are unanimously of opinion that it has proved to be universally beneficial, especially in all those large places where there is a resident apothecary acting as dispenser.

The only blot in the system is attributable to the extreme facility with which the tickets for medical relief are obtainable from the members of the dispensary committees. I was assured at one place that retail tradesmen have been known to sign a book of tickets, and leave them to be distributed by their shopmen amongst any customers willing to accept them; and in another, the medical officer informed me that a member of the committee had sent one of his children with a ticket, under a fictitious name, and obtained cod-liver oil for a period of three months. The dispenser at Limerick, who is also the house surgeon at the Barrington Hospital, stated that the right conferred upon so many persons to give medical orders is open to great abuse, and he thought it should be limited to relieving officers and *ex officio* guardians. It must be remembered, however, that in some of the large and thinly populated unions such a restriction as this, however desirable for towns, would amount to a deprivation of medical relief.

Another reason for the somewhat lavish administration of out-door medical relief in Ireland is attributable to the professional etiquette which prohibits even a surgeon from attending a patient for a less fee than a guinea; so that the question upon which the granting of medical relief is supposed to hinge is, whether or not the applicant is provided with that sum.

The latter reason, however, is not applicable to this country, and any abuse arising from the granting of relief by all the members of the dispensary committee might be obviated by limiting that right to the relieving officers and a few other responsible persons.

The power given to the committee of cancelling the ticket after it has been issued and acted upon, is found to be quite inoperative in practice.

Having stated the objections which have been made to the dispensary system, I now proceed to advert to some of the advantages derived from it.

1. It insures for the destitute sick poor a sufficient supply of all necessary and proper medicines and medical appliances.

2. It enables those who are not confined within doors to obtain medical advice at fixed hours, and within a convenient distance from their homes.

3. It insures for those who are unable to go out medical attendance, and enables them to obtain their medicines promptly.

4. It affords facilities for vaccination, as well as for medical relief generally, by establishing fixed places at which it is well known that the medical officers must attend at stated hours.

5. It provides an organization always ready, and capable of expansion, if necessary, to meet any outbreak of epidemic disease with promptness; whilst, at the same time, it is calculated to prevent disease becoming epidemic by early treatment, and by procuring the adoption of precautionary measures in any locality which may be threatened. These benefits have recently been largely realized in Ireland in reference to cholera.

6. By preserving a record of the medical treatment in every case, it furnishes a test of both the skill and the attention of the medical officer.

7. It prevents that conflict between interest and duty which must so often arise in the mind of the medical officer when he himself is required to provide medicines out of his salary.

I think it right to add that, after giving my best consideration to the system of dispensary relief, I am of opinion that it is admirably adapted to the exigencies of large and densely populated communities; and I do not hesitate, therefore, to recommend that it should form an element in any scheme for the improvement of Poor Law Administration in this metropolis, subject, however, to a restriction, such as I have indicated, with respect to the issuing of tickets for relief.

In order to establish the system, it will be necessary to obtain power to modify the existing medical arrangements, and this may occasion some difficulty. It must, however, be borne in mind, that when the Dispensaries Act of 1851 was passed, there were in existence in Ireland more than 600 dispensaries partly supported by contributions from the county cess, and partly by voluntary subscriptions, which were virtually abolished by that measure;* but, by an arrangement effected under the provisions of the Act, through the orders of the Poor Law Commissioners, the medical officers of those dispensaries were continued in office under the new system.

Another difficulty may be found in forming suitable and convenient dispensary districts within some of the present union and parochial boundaries, owing to the size or peculiar position of parts of some of the areas of management, but this difficulty may be removed by taking power to form unions and parishes, or parts of unions and parishes, into separate districts for dispensary purposes only.

I cannot conclude without expressing my obligations to Mr. Power and to the Poor Law Inspectors, whose names I have already mentioned, for the valuable assistance which they rendered to me in the course of my inquiry.

I have, &c.,

JOHN LAMBERT.

To the Right Hon. Gathorne Hardy, M.P.,
President of the Poor Law Board.

* The Act which seems to have been the foundation of the system of medical relief previously in existence in Ireland was passed by the Irish Parliament so far back as 1765 (see 5 Geo. III., c. 20, I.) The preamble states that "providing receptacles in the several counties of this kingdom hereinafter mentioned, for the poor who are infirm and diseased, would be a means of restoring the health and preserving the lives of many of His Majesty's subjects, of promoting labour and industry, and of encouraging the manufactures of this kingdom."

No. 2.—Extract from Minutes of Proceedings of the Board of Guardians of 26th December, 1866.

Read letter from Medical Officers of Nos. 1, 2, and 3 Dispensaries, North City, dated 26th December, 1866, relative to the Resolution of the Board ordering them to be paid for services done during the cholera, at the rate of 10*s.* 6*d.* per day for three months. They beg to say, that as they have been employed during five months attending cholera cases, they hope the Board will pay them at the same rate for the whole time employed—of five months.

No. 3.—Extract from Minutes of Proceedings of the Board of Guardians of 30th January, 1867.

The Clerk reported that Drs. Osbrey, Cryan, and Speedy, would only give a receipt on account for the £47 15*s.*, ordered to them by the Board during the visitation of cholera, and that he declined giving them the cheques unless a receipt in full was given.—(See notice of motion.)

Mr. Harris's notice of motion for 13th February, 1867:

Resolved,—That in case Drs. Osbrey, Cryan, and Speedy do not by this day fortnight accept the cheques for £47 15*s.*, said cheques to be cancelled.

No. 4.—Extract from Guardians' Minutes of 13th February, 1867.

On motion of Mr. Harris; seconded by Mr. Dooley:

Resolved,—That since Drs. Osbrey, Cryan, and Speedy have not accepted the cheques for £47 15*s.*, said cheques be cancelled.

No. 5.—Letter from Drs. Ferguson, Nowlan, and Davidson, to the Commissioners.

North City Dispensary, 10, Summer-hill,
14th February, 1867.

Gentlemen,

On the 19th December last the Guardians of the North Dublin Union allocated to us a sum of £47 15*s.*, as payment for cholera duty performed

under your order. We took the above sum as part payment. On the expiration of your order on the 10th instant, we applied for payment for the last three months' duty under your order. The Guardians, as we are informed, will not entertain any proposition for further payment. We have no desire to place ourselves in antagonism to the Board; but having discharged an important public duty to the best of our ability, we think it not unreasonable that we should be paid for the time, labour, and anxiety it cost us. We now, gentlemen, place the matter in your hands, trusting you will take such steps as the justice of our case requires.

We remain, Gentlemen, your obedient servants,

JOHN R. FERGUSON.
JOHN P. NOWLAN.
ARTHUR DAVIDSON.

To the Poor Law Commissioners.

No. 6.—LETTER from DRS. OSBREY, CRYAN, and SPEEDY to the COMMISSIONERS.

Dublin,
16th February, 1867.

GENTLEMEN,

Owing to the Board of Guardians of the North Dublin Union having awarded us an amount of remuneration, £47 15*s.*, which we consider insufficient for our extra services in attending cholera during the past epidemic, we appeal to you, trusting that you will use your powers to have such remuneration so increased that it may be proportionate to the arduous duties we were obliged to perform.

According to the resolution of the Board of Guardians, of which you doubtless are already aware, and of which we now enclose you a copy, the foregoing amount was awarded for three months, terminating the 31st of October, at the rate of 10*s.* 6*d.* per diem, with the understanding that such payment should exempt the Board from any claim on our part for future services.

We beg to say that we memoralized the Board, in which we were joined by the other Dispensary Medical Officers, to take into consideration the fact that, for two months subsequent to the 31st of October the cholera was not only prevalent in our districts, but also throughout the city and its environs, as may be perceived from our own and the Registrar-General's returns, the number of cases of cholera and of cases premonitory of that disease, attended from our two dispensaries (Nos. 2 and 3), during that period having been respectively 106 and 847.

We also drew the attention of the Board to our being obliged to devote an additional hour, each day, both at the dispensaries and at our private residences, to attendance on cholera and on cases premonitory of it, and to our still further being required to attend such cases at all times without the usual formality of tickets. We therefore expressed a hope that the Board would consequently award us remuneration, at the same rate, 10*s.* 6*d.* per diem, as for the first three months for our subsequent services.

The only reply we received from the Board to our memorial was, that if we did not receive the cheques offered and give receipts, pursuant to the first resolution, the cheques would be cancelled. We tendered formal receipts for the £47 15*s.*, adding at the same time that such receipts should be without prejudice to our claim for the extra services rendered by us since the 31st of October, thus avoiding any appearance on our part of discourtesy to the Board by declining to receive the cheques as a final settlement of our claims. Our receipts not being accepted, we declined to take the cheques on the required condition until we appealed

to you, trusting that you would award us an adequate amount of remuneration for our services during the entire period of the epidemic.

We also enclose you a copy of the resolution of the Board of Guardians cancelling our cheques.

We have the honour to be, Gentlemen, your obedient servants,

Gerald Osbrey.
Robert Cryan.
Albert O. Speedy.

Medical Officers of Nos. 2 and 3, Dispensary Districts, North Dublin Union.

To the Poor Law Commissioners,
Custom House.

No. 7.—Letter from the Commissioners to the Board of Guardians.

Poor Law Commission Office, Dublin,
Sir, 19th February, 1867.

The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit to you, herewith, to be laid before the Board of Guardians of North Dublin Union, copies of two communications which have been addressed to them by Medical Officers of the North City Dispensary District, on the subject of the amount of remuneration awarded to them by the Board of Guardians for extra duty during the late prevalence of cholera and diarrhœa in the district, and the Commissioners request that they may be favoured with the observations of the Board of Guardians on the subject.

The Commissioners desire, at the same time, to point out that by the General Regulations of the 25th August last, it is provided that the Medical Officers shall receive extra remuneration for their services under the Order, in proportion to the nature and extent thereof; and in the opinion of the Commissioners the extra remuneration should have reference to the whole time during which cholera and diarrhœa were dealt with under the Order, that is to say, during the continuance of the epidemic.

By the 65th section of the Sanitary Act, 1866, the Guardians are empowered to determine, subject to the approval of the Commissioners, the amount of remuneration to be awarded for extra medical services, performed under the directions and regulations of the Commissioners; and the Commissioners are empowered, if they shall not approve the amount determined by the Guardians, to fix the remuneration by order under seal, proportioned to the nature and extent of the services.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk North Dublin Union Workhouse,
North Brunswick-street.

No. 8.—Extract from Minutes of Proceedings of the Board of Guardians of 27th February, 1867.

On motion of Mr. Harris; seconded by Mr. Tickell:

Resolved,—That heard the Commissioners' letter read, that a sum of £52 10s.—being rather more than a half-year's salary—be awarded to each of the Medical Officers of the different North City Dispensary Districts for compensation for extra duties during the prevalence of the cholera, said sum to include the sum of £47 15s. already granted to the Medical Officers.—Withdrawn.

On motion of Dr. Brady; seconded by Mr. Hyndman:

Resolved,—That the several Doctors of the three City Dispensary

Districts shall receive, each, three guineas per week during the existence of the cholera. Sealed order;—with liberty to deduct from each the sums already paid them.—Rejected.

On motion of Mr. Chomley; seconded by Mr. De Burgh:

Resolved,—That this Board do consider the original sum of £47 15*s.* a sufficient remuneration for the Medical Officers of the North Dublin Dispensary Districts.—Passed.

No. 9.—Letter from the Commissioners to the Board of Guardians.

Poor Law Commission Office, Dublin,
5th March, 1867.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had before them the Minutes of Proceedings of the Board of Guardians of North Dublin Union, on the 27th ultimo, relating to the amount of remuneration to be allowed to the Medical Officers of the North City Dispensary District for the extra duty performed by them, respectively, during the prevalence of cholera and diarrhœa in the district; and in reference to the resolution—that the Board consider the original sum of £47 15*s.* a sufficient remuneration for the Medical Officers of the North Dublin Union Dispensary Districts—the Commissioners have to observe, in the first place, that the Guardians have awarded the same amount to the Medical Officers of the Dispensary District as to the Dispensary Apothecaries. There appears, however, to be at least this ground of distinction between these two classes of officers, that the private practice of the Medical Officers, as physicians and surgeons, must have been most seriously interfered with by the extra service rendered by them under the Cholera Order.

The Commissioners, therefore, while they oppose no objection to the amount awarded to the Apothecaries, are not prepared to approve the same amount as a sufficient remuneration for the extra service given by the Medical Officers.

They are ready, however, in the latter case to accept the basis of half-a-guinea per diem proposed by the Guardians in addition to the regular salary; but they think the period should not be limited, as it has been by the Guardians, to three months, but should be extended to the whole time during which cholera or choleraic diarrhœa was exceptionally treated in the district, and this they understand from the returns involves a period of about five months.

Experience has now rendered it nearly certain, that the epidemic of cholera cannot be considered to have ended until choleraic diarrhœa has also ceased to exist as an epidemic.

The necessity therefore for attendance, *without ticket*, on all cases of looseness of the bowels, must be considered as continuing until the disappearance of epidemic diarrhœa, and the extra remuneration, directed by Article IV. of the Cholera Order, should therefore apply to the whole of that period.

The Commissioners request therefore the attention of the Guardians to this view of the matter, and trust they will concur with them in the propriety of extending the payment of half-a-guinea per diem to the Dispensary Medical Officers to a period of five instead of three months.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of North Dublin Union.

No. 10.—Extract from Minutes of Proceedings of the Board of Guardians of 13th March, 1867.

On motion of Mr. De Burgh; seconded by Mr. Harris:

Resolved,—That this Board declines to enter again upon the consideration of the subject of the Commissioners' letter of the 5th March, respecting the payment of the Medical Officers, having already twice given it the fullest investigation, and on both occasions arrived almost unanimously at the same conclusion. The Board fully recognizes the distinction between the scale of remuneration payable under ordinary circumstances to doctors and apothecaries; but they still remain of opinion, that in this case it is counterbalanced by the increased professional services actually performed by the latter in excess of the former, and having deliberately made the award, it throws upon the Commissioners all further responsibility.—Carried.

Amendment.

On motion of Mr. Chomley; seconded by Mr. Butler:

Resolved,—That the Medical Officers and Apothecaries be paid 10*s.* 6*d.* a day for a period of five months.—Rejected; eight against, seven for.

No. 11.—Letter from the Commissioners to the Board of Guardians.

Poor Law Commission Office, Dublin,
19th March, 1867.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had before them the resolution of the Board of Guardians of North Dublin Union on the 13th instant, on the subject of the remuneration of the Medical Officers of the North City Dispensary District for extra services, under the General Order of the 25th August last; and in reference thereto the Commissioners desire to state, that they will take upon themselves the responsibility of fixing the remuneration, and will issue a Sealed Order in that behalf under the 65th section of the Sanitary Act, 1866, in regard to the Medical Officers of the North City Dispensary District.

By order of the Commissioners,

B. Banks, Chief Clerk.

To the Clerk of the North Dublin Union
Workhouse, North Brunswick-street.

No. 12.—Extract from Minutes of Proceedings of the Board of Guardians of 19th March, 1867.

On motion of Mr. Harris; seconded by Mr. Butler:

Resolved,—That the Commissioners be requested not to issue their Sealed Order, relative to the payment of the Medical Doctors for increase of pay during the prevalence of the cholera, until an investigation on oath as to the relative amount of extra duty performed by the Doctors and Apothecaries respectively during that period be taken.

No. 13.—Letter from the Commissioners to the Board of Guardians.

Poor Law Commission Office, Dublin,
26th March, 1867.

Sir,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had under consideration the resolution of the Board of

Guardians of North Dublin Union, of the 20th instant, requesting the Commissioners not to issue their Sealed Order, as intimated in their letter of the 19th instant, on the subject of the remuneration of the Medical Officers of the North City Dispensary District, for extra services under the General Order of the 25th August last, until an investigation on oath as to the relative amount of extra duty performed by the Doctors and Apothecaries respectively during the period in question, be taken.

In reply the Commissioners desire to state, that the extra remuneration which they have taken upon themselves to fix by their Order, under the power given by the Sanitary Act, 1866, has relation, not to the Apothecaries, but exclusively to the Medical Officers of the Dispensary District, and to the extraordinary service imposed on them by the 4th and 5th articles of the Cholera Order of the 25th August, which required them to attend, *without ticket*, cases of cholera and diarrhœa arising within their districts, and to attend daily at the dispensary at such hours as the Committee of Management might direct.

By the 4th article of that Order it is provided that the Medical Officers shall receive extra remuneration for such services according to the nature and extent thereof.

The Guardians in awarding an extra payment to these gentlemen, of half-a-guinea a day, have limited the period to three months, which would thus terminate in November, although cholera continued to exist on the north side of the city until the end of the year. The Sealed Order, a copy of which is herewith forwarded, is based upon a period of 128 days at 10*s.* 6*d.* per day, resulting in a sum of £67 4*s.* to each officer.

The inquiry proposed by the Guardians into the relative amount of extra duty performed by the Medical Officers and the Apothecaries could have no bearing on the question of the amount of extra remuneration to the former.

The remuneration of the Apothecaries is not touched either by the Order of the 25th of August or by the present Order, nor have the Commissioners proposed to interfere in any way with the amount voted by the Board of Guardians as remuneration for the extra service of the apothecaries.

By order of the Commissioners,
B. Banks, Chief Clerk.

To the Clerk of North Dublin Union Workhouse,
North Brunswick-street.

No. 14.—Copy Order of the Commissioners fixing the amount of Remuneration.

North Dublin Union.

To the Guardians of the Poor of the North Dublin Union; and to all persons whom it may concern:

Whereas, under the provisions of "The Sanitary Act, 1866," it is among other things enacted, as follows, that is to say:

"LXV. In Ireland, whenever in compliance with any direction or regulation of the Poor Law Commissioners which they may be empowered to make under the Laws for the time being as to the public health, any Medical Officer of a Union or Dispensary District, or any other Medical Practitioner specially employed by the Guardians for the purpose, shall perform any extra Medical Service in any Union or part of a Union, it shall be lawful for the Guardians of the Union to determine, subject to the approval of the said Commissioners, and if they shall not approve the amount determined by the Guardians, for the said Commissioners to fix by order

under their seal, such remuneration, proportioned to the nature and extent of such services as aforesaid, as to them shall appear just and reasonable; and the amount of such remuneration shall be paid to such Medical Officer or Medical Practitioner by the Guardians of the Union out of the rates raised for the Relief of the Poor, and shall be charged either to the Union at large, or to such part or parts of the Union, according to the nature of the case, as the said Commissioners shall in each case direct."

And whereas, in pursuance of the said Act, we, the Commissioners for administering the Laws for Relief of the Poor in Ireland did issue regulations bearing date the Twenty-fifth day of August, 1866, to carry the provisions of the said Act into effect in the several Unions throughout Ireland, including the North Dublin Union:

And whereas, in the said regulations, we did among other things direct as follows, that is to say:

"IV. The Medical Officers of the several Dispensary Districts shall be Medical Officers for the treatment of patients afflicted by or threatened with cholera within such districts respectively, and shall receive extra remuneration for such services, in proportion to the nature and extent thereof:

"V. Every such Medical Officer shall give immediate attendance and medicine to all persons within his district complaining of diarrhœa, looseness of bowels, or cholera, who may apply to him, either in person or otherwise, for advice or assistance, without requiring the production by such person of a ticket for medical relief or attendance; and shall give daily attendance at the dispensary of the district at such hours as the committee shall direct:"

And whereas cholera prevailed in the North City Dispensary District of North Dublin Union, and the said extra services under the said regulations were performed by John R. Ferguson, Robert Cryan, Gerald Osbrey, John P. Nowlan, Henry Curran, and Albert O. Speedy, Esquires, the Medical Officers of the said Dispensary District:

And whereas the Guardians of the said Union have determined the amount of remuneration to be paid for the extra services under the said regulations of each of the above-named Medical Officers, and have fixed it at the sum of Forty-seven pounds and fifteen shillings:

And whereas we consider the amount of remuneration determined by the said Guardians to be insufficient, and do not approve the same:

Now, therefore, in exercise of the authority given to us under the provisions of the said Act, we do hereby determine the amount of remuneration for the extra medical service under the said regulations, of each of the Medical Officers hereinbefore named, to be the sum of Sixty-seven pounds and four shillings, which we deem to be just and reasonable:

And we do hereby direct that the amount of remuneration so fixed shall in each case be charged to the North City Electoral Division of the said Union, which Electoral Division constitutes the entire Dispensary District.

Sealed with our Seal this Twenty-sixth day of March, in the year of our Lord One Thousand Eight Hundred and Sixty-seven.

(Signed), A. Power.
J. M'Donnell, M.D.
R. M. Bellew.

TWENTY-FIRST ANNUAL REPORT.

TO THE

RIGHT HON. SPENCER H. WALPOLE,

HER MAJESTY'S PRINCIPAL SECRETARY OF STATE FOR THE HOME DEPARTMENT.

BOARD OF SUPERVISION FOR THE RELIEF OF THE POOR IN SCOTLAND,
CHAMBERS, GEORGE STREET, EDINBURGH.

August 1866.

SIR,

Proceedings of the Board.

WE have the honour to submit the General Report of our proceedings for the past year.

Since the date of our last Report, the General Superintendents of Poor have continued to discharge their duties within their respective districts to our entire satisfaction. Mr Falconar has visited 163 Parishes in the Counties of Argyll, Bute, Perth, Elgin, Nairn, Banff, Forfar, Aberdeen, and Kincardine. Mr Peterkin has visited and inquired into the administration of the Law in 104 Parishes in the Counties of Caithness, Elgin, Inverness, Ross, and Sutherland. He has also been engaged in visiting the several parishes of Orkney and Shetland, but his investigation into the administration of the law in those Islands was not completed at the date of this Report. We have received from these gentlemen their General Half-yearly Reports upon the administration of the Law within their respective districts, as well as special Parochial Reports from time to time, wherever circumstances appeared to require them, and we have continued to deal with these Reports in the same manner as with those of former years.

Mr Campbell, the Visiting Officer of the Board, has conducted 12 special investigations, and he has inspected and reported upon three Lodging Houses for Paupers and 57 Poorhouses at present in operation in Scotland. He has also visited and inquired into the administration of the Law in 148 Parishes.

We have investigated allegations, involving charges more or less serious, against 17 Inspectors of Poor; and we have been under the necessity of dismissing three of these Officers for neglect or failure to perform their duties. In the case of one

Proceedings of the Board.

Inspector who absconded from his Parish, we declared the office vacant and called upon the Parochial Board to appoint a fit and qualified person to the vacant office. Two Inspectors whose conduct was under investigation, were permitted by us to resign their offices. We suspended one Inspector for a period of three months, and we have censured or admonished six Inspectors whose errors were not of so grave a character as to call for more serious punishment. We have had the satisfaction of acquitting four Inspectors of the charges which were brought against them.

We have been called upon to investigate complaints against three Governors of Poorhouses, and of these we found it necessary to censure two.

We have also investigated charges against two Medical Officers. The charges made against one of these gentlemen were ascertained to be unfounded, and we received the resignation of the other while his conduct was still under our consideration.

Assessments.

Since the date of our last Report, four Parishes which had previously raised the Funds for relief of the Poor by Voluntary Contributions, have resolved to raise those Funds by Assessment. The number of Parishes now assessed is 781, and the number that still raise the Funds by Voluntary Contributions is 104. The Parochial Boards of three Parishes have resolved to change the mode of classification formerly adopted. In two of these Parishes we have sanctioned the proposed change, and in the other, we declined to do so, because the notice calling the meeting at which the resolution was passed was insufficient.

The progress of the change from Voluntary Contributions to Assessment, during the twenty-one years that have elapsed since this Board was formed, has been as follows:—

	Assessed.	Voluntary Contributions.
August 1845,	230	650
... 1846,	448	432
... 1847,	558	322
... 1848,	600	280
... 1849,	625	255
... 1850,	644	236
... 1851,	653	228
... 1852,	671	211
... 1853,	680	202
... 1854,	689	194
... 1855,	700	183
... 1856,	716	167
... 1857,	729	154
... 1858,	738	145
... 1859,	745	138
... 1860,	749	134
... 1861,	752	131
... 1862,	759	125
... 1863,	764	120
... 1864,	770	114
... 1865,	777	108
... 1866,	781	104

In 583 of the assessed Parishes, the Funds for the Relief of the Poor are raised by an equal rate upon owners and occupants respectively, and in 174 there is a classification of occupants in terms of the 36th section of the Act 8 and 9 Vict. c. 83. In 24 Parishes the Assessment is levied according to Established Usage. Assessments.

We have increased the number of Members to be elected to the Parochial Boards of the following Parishes, namely:—In Tillicoultry from 4 to 6; Banchory-Ternan, 3 to 4; Cambuslang, 3 to 5; and Nesting, 4 to 5. Elected Members.

The Commissioners for administering the Laws for Relief of the Poor in Ireland, have represented to us that, notwithstanding our recommendations to Parochial Boards in the year 1858, and the requirements of the Act 25 and 26 Vict. c. 113, voluntary removals from Scotland to Ireland were still sometimes irregularly effected; and that the result of such removals frequently was that the paupers did not proceed to their proper places of destination, and became chargeable to other places in Ireland, to which their removal is not contemplated by Statute. In these circumstances, we deemed it advisable to obtain the opinion of Counsel as to the legal obligations and duties of Parochial Boards and their Officers, with reference to voluntary removals; and we subsequently communicated that opinion to Parochial Boards, and called upon them and all Inspectors of Poor to comply with its terms when effecting the voluntary removal of a pauper from Scotland to England or Ireland. (See Appendix A, No. 1.)

The number of Parishes that have Poorhouses, either singly or in combination, is 326, having an aggregate population of 1,850,037. In the 58 Poorhouses at present in operation, the accommodation is sufficient for 13,630 inmates. When the Poorhouses which are in progress, or the erection of which has been resolved on, are completed, the number of Parishes having Poorhouses, singly or in combination, will be 385, with an aggregate population of 2,092,750. We have, during the past year, approved of the rates for boarding Paupers belonging to 121 Parishes, in those Poorhouses of other Parishes or Combinations to which it appeared to us that they might most advantageously be sent. We continue the practice, however, of limiting our approval in all such cases to a period of 12 months, as we deem it desirable that we should have a periodical opportunity of considering whether any change of circumstances has arisen to render a further continuance of our approval inexpedient. The number of Parishes that possess a right, in terms of the 65th section of the Statute, to send Paupers to the Poorhouses belonging to other Parishes, is 178, with an aggregate population of 512,706; but some of these Parishes are embraced in Combinations for proposed Poorhouses, or propose to have Poorhouses of their own. The population of the Parishes to which Poorhouse accommodation Poorhouses.

Poor-houses.

is available, amounts to 2,362,743. The Tables showing the number of Poorhouses in operation and in progress, and the Parishes forming the various Poorhouse Combinations in Scotland, are printed in the Appendix. These Tables indicate the number of Inmates of Poorhouses as at 1st January and 1st July, the number who were receiving in-door relief during the half-years ended 31st December 1865, and 30th June 1866; the number of those on the Sick List, as well as those who were Lunatic, and the number of Children who were at school. These Tables also exhibit the average Weekly Cost per head of Inmates during the half-years ended 31st December 1865, and 30th June 1866, for Maintenance, including food, fuel, clothing, light, and all other necessaries; and the average weekly expenditure per head of Inmates for whom there is accommodation in the Poorhouse for the same periods under the following heads, viz.:—1st, Establishment Charges, including salaries of officials, feu-duties, insurance, repairs, etc. 2nd, Estimated Rent of Poorhouse and Land, being so much per cent. on the amount expended. 3rd, Medical Relief, including medicine, medical and surgical appliances, and medical attendance.

App. (B.) No. 12.

We have sanctioned the occupation of Sutherland Combination Poorhouse, and of Dumbarton Combination Poorhouse; and we have also approved of the reception of an increased number of inmates into East Lothian Combination Poorhouse.

We have approved of resolutions to erect a Poorhouse for the district of Buchan, in Aberdeenshire, and concurred in a Combination of 16 contiguous Parishes in that county for that purpose. We have further concurred in resolutions of the Parochial Boards of Ewes and Langholm to join Hawick Poorhouse Combination; in the resolution of the Parochial Board of Maryculter to join Kincardineshire Poorhouse Combination; and in the resolution of the Parochial Board of Kilsyth to join Stirling Poorhouse Combination. The aggregate population of these Parishes is 56,368.

We have approved of a site for the Buchan Combination Poorhouse.

We have approved of plans for the proposed New Poorhouse for the Parish of Edinburgh, and of Plans for an Hospital in connection with Dumbarton Combination Poorhouse. We have also approved of alterations in the Poorhouses of Black Isle Combination, Dundee, Latheron, and Perth, and of additions to the Poorhouses of Campbeltown, Dundee, Glasgow, South Leith, Black Isle Combination, Cunninghame Combination, and Stirling Combination.

App. (A.) No. 2.

The addition to the Campbeltown Poorhouse consisted of Hospital accommodation for persons suffering from contagious or infectious diseases; and not being satisfied with the plans

originally submitted to us, we took the opinion of Dr Douglas Maclagan with regard to them. His report, which we considered altogether satisfactory, is printed in the Appendix (p. 4), and may serve as a guide in the cases of other Poorhouses to which similar additions may be contemplated. Poor-houses.

In consequence of our having more than once experienced some difficulty in making a satisfactory investigation in cases where, a considerable time after the death of an inmate of a Poorhouse, it was alleged that the death had occurred under circumstances of suspicion or neglect, we considered it expedient to require that in all cases of death by accident, sudden or unexpected death, or death under circumstances of apparent or alleged suspicion occurring in a Poorhouse, a special report should at once be made to us, and to the Procurator Fiscal of the district in which the Poorhouse is situated. Subsequently, at the request of the Lord Advocate, in order to facilitate such judicial inquiries as might in any case be deemed necessary, we issued a circular to the Governors of all Poorhouses calling upon them to comply with the requirements therein made, with a view not only to effect our own original object, but also to meet the Lord Advocate's wishes. App. (A.) No. 3.

We again print in the Appendix a tabular statement of the present Poorhouse Buildings Debt, as returned to us by the Parochial authorities, showing the sums borrowed for the erection or enlargement of Poorhouse buildings under the 62nd section of the 8 and 9 Vict. cap. 83, or the 19 and 20 Vict. cap. 117, sec. 3, the liquidation of the debt during the past year, and the amount of the debt as at May 1866. App. (B.) No. 13.

We have completed the arrangements for the distribution of the 18th Parliamentary Grant of L.10,000 in aid of Medical Relief to the Poor in Scotland. The number of Parishes which have resolved to comply with the conditions annexed to participation in the Grant is 712. Of these only 16 have failed to establish their claims by producing vouchers for the required amount of expenditure from their own funds, and otherwise satisfying us that the conditions of the Grant had been fulfilled. Last year 694 Parishes established their claims: this year 696. The increase in the number actually participating this year is therefore 2. The detailed account of the distribution, showing the amount expended on Medical Relief afforded to the Poor in each Parish, for which vouchers have been produced; the sum apportioned to it from the Grant; and the additional sum, proportionate to the excess of its vouched expenditure, beyond the minimum, assigned out of the unappropriated shares to each participating Parish, will be found in the Appendix. Medical Relief. App. (B.) No. 8.

The whole sum expended on Medical Relief to the Poor during the year ended 14th May 1866, according to the Annual

Medical Relief.

Returns of the Inspectors, was L.31,687, 11s. 11d., which is equal to 2·48 pence per head of the population of Scotland in 1861. The population of the 712 Parishes and Combinations that have resolved to comply with the conditions annexed to participation in the Grant is 2,855,505, and of the 172 Parishes that have not so resolved, 206,789. The sum expended by the former, according to the Returns, was L.30,566, 11s. 9½d., equal to about 2·56 pence per head of the population; and that by the latter was L.1,121, 0s. 1½d., equal to about 1·30 pence per head of the population of these Parishes.

Complaints of Inadequate Relief. App. (B.) Nos. 2 & 3.

The number of applications complaining of Inadequate Relief that have been before us during the year ended 30th June 1866, has been 433. In the immediately preceding year the number was 489.

The subjoined Table exhibits the number of such applications in each year since this Board was formed, and the manner in which they have been disposed of:—

Cost of Relief and Management. App. (B.) Nos. 4 & 5.

The sum expended during the year ended 14th May 1866, for the Relief and Management of the Poor (including L.5,766, 9s. 10d. expended on buildings not being authorized Poor-houses, and L.38,045, 18s. 9d. expended on authorized Poor-house Buildings), has been L.783,127, 8s. 6½d. In the preceding year, the expenditure for the same purposes was L.778,274, 1s. 3¾d. There has therefore been an increase in the expenditure of L.4,853, 7s. 2¾d.

| Period. | EXPENDITURE. | | |

Cost of Relief and Management.

The preceding Table presents a comparative statement of the sums expended for the Relief and Management of the Poor for the last ten years, arranged under the different heads of expenditure, together with the rate per head of the population, calculated for five years on the census of 1851, and for the last five years on the census of 1861. The rate per cent. on the annual value of real property, as returned in 1843, is also stated.

Although it has been thought desirable, for the purpose of comparison with former years, to show in the preceding Table the rate per cent. on the annual value of real property as returned in 1843, it is right to state, that, according to the annual value returned in 1856, the rate per cent. for the last eleven years would be as follows:—

Year ended 14th May	1856,	L.5 7 6¾
,, ,,	1857,	5 8 9
,, ,,	1858,	5 9 6¼
,, ,,	1859,	5 12 4¼

,, ,,	1861,	5 16 10¾
,, ,,	1862,	6 3 0¼
,, ,,	1863,	6 5 9½
,, ,,	1864,	6 11 7¼
,, ,,	1865,	6 13 0¼
,, ,,	1866,	6 13 10¼

The rate per cent. for 1866 on the annual value of real property, as estimated for 1859, would be L.6, 1s. 6½d., or 13s. 11¾d. per cent. greater than in 1856, when similar returns were available.

The total sum expended under the heads of Relief to the Poor on the Roll, or Registered, and to the Casual Poor, for the last ten years, was—

There is thus an increase in the average allowance to each Pauper on the Roll, or Registered, and relieved in the course of the year, of 5s. 3¼d., as compared with last year.

The following is a Statement of the Number of Poor relieved in Scotland for the last ten years:—

Number of Poor.

The number of Lunatic Poor relieved in the course of the year was, as stated above, 6457. Of these, 998 died, or were cured, or ceased to receive relief; thus the number at the 14th May was 5459, being an increase as compared with the number at the same date last year (5358) of 101. Of these, 3954 were in Asylums and Poorhouses, and 1505 were residing with relatives or other parties in private dwellings.

The subjoined Table shows the number of Dependants of the Poor as returned to us for the past ten years :—

Of the Casual Poor and Dependants for 1866, as stated above, 11,289, with 10,972 Dependants, are returned as being also enumerated as Registered Poor. The whole number of Unregistered or Casual Poor at the 14th May 1866, was 3242, with 3192 Dependants. The number of Adult Casual Poor relieved on the 1st January 1866, was 2813, and their children, together with orphans or deserted children, 2645. The number of the former relieved on 1st July 1866 was 2474, and of their children and orphans or deserted children, 2630, or stated thus: Number of Poor.

The total number of Persons of all classes and ages receiving relief as Casual Poor on 1st January 1866, was 5458; on 14th May 1866, 6434; and on 1st July 1866, 5104; the average of the three periods being 5665.

The following Table presents an abstract of the total existing Poorhouse accommodation, and of the number of Poor (exclusive of Lunatics) receiving in-door relief at the dates specified respectively for the past three years:—

Years.	Poorhouse Accommodation at 1st July.	No. of Poor receiving In-door Relief, at		
		1st January.	14th May.	1st July
1864	12,770	8,073	7,257	7,165
1865	13,398	8,270	7,348	7,344
1866	13,630	8,037	7,070	7,473

The whole sum derived from Church Collections in Assessed Parishes during the year ending May 1866, was L.20,598, 16s. 8d., of which L.10,131, 13s. 6d. is stated to have been expended on Relief of the Poor. From this sum, however, must be deducted L.816, 14s. 0d., handed over to the Parochial Boards. It would appear, therefore, that the sum of L.9,314, 19s. 6d., derived from Church Collections, was actually applied by the Kirk Sessions to the relief of persons in their respective Parishes who required assistance. But these funds are generally employed to afford aid to persons who have fallen into temporary difficulties, with a view to prevent them from becoming chargeable to the Parish as Paupers; and it is probable that few of the persons so assisted have also been chargeable to the funds raised by assessment. Church Collections. App. (B.) No. 7.

Returns of legal proceedings under the Statute, in the Sheriff Courts, have again been furnished to us by the courtesy of the Sheriffs-Substitute, and an abstract of them is inserted in the Appendix. Applications to Sheriffs. App. (B.) No. 1.

The total number of applications to Sheriffs, on the ground

that relief had been improperly refused, as returned by the Sheriffs-Substitute, was, during the past year, 523; while, in the returns for the preceding year, the number of such applications was 533. These numbers, however, fall short of the actual number of applications, as in several Sheriff Courts no complete record is kept of them. The number of such applications in which Sheriffs felt called upon to grant *interim* orders of relief during the past year was 244; in the preceding year it was 308. The number of applicants admitted to the Roll of Paupers by final order of the Sheriffs during the past year was 93; in the preceding year it was 107. The average annual number of such *interim* orders during the ten preceding years was 342; and of such final orders, 82.

The number of prosecutions under the 79th and 80th sections of the Statute during the past year has been 99, and of convictions 58. In the previous year the number of such prosecutions was 110, and of convictions 64. The average annual number of such prosecutions during the ten preceding years was 106, and of convictions 67.

Removal of Nuisances Act.

In pursuance of the powers conferred upon us by the 5th section of the Nuisances Removal Scotland Act, 1856, we have, during the past year, considered applications from four parishes to determine the Local Authority to execute the Act within these parishes respectively, and in each case we nominated the body which appeared to us to be most suitable.

We have further afforded, from time to time, such assistance as it was in our power to give to those Local Authorities who have applied to us for advice or information regarding the execution of the Act.

In consequence of the United Kingdom appearing to be threatened with Asiatic Cholera, the Lords of Her Majesty's Most Honourable Privy Council, by Order dated the 4th of June, put in force in Scotland, for the space of six calendar months, the provisions for the prevention of Diseases contained in Part II. of the Act. On the 7th of the same month, in exercise of the authority vested in us by the 24th and 29th sections of the Act, we issued Directions and Regulations calling upon Local Authorities to take measures for the discovery and removal of all nuisances, to disinfect and deodorize, and to cleanse and whitewash all places requiring it, and to prevent the overcrowding of dwellings, and prescribing precautionary measures to be observed in regard to vessels arriving with Cholera on board.

App. (A.) No. 4.

App. (A.) No. 5.

In further exercise of the powers vested in us, we issued, on the 1st of August, Directions and Regulations requiring the Local Authority of every place in which any cases of Asiatic Cholera, British Cholera, or Diarrhœa might occur, to transmit

App. (A.) No. 7.

to us a weekly Return of such cases, together with the number of recoveries and the number of deaths. Removal of Nuisances Act.

These Directions and Regulations were inserted in the *Edinburgh Gazette*, and copies of them were communicated by Post to all the Local Authorities in Scotland, in terms of the 24th section of the Act. Copies of them were also transmitted to the Privy Council and Home Offices, for the purpose of being laid before both Houses of Parliament, in compliance with the 25th section of the Act.

Having received from the Health Department of the Privy Council a Memorandum on Disinfection, prepared by direction of the Privy Council, we circulated copies of it to all Local Authorities for their information. App. (A.) No. 6.

These several documents will be found in the Appendix to this Report.

We have continued to discharge the functions devolved upon us in relation to the duties of Parochial Boards and Vaccinators, under the Statute 26 and 27 Vict. c. 108, "to extend and make compulsory the Practice of Vaccination in Scotland." Vaccination Act.

In pursuance of the powers conferred upon us by the 12th section of the Act, and on application by the several Parochial Boards respectively, we have framed modifications of the 8th and 9th sections of the Act for 9 Parishes in Scotland, and have obtained the approval of the Lord Advocate thereto. In the case of every such application, we called upon the Parochial Board to state the precise nature of the modifications which they considered necessary or expedient, and their reasons for so considering them; and after receiving the information so called for, we framed such modifications as appeared to us to be suitable to the circumstances of the Parish. The following are the Parishes for which modifications have accordingly been framed and approved, in terms of the Statute:—the Parishes of Jura in Argyleshire; Kilmorie in Bute; Harris, North Uist, and Urquhart in Inverness; Holm in Orkney; Applecross in Ross-shire; and Duirness and Eddrachillis in Sutherlandshire.

In order to ensure due publication of the nature of these modifications, as in the previous year, we directed each to be inserted once in the *Edinburgh Gazette*, and once in each of three successive weeks in the local newspaper or newspapers circulating in the Parish, to be posted on the doors of the Parish Church, and other places of public worship in the Parish, and to be further circulated in such manner as the Parochial Board shall consider most effectual for the information of the Population.

An Abstract of the Modifications, so framed and published during the past year, is printed in the Appendix. App. (B.) No. 11.

We print in the Appendix Abstracts of Returns from all App. (B.) No. 9.

Vaccination Act.

Parishes in Scotland, which have been made in compliance with our Regulations, by the Vaccinators appointed under the Vaccination Act for the half years ended 31st December 1865, and 30th June 1866. These Returns show the number of persons vaccinated successfully and unsuccessfully during the half year; the number of cases in which Certificates of Insusceptibility have been granted; and the number of persons vaccinated who were not in receipt of Parochial Relief. They relate exclusively to Vaccinations performed by the Vaccinators in their official capacity, *i.e.*, cases of paupers and the children of paupers, and of those persons not paupers whom the Parochial Board have authorized the Vaccinator to vaccinate; and they do not include Vaccinations performed by the Vaccinators, or other Medical Practitioners, in the course of their private practice.

App. (B) No. 10.

We also print in the Appendix an Abstract of Returns made by the Inspectors of the Poor from every parish in Scotland, of defaulters under the 18th section of the Vaccination Act, as required by our Regulations, for the year ended 30th June 1866. That Abstract shows the number of persons Vaccinated in terms of the section referred to, the number of prosecutions for penalties under the 25th section of the Act, and the number of such prosecutions in which penalties have been adjudged.

APPENDIX (A.)

DOCUMENTS ISSUED AND RECEIVED BY THE BOARD OF SUPERVISION.

No. 1.—Circular Letter as to Voluntary Removals to England and Ireland.

Board of Supervision, Edinburgh, 15th February 1866.

Sir,—On the 25th November 1858, the Board of Supervision addressed a circular letter to all parishes in Scotland, recommending, '1*st*, That all 'removals of poor persons to Ireland shall be made under the authority of 'a warrant from the Sheriff, and that the warrant of removal shall set forth 'the place to which the removal is to be made, and the union or county in 'which that place is situated.' And, '2*d*, That all paupers so removed 'shall be conveyed to the workhouse of the union in which the place specified 'in the warrant is situated, and there left in charge of the relieving officer, 'or, in his absence, of the master or other superior officer of the workhouse 'in charge at the time.'

In the year 1862, the Act 25 and 26 Vict., c. 113, was passed by the Legislature, for the purpose of regulating the manner in which removals to England or Ireland should be effected, and the attention of parochial authorities was directed thereto by the Board's circular letter of the 28th August 1862.

It appears, however, that notwithstanding the Board's recommendations of 1858, and the requirements of the Act of 1862, some Parochial Boards have continued to effect voluntary removals by merely supplying the paupers who are to be removed with funds to pay their expenses, or by otherwise furnishing them with the means of proceeding to their places of destination without any security that they shall actually arrive there. These Parochial Boards seem to have considered that, in this manner, they effect 'a due and proper removal,' in terms of the proviso at the end of the 77th section of the Act 8 and 9 Vict. c. 83, and that the mode in which voluntary removals are to be carried out is not affected by the Act of 1862.

The Commissioners for administering the Laws for Relief of the Poor in Ireland have recently represented to the Board that the result of removals so effected frequently is, that the poor persons do not proceed to their proper places of destination, and become chargeable to other places in Ireland, to which their removal is not contemplated by the statute.

In these circumstances, the Board deemed it advisable to obtain the opinion of counsel as to the legal obligations and duties of Parochial Boards and their officers with reference to voluntary removals. The Lord Advocate, Mr George Patton, and Mr George Monro, whom the Board consulted, have accordingly furnished the Board with an opinion, wherein they say—'We 'are of opinion that the enactments of the Act 25 and 26 Vict. c. 113, have 'a material effect in ascertaining what shall be considered to be "a due and '"proper removal" of paupers. It appears to us that the removal of a 'pauper from Scotland, without due provision being made for fixing the 'union or parish to which the pauper is to be removed, and for ensuring 'that he shall be actually transferred to such union or parish, cannot now 'be considered "*a due and proper removal;*" and therefore that it is not 'sufficient for the Inspector of a parish proceeding upon a voluntary agree-'ment to remove, to supply the pauper with funds for defraying his travelling 'expenses to the place of his destination. We consider that some sufficient 'means should be adopted for ensuring his safe arrival at the workhouse of 'the parish or union for which he is destined. The most obvious and most

'effectual mode of accomplishing this is, that the pauper shall be taken to 'his destination in charge of a person sent for the purpose, and also that 'previous written notice should be sent to the clerk of the Board of Guardians, 'twelve hours at least before the removal, being the same time as is pro- 'vided by section 3 of the recent statute.'

These gentlemen further express their opinion that 'it would be desirable 'that in all cases of removal of paupers from Scotland, application should 'be made for a warrant under the statute.'

I am therefore directed by the Board of Supervision to inform you, that they cannot in future consider any voluntary removal to England or Ireland to be legal which is not effected in conformity with the foregoing opinion of counsel, and will be compelled to hold any Inspector of Poor guilty of a grave offence who may hereafter be found to have contravened, either by participation or connivance, the law as explained in that opinion.

You will lay this communication before your Parochial Board, for their information, at their next meeting.—I am, sir, your obedient servant,

W. S. WALKER, *Secretary.*

To the Inspector of Poor, ———

No. 2.—Report by Dr Douglas Maclagan on Campbeltown Poorhouse Hospital.

Edinburgh, 8th January 1866.

Sir,—I have received your letter of the 3d inst., in which you request me to state to the Board of Supervision my opinion as to the number of beds that may safely be allowed for each ward in the proposed new Poorhouse Hospital at Campbeltown—which wards are to be occupied by patients suffering from contagious diseases. I have also received the two letters from the Inspector, with the extract minutes and relative plan; and I have, after due consideration of these, to report as follows:—

I am of opinion that the proposal to place eight beds in each of these wards is contrary to all sound sanitary laws. I do not need to inform the Board, that without a full and constantly renewed supply of fresh air there can be no successful treatment of any diseases, especially those of the class of contagious fevers, and that a deficiency of air in the wards imperils the health and lives of the medical attendants and nurses. This, I am perfectly convinced, would be the case, with so inadequate an allowance to each patient as 458 cubic feet of air. Assuredly, the cubic space necessary for large town hospitals, where many sick are congregated, is not requisite in a small hospital in a country place, where the air may be assumed to be pure, and therefore, so far as cubic space is concerned, although I would prefer to have no more than four cases in wards of the size proposed, I think that six cases may be admitted, but with the distinct understanding that this is the maximum, and that the ventilation of the wards is faithfully attended to.

Mere cubic space, however, is a very fallacious criterion of the capabilities of a ward. The superficial area is equally, if not more, important, and it is in this respect that these wards are totally inadequate to receive eight beds.

Assuming the beds to be six feet in length, and that they stand out at the head some inches from the wall, as they ought to do, there is ample space between the two rows of beds—rather more than five feet; but with four beds on each side of the wards, the space between them is quite insufficient.

Assuming the beds to be no more than three feet broad, there remain only five and a half feet of free space, or less than two feet between each two beds. For contagious diseases this space between beds ought to be doubled, and this will be attained if the beds are reduced to six. A further advantage is, that with six beds there would be no need for any of them being in part at least directly below the windows, as must be, if there are

four on each side. No bed should be to any extent directly below a window, because the patients will be sure to object to the opening of the windows, which is the only trustworthy method of securing due ventilation. Looking, therefore, at the whole circumstances of the case, I am of opinion that six beds may be placed in these wards.

Regarding, however, as I do, this number as admissible rather than desirable, I am led to suggest a modification of it, founded on what I observe in the plan of the proposed building. In the right-hand ward, the bed in the farthest right-hand corner must not only come down to within a few inches of the fireplace of the ward, but it is placed against the wall containing the flue from the washing-house boiler. There can never be cool, fresh air, as there should be, all round this bed, and I therefore suggest that it should be done away with—the ward table being placed there; thus reducing the beds to five. This ward I would devote to male patients.

In the left-hand ward, if I rightly understand the plan, there is a projecting fireplace, and the two beds on each side of it must come down to within six inches of this projection. I would suggest that this be made the female ward, and as there is, I presume, always a probability that some children will be among the sick, I would, instead of full-sized beds, place two short beds for children there, the other four being for adults. I have not suggested a small bed in the male ward, as it is best to have young children of both sexes in the female wards.

Whilst, therefore, I would, as a maximum, sanction six beds in each ward, I would, in preference, advise the number to be five in the male, and six in the female, ward, two of the latter being children's beds.

No. 3.—Circular Letter as to Cases of Death by Accident, Sudden or Unexpected Death, or Death under Circumstances of Apparent or Alleged Suspicion occurring in a Poorhouse.

Board of Supervision, Edinburgh, 28th March 1866.

Sir,—I am directed by the Board of Supervision to inform you that they have recalled their Circular Letters dated the 23d November 1865, 13th January, and 8th February 1866, and that in lieu thereof they have substituted the following requirements:—

1. In every case of death by accident, sudden or unexpected death, or death under circumstances of apparent or alleged suspicion, occurring in a Poorhouse, the Governor shall, *with all despatch*, report the same to the Procurator-Fiscal of the county within which the Poorhouse is situated. This Report shall be in the form annexed hereto, and must be despatched by the first post after the occurrence of the death.

2. In every such case of death, the Medical Officer of the Poorhouse shall make a special written Report as to the cause of death, which he shall deliver to the Governor of the Poorhouse, at least forty-eight hours before the body is removed for interment. But the Medical Officer shall not make a *post-mortem* examination of the body until he has been called upon to do so by the Procurator-Fiscal, or until the Procurator-Fiscal has intimated to the Governor of the Poorhouse that he does not intend to order such examination. If no such intimation is made by the Procurator-Fiscal within four days after the despatch of the Report above referred to, the Medical Officer may conclude that the Procurator-Fiscal does not intend to make a *post-mortem* examination, and the Medical Officer may, if he see fit, after such four days, himself make such *post-mortem* examination.

3. The Governor of the Poorhouse shall, immediately upon receipt of the Medical Officer's Report, transmit copies of it to the Procurator-Fiscal of the county and to the Board of Supervision, and he shall submit the Report itself to the next meeting of the Visiting Committee and House Committee.

4. In transmitting the copy of the Medical Officer's Report to the Board of Supervision, the Governor shall enclose a copy of the Report required by Article 1. of this Circular, and shall state whether the other requirements of this Circular have been attended to, and whether the Procurator-Fiscal has taken proceedings in the case.

5. The Board call upon the Poorhouse officials to give strict observance to the above requirements.

I enclose three copies of this Circular Letter for the use of the House Committee, the Medical Officer, and yourself as Governor, respectively. You will submit this letter to the House Committee at its first meeting, and deliver one copy to the Medical Officer on receipt hereof.—I am, sir, your obedient servant,

W. S. WALKER, *Secretary.*

At the Council Chamber, Whitehall, the 4th day of June 1866, by the Lords of Her Majesty's Most Honourable Privy Council:—*Present,* Lord President, Sir George Grey, Bart., Mr Bruce.

Whereas an Act was passed in the 19th and 20th years of the Reign of Her present Majesty Queen Victoria, intituled 'An Act to make better pro-'visions for the Removal of Nuisances, Regulation of Lodging Houses, and 'the Health of Towns in Scotland;" and by the 22nd section of the said Act it is enacted, that whenever any part of the United Kingdom appears to be threatened with, or is affected by, any formidable epidemic, endemic, or contagious disease, the Lords and others of Her Majesty's Most Honourable Privy Council, or any three or more of them (the Lord President of the Council, or one of Her Majesty's Principal Secretaries of State being one), may, by Order or Orders by them from time to time made, direct that the provisions for the prevention of diseases contained in Part II. of the said recited Act, be put in force in Scotland, or in such parts thereof, or in

such places therein, as in such Order or Orders may be expressed, and may from time to time as to all or any of the parts or places to which any such Order or Orders extend, and in like manner revoke or renew any such Order, and subject to revocation and renewal as aforesaid, every such Order shall be in force for six calendar months, or for such shorter period as in such Order shall be expressed; and every such Order of Her Majesty's Privy Council, or any members thereof as aforesaid, shall be certified under the hand of the Clerk in ordinary of Her Majesty's Privy Council, and shall be published in the *Edinburgh Gazette*, and such publication shall be conclusive evidence of such order.

And whereas the United Kingdom appears to be threatened with a certain infectious disease, that is to say, the Asiatic Cholera, and whereas it is expedient to make provision thereanent:

Now, therefore, in exercise of the powers conferred upon them by the above recited section of the said recited Act, the Lords of the Council Do Order, and it is hereby ordered, That the provisions for the prevention of Diseases contained in Part II. of the Act 19 and 20 Vict., cap. 103, be put in force in Scotland for the space of six Calendar Months after the publication of this order in the *Edinburgh Gazette*.

No. 5.—Directions and Regulations Issued by the Board of Supervision, in terms of "The Nuisances Removal (Scotland) Act, 1856," to all the Local Authorities in Scotland having Jurisdiction in terms of "The Nuisances Removal (Scotland) Act, 1856."

Whereas by the Act 19 and 20 Vict. c. 103, Part II., for the prevention and mitigation of epidemic, endemic, and contagious diseases, and by the 22d section of the said Act it is enacted, 'That whenever any part of the 'United Kingdom appears to be threatened with, or is affected by, any 'formidable epidemic, endemic, or contagious disease, the Lords and others 'of Her Majesty's Most Honourable Privy Council, or any three or more of 'them (the Lord President of the Council, or one of Her Majesty's Principal 'Secretaries of State being one), may, by Order or Orders by them from time 'to time made, direct that the provisions for the prevention of diseases 'contained in Part II. of the said recited Act be put in force in Scotland, or 'in such Parts thereof, or in such Places therein, as in such Order or Orders 'may be expressed, and may from time to time, as to all or any of the 'Parts or Places to which any such Order or Orders extend, and in like 'manner, revoke or renew any such Order.'

And by an Order of Her Majesty's Most Honourable Privy Council, bearing date the 4th day of June 1866, it is ordered, that 'Whereas the 'United Kingdom appears to be threatened with a certain infectious Disease, 'that is to say, the Asiatic Cholera; and whereas it is expedient to make 'provision thereanent: now, therefore, in exercise of the powers conferred 'upon them by the above recited section of the said recited Act, the Lords 'of the Council Do Order, and it is hereby Ordered, that the provisons for 'the prevention of diseases, contained in Part II. of the Act 19 and 20 'Vict. c. 103, be put in force in Scotland for the space of Six Calendar 'Months after the publication of this Order in the *Edinburgh Gazette*.'

And whereas by the 24th section of the said Act it is further provided 'That when such an Order in Council has been issued, the Board of 'Supervision for the Relief of the Poor in Scotland may issue such Directions 'and Regulations as they shall think fit for the prevention, as far as possible,

'or mitigation of such epidemic, endemic, or contagious diseases, and from 'time to time may revoke, renew, and alter any such Directions and 'Regulations, and the same shall extend to all Parts or Places in which the 'Provisions of this Act for the Prevention of Disease shall for the time 'being be put in force under such Orders as aforesaid, unless such Directions 'and Regulations be expressly confined to some of such Parts or Places, and 'then to such Parts or Places as therein are specified ; and (subject to the 'power of Revocation and Alteration herein contained) such Directions and 'Regulations shall continue in force so long as the said Provisions of this 'Act shall under such Order be applicable to the same Parts or Places.'

Therefore, in exercise of the authority vested in us as aforesaid, we, the Board of Supervision for the Relief of the Poor in Scotland, do issue the Directions and Regulations hereinafter contained, to extend to all Places in Scotland, and to all parts and arms of the sea lying within the jurisdiction of the Admiralty, and adjacent to such places :—

I. The Local Authority shall forthwith take measures for the discovery and removal of all nuisances within the limits of their jurisdiction, in the manner provided by the said Nuisances Removal Act, and shall carry out such measures effectually and as speedily as may be.

II. The Local Authority shall take measures to disinfect and deodorize all places from which any nuisance has been removed, and to enforce or effect the cleansing and limewashing of the interior of all rooms, stairs, passages, or houses which may be deemed to require it.

III. The Local Authority shall exercise the powers conferred upon them by the 27th section of the said Act, to enter and inspect by themselves, or by officers or persons by them authorized in this behalf, any premises where they have ground for believing that necessity may exist for executing in relation to the premises any of these Directions and Regulations.

IV. The Local Authority shall exercise the powers with which they are invested by the 28th section of the said Act ; and on obtaining, through the Inspector of Nuisances, or the Medical Officer, or otherwise, sufficient evidence that any house or part of a house is so overcrowded as to be dangerous to health, shall regulate the same according to the provisions of the said Act in reference to common Lodging Houses.

And whereas by the 29th section of the said Act (19 and 20 Vict. c. 103), it is provided, that 'All Orders in Council for executing that Act 'shall extend to Parts and Arms of the Sea lying within the jurisdiction of 'the Admiralty, and adjacent to the Places to which such Orders relate ; 'and the Board may issue under the said Orders, Directions and Regulations 'for Cleansing, Purifying, Ventilating, and Disinfecting, and preventing 'Disease, in Ships and Vessels, as well upon Arms and Parts of the Sea 'aforesaid as upon Inland Waters."

V. Therefore we further direct and require the Local Authority having jurisdiction in any harbour, or creek, or place adjacent to any part or arm of the sea as aforesaid, or any inland water navigated by ships or vessels to take care,—

1. That in case of any vessel arriving in any port of the United Kingdom, having such disease on board, no person shall land from such vessel for the space of three clear days after her arrival, without the permission of the Local Authority.

2. The Local Authority shall forthwith cause all persons on board the said vessel to be examined by a physician or surgeon, and shall permit all such persons to land immediately who shall be certified by such physician or surgeon to be free from such disease.

3. All persons certified by such physician or surgeon to be affected with symptoms of such disease shall be removed, if their condition admits of it, to some hospital or place to be designated for such purpose by the Local Authority ; and no person so removed shall quit such hospital or place

until some physician or surgeon shall have certified that such person is free from the said disease.

4. In the event of any death from Cholera taking place on board of such vessel, the body shall be taken out to sea, and committed to the deep, properly loaded, to prevent its rising.

5. The clothing and bedding of all persons who shall have died, or had an attack, of Cholera on board such vessel during her voyage, either at any foreign port, or on shore at such port, on her passage to the United Kingdom, shall be disinfected, or (if necessary) destroyed, under the direction of an officer of the Customs.

6. That in order to enable the Local Authority to carry out promptly and suitably the 3d section of Regulation V. with relation to ships and vessels, measures shall at once be taken to secure and prepare a suitable room or house to which persons suffering from Cholera, if such cases should occur, can immediately be removed for care and treatment, and in which they will have suitable accomodation, and sickbed as well as medical attendance provided by the Local Authority.—Certified and signed by me,

To the Clerk to the Local Authority of ————

No. 6.—Memorandum on Disinfection prepared by direction of Her Majesty's Most Honourable Privy Council.

Privy Council Office—Memorandum on Disinfection.

N.B.—It is to cleanliness, ventilation, and drainage, and the use of perfectly pure drinking water; that populations ought mainly to look for safety against nuisance and infection. Artificial disinfectants cannot properly supply the place of those essentials; for, except in a small and peculiar class of cases, they are of temporary or imperfect usefulness. That no house-refuse—not only no excremental matter, but also no kitchen-waste, nor any other kind of dirt—should remain on or about inhabited premises, is a first rule against infection. That the air within the house should never in any part of the house be stagnant, but should always be in course

of renewal from without by uninterrupted and abundant supplies of fresh air, is a condition of equal importance. And that all water meant to be used for drinking or cooking should be drawn from sources which cannot have been polluted by any kind of refuse-matter, is a third most important rule for the avoidence of infection.

If dwelling-places have within them any odour of drainage, particular examination should be made (1) whether the filth which house-drains are meant to carry away is retained in or near the premises in ill-made drains, or sewers, or cesspools, or perhaps is leaking from house-drains within the house; and (2) whether the drains and sewers are sufficiently ventilated outside the house; and (3) whether, inside the house, the inlets of drains and sinks are properly trapped. All water-closets within houses should have openings for ventilation at or near the ceiling, not less than 12 inches long by 1 inch wide. Of a cesspool, the only true disinfection is to abolish it. In country places, where proper drainage is not provided, the nuisance of open privies may be best avoided by the use of the so-called earth-closet.

If a sewer is much complained of, as stinking into the public way, generally the presumption is that, from original ill construction, or some other cause, it does not properly fulfil its object, but has filth accumulated and stagnant in it; and such a sewer, besides occasioning nuisance in the public way, may be the source of serious danger to the inhabitants of houses which drain into it. It is most important that all such sewers should be well ventilated at points where their effluvia will be least injurious, and ordinary drain-pipes may be used to conduct the effluvia to a distance.

1. For artifical disinfection on a large scale, *the agents which most commonly prove useful* are—quick-lime, chloride of lime, sulphate of iron, perchloride of iron, and chloride of maganese. The following are also efficient disinfectants, but, as being dearer, are less suited for large operations —sulphate of zinc, chloride of zinc, chloride of soda, and permanganite of potash. In certain cases chlorine gas, or sulphurous acid gas, or nitrous acid gas, may advantageously be used; and, in certain other cases, powdered charcoal or fresh dry earth.

2. *Quick-lime* ought to have been recently burnt, and may be used either in the form of dry powder, or stirred up with about ten times its bulk of water, as milk of lime. *Chloride of lime* is best used with water, and thoroughly mixed with it, in the proportion of a pound to the gallon; or, of the solution, as sold in shops, about two pints may be mixed with a gallon of water. *Sulphate of iron* should be dissolved in ten times its weight of water; a solution, which is best effected by employing hot water and stirring. Of *perchloride of iron* and *chloride of manganese*, the common concentrated solutions may be used, diluted with ten or twelve times their bulk of water. *Sulphate of zinc* should be dissolved in about ten times its weight of warm water. Of *chloride of zinc*, the common concentrated solution may be diluted with eight or ten times its bulk of water.* Of *chloride of soda*, the common solution may be used like that of chloride of lime. Of *permanganate of potash* an ounce may be dissolved in a gallon of water.†

3. All disinfectants must be used in *quantities proportionate* to the amount of matter or surface to be disinfected. When the matters requiring to be disinfected have an offensive smell, the disinfectant should be used till this

---

* Or the preparations respectively known as Burnett's and Crewes's disinfectant solutions may be employed.

† Or Condy's disinfectant fluids, which contain manganic and permaganic salts, may be used.

smell has entirely ceased; and as often as the smell recurs, the disinfectant must again be used.

4. During the *emptying of privies and cesspools*, and whenever else they require to be deodorized, sulphate of iron is the most useful agent. Its solution, from a quart to a pailful at a time, may be poured into the privy till the smell ceases, and again as often as it recurs. Chloride of manganese, perchloride of iron, and chloride of zinc, may be used in the same way.

5. *Heaps of manure or of other filth*, if it be for the time impracticable or inexpedient to remove them, should be covered, to the depth of two or three inches, with a layer of freshly burnt vegetable charcoal in powder. Freshly burnt lime may be used in the same way, but is less effective than charcoal. If neither charcoal nor lime be at hand, the filth should be covered with a layer, some inches thick, of clean dry earth. For a *privy which has only solid contents*, the same sort of treatment is applicable. *Earth near dwellings*, if it has become offensive or foul by the soakage of decaying animal or vegetable matter, should be treated on the same plan.

6. If *running sewage*, about to be used in agriculture, require to be deodorized, the chloride of manganese or perchloride of iron may be best used;* but if the sewage is to pass into a river, or into any pond or canal where it might again become offensive, chloride of lime is to be preferred; and in this case a pound of good chloride of lime will generally suffice to disinfect 1000 gallons of the sewage. For foul ditches and other stagnant drainage, chloride of lime is also the proper disinfectant.

7. Where it is desirable to disinfect, before throwing away, the *evacuations from the bowels of persons suffering from certain diseases*, the disinfectant (which here may conveniently be two ounces of solution of chloride of zinc) should be put into the nightstool or bed-pan when about to be used by the patient, or should be added immediately after.

8. *Linen and Washing Apparel* requiring to be disenfected should, without delay, be set to soak in water containing per gallon about an ounce either of the common clear solution of chloride of lime, or of that of chloride of soda. Or the articles in question may be plunged at once into boiling water, and afterwards, when at wash, be actually boiled in the washing-water.

9. *Woollens, Bedding, or Clothing*, which cannot be washed, may be disinfected by exposure, for two or more hours, in chambers constructed for the purpose, to a temperature of F. 210°–250°. When this cannot be done, the natural disinfecting process of prolonged exposure to air, sun, and rain, ought to be had recourse to.

10. For the disinfection of *interiors of houses*, the ceilings and walls should be washed with warm quick-lime water. The wood-work should be cleansed with soap and water, and subsequently washed with water containing in each gallon about two ounces of the clear solution of either chloride of lime or chloride of soda.

11. *A room no longer occupied* may be disinfected by sulphurous acid gas, or chlorine gas, or nitrous acid gas. And for this purpose the gases may be produced in the room as follows:—*sulphurous acid gas*, by burning an ounce or two of flower of sulphur in a pipkin;—*chlorine gas*, by pouring over a quarter of a pound of finely powdered black oxide of manganese contained in a jar, half a pint of muriatic acid previously mixed with a quarter of a pint of water, or by pouring over a quarter of a pound of chloride of lime, contained in a jar, a quarter of a pint of muriatic or dilute sulphuric acid;—*nitrous acid gas*, by pouring over an ounce of copper

* In some such cases M'Dougall's process, as practised by him at Carlisle, may be applicable; and his powder may also be applicable to cases mentioned in § 4.

shavings or turnings, contained in a deep jar, three ounces of concentrated nitric acid. The process of disinfecting a room by any of these gases requires several hours; and, while it is going on, all doors, chimneys, and windows of the room must be kept carefully closed. Precautions to this effect should have been taken before the chemicals are mixed, as the person who starts the process (having to avoid the gases) must not afterwards loiter in the room. When the process is at an end, doors and windows should be fully opened.

12. *Ships* (except the class of cattle-ships, for which special treatment is required) may be disinfected on the same plan as houses. The process should be conducted as distantly as may be from the shore and from other vessels. All the compartments of the ship should first be fumigated with nitrous acid gas, and then all the accessible wood-work (in and out) be washed with a solution of chloride of soda. The bilges require particular attention, and before they are first pumped, some gallons of a solution of chloride of lime, or of perchloride of iron, should be poured into them, for the purpose of disinfecting the bilge water. All permanent shingle and small grained ballast should be replaced by fresh. The person who conducts the fumigation of a ship (especially where there is question of yellow fever) ought not at first to enter the hold, but merely to hang down the hatches, or otherwise place within the hold, the vessel which contains his chemical mixture.

Col. V. Two of these stood over from previous year.

P. Orkney and Shetland (Lerwick Dist.)

Q. Perth (Perth Dist.)

In addition to the written, at least fifty verbal, applications have been made to the Sheriff-Substitute, and disposed of, by satisfying the parties that they had no claim, or getting Inspectors to admit them without any litigation; and as many came (often from great distances) with complaints of inadequate relief, which, unfortunately, they suppose the Sheriff has power to remedy.

R. Perth (Dunblane Dist.)

Col. I. One withdrawn by applicant.

S. Renfrew (Paisley Dist.)

Col. I. No record kept.
Cols. XIII. and XIV. These actions are generally raised in the Small Debt Court, the Record Book of which does not contain any particulars regarding these queries.
